## Independent Auditor's Report

To the Honorable Board of Directors Puente Hills Habitat Preservation Authority Whittier, California

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the Puente Hills Habitat Preservation Authority (the "Authority") as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority, as of June 30, 2017, and the respective changes in financial position and cash flows for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

### Change in Accounting Principle

As discussed in Note 1 to the basic financial statements, effective July 1, 2016, the Authority adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans,* Statement No. 77, *Tax Abatement Disclosures,* Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans,* Statement No. 80, *Blending Requirements for Certain Component Units-an amendment of GASB Statement No. 14,* and Statement No. 82, *Pension Issues-an amendment of GASB Statements No. 67, No. 68, and No. 73.* Our opinion is not modified with respect to these matters.

## **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 and 4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information provide any assurance.

#### Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 12, 2018 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

### PUENTE HILLS HABITAT PRESERVATION AUTHORITY Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended June 30, 2017

Management's discussion and analysis (MD&A) of the Puente Hills Habitat Preservation Authority (the Authority) provides a narrative overview of the Authority's financial activities for the fiscal year ended June 30, 2017. Please read it in conjunction with the accompanying financial statements, footnotes, and supplementary information.

## Financial Highlights

- During the current fiscal year, the Authority's net position decreased by \$1.94 million to \$73.20 million.
- The Authority has investments of \$30.74 million in various government securities that have interest rates ranging from 2.70% to 3.13%.
- Operating revenues decreased by \$5.85 million to \$1.16 million while operating expenses increased by \$1.10 million to \$2.40 million.

## **Overview of Financial Statements**

This MD&A serves as an introduction to the Authority's basic financial statements. The basic financial statements include four components: 1) Statement of Net Position; 2) Statement of Revenues, Expenses and Changes in Net Position; 3) Statement of Cash Flows; and 4) Notes to the Basic Financial Statements.

- The Statement of Net Position presents all of the Authority's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator to determine whether the financial position of the Authority is improving or deteriorating.
- The Statement of Revenues, Expenses, and Changes in Net Position presents information showing how the Authority's net position changed during the fiscal year. All changes in net position (revenues and expenses) are reported when the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Accordingly, revenues and expenses are reported in this statement for items that will result in cash flows in future fiscal periods (e.g., accrued but unpaid contract and professional service fees).
- The Statement of Cash Flows presents information regarding the Authority's use of cash during the fiscal year and is an indicator of whether or not sufficient cash flow is being generated during the fiscal year to meet the operating needs of the Authority.
- The notes provide additional information that is essential for a full understanding of the data provided in the financial statements.

## Financial Statement Analysis

Operating revenues decreased this year from \$7.01 million as of June 30, 2016, to \$1.16 million as of June 30, 2017. The decrease was due to a decrease in revenue received from Southern California Edison (SCE) to be used by the Authority to perform site mitigation on property owned by the Authority. The only other source of revenue is from interest on the Authority's specific portfolio investments, ranger tickets, oil rights revenue, and donations. Operating expenses consist primarily of contract and professional service fees, salaries and benefits, administrative expenses, and the depreciation on capital assets. They increased by \$1.10 million from the previous year.

#### PUENTE HILLS HABITAT PRESERVATION AUTHORITY Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended June 30, 2017 (Continued)

As of June 30, 2017, the Authority's Net Position was \$73.20 million compared to \$75.13 million as of June 30, 2016, a decrease of 2.58%. Net Investments in Capital Assets accounted for \$34.68 million of the total Net Position. Liabilities as of June 30, 2017 were \$0.29 million compared to \$0.44 million as of June 30, 2016.

## Capital Assets

As of June 30, 2017, the Authority's capital assets consisted of \$34.65 million in land, \$428,000 in buildings, and accumulated depreciation of \$403,000. During the fiscal year ended June 30, 2017, the Authority acquired land valued at \$23,431.

## Debt Administration

As of June 30, 2017, the Authority had no outstanding debt.

## Economic Factors

Future economic constraints include expected cost increases over time due to managing facilities and trails to meet quality standards. Also, pension costs are anticipated to increase due to the overall economic effect on investment returns. The Authority continues to seek additional revenue streams such as environmental mitigation fees from regional projects and grants. In the next fiscal year, a new habitat mitigation agreement is expected to be executed. In the next fiscal year, the Authority will close out and receive final reimbursements from three grants; two grants are from the Regional Parks and Open Space District of Los Angeles County and the other is from CalFire. In addition, in fiscal year 18-19, the Authority plans to apply for a new and ongoing maintenance and operating revenue source from the Regional Parks and Open Space District through the voter approved Measure A.

## **Contacting the District's Financial Management**

This financial report is designed to provide our citizens and other interested parties with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the County of Los Angeles, Department of Auditor-Controller, 500 West Temple Street Room 525, Los Angeles, CA 90012.

NOTES TO THE BASIC FINANCIAL STATEMENTS

### NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Organization

The Puente Hills Habitat Preservation Authority (Authority) was formed on February 15, 1994, as a joint powers authority by the County of Los Angeles, certain County Sanitation Districts, and the City of Whittier. The Authority was established for the purpose of acquiring, restoring, and/or maintaining additional open space lands in the La Puente/Whittier Hills area in order to create or preserve native habitat areas. In addition, it serves to mitigate impact on oak tree resources and natural open space resulting from the operation of the Puente Hills Landfill and to provide for the eventual transfer or dedication of such native habitat areas and maintenance of funds to an appropriate agency. The term of the Authority will continue indefinitely unless cancelled by the County of Los Angeles, certain County Sanitation Districts, and the City of Whittier.

The Authority is governed by a Board of Directors composed of four appointed directors: one by the Board of Directors of the Sanitation Districts, one by the County of Los Angeles, one by the supervisor representing the Fourth Supervisorial District which geographically includes the Puente Hills Landfill, and one by the City of Whittier. The Authority is legally separate and fiscally independent from each of the member entities. This means it can incur debt, set and modify its own budget and fees, enter into contracts, and sue and be sued in its own name.

The accompanying financial statements reflect the financial activities of the Authority. The Authority has no component units.

#### B. Significant Accounting Policies

The Authority's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

#### Basis of Accounting and Measurement Focus

The Authority is accounted for as an enterprise fund (proprietary fund type). A fund is an accounting entity with a self-balancing set of accounts established to record the financial position and results of operations of a specific governmental activity. The activities of enterprise funds closely resemble those of ongoing businesses in which the purpose is to conserve and add to basic resources while meeting operating expenses from current revenues. Enterprise funds account for operations that provide services on a continuous basis and are substantially financed by revenues derived from user charges. The Authority utilizes the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the liability is incurred.

# NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### B. Significant Accounting Policies (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. The principal operating revenues of the Authority are donations and site mitigation fees. Operating expenses include administrative expenses and contract and professional service fees. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

The Authority's financial statements are presented in accordance with the provisions of GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* and GASB Statement No. 63 – *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.* Statement No. 34 established standards for external financial reporting for all state and local governmental entities and Statement No. 63 established standards for reporting deferred outflows of resources, deferred inflow of resources, and net position in a statement of financial position. The net position is required to classify into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

<u>Net investment in capital assets</u> – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and is reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

<u>Restricted net position</u> – This component of net position represents restricted assets net of liabilities that relate to those specific restricted assets. A restricted asset is an asset for which constraints have been placed on the asset's use by creditors, contributors, laws, or regulations of other governments, or as a governing body at the time a particular fee, charge, levy, or assessment was approved. These restrictions must be narrower than the general purposes for which the reporting government can use its resources.

# NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## B. Significant Accounting Policies (Continued)

<u>Unrestricted net position</u> – This component of net position consists of net position that do not meet the definition of "restricted" or "net investment in capital assets."

## C. New Accounting Pronouncements

The following GASB Statements have been implemented in the current basic financial statements.

- GASB 74 Financial Reporting for Requires that notes to the financial statements of Postemployment Benefit all defined benefit OPEB plans that are Plans Öther administered through trusts that meet the specified Than Pension Plans criteria include descriptive information, such as the types of OPEB provided, the classes of plan members covered, and the composition of the OPEB plan's board. All defined benefit OPEB plans also required to present in required are supplementary information a schedule covering each of the 10 most recent fiscal years that includes the annual money-weighted rate of return on OPEB plan investments for each year. This statement did not have an impact on the Authority's financial statements.
- GASB 77 Tax Abatement Disclosures Requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues. This statement did not have an impact on the Authority's financial statements.

# NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. New Accounting Pronouncements (continued)

- GASB 78 Pensions Provided Amends the scope and applicability of GASB 68 to exclude pensions provided to employees of state or through Certain Multiplelocal governmental employers through a cost-**Employer Defined Benefit Pension Plans** sharing multiple-employer defined benefit pension plan that (1) is not a state or local governmental pension plan, (2) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (3) has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). This statement did not have an impact on the Authority's financial statements.
- GASB 80 Blending Requirements for Certain Component Units-an amendment of GASB Statement No. 14 Amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. This statement did not have an impact on the Authority's financial statements.
- GASB 82 Pension Issues-an amendment of GASB Statements No. 67, No. 68, and No. 73 Amends Statements 67 and 68 to require the presentation of covered payroll, defined as the payroll on which contributions to a pension plan are based, and ratios that use that measure. This statement did not have an impact on the Authority's financial statements.

#### D. Revenue Recognition

Revenue is recognized on the accrual basis of accounting and donation revenue is recognized according to the conditions of the promise.

# NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## E. Land

Acquisition of land and buildings and improvements are recorded at cost or, if donated, at fair value at date of donation. Land basically consists of open space acquired in accordance with the joint powers agreement that created the Authority. Buildings and improvements consist of houses and improvements that were located on the land at the time of purchase or donation. When land and buildings and improvements are sold or otherwise disposed of, related costs are removed from the accounts and any gain or loss is reported in the statement of revenues, expenses, and changes in net position.

### F. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## G. Cash and Cash Equivalents

For the purposes of the statement of cash flows, cash represents balances that can be readily withdrawn without substantial notice or penalty. Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash or so near their maturity that they present insignificant risk of changes in value because of changes in interest rates, and have an original maturity date of three months or less.

## NOTE 2 CASH ON DEPOSIT WITH COUNTY TREASURER

In accordance with the Joint Powers Authority agreement and Government Code, cash balances of the Authority are deposited with and pooled and invested by the Los Angeles County Treasurer and Tax Collector (Treasurer) for the purpose of increasing interest earnings through investment activities. Interest earned on pooled investments is deposited to participating funds based upon each fund's average daily balance during the allocation period.

### NOTE 2 CASH ON DEPOSIT WITH COUNTY TREASURER (Continued)

Statutes authorize the County of Los Angeles to invest pooled investments in obligations of the United States Treasury, federal agencies, State and local agencies, municipalities, asset-backed securities, bankers' acceptances, commercial paper rated A-1 by Standard & Poor's Global Rating Services or P-1 by Moody's Investors Service, and F-1 by Fitch, negotiable certificates of deposit, medium-term notes, corporate notes, repurchase agreements, reverse repurchase agreements, time deposits, shares of beneficial interest of a Joint Powers Authority that invests in authorized securities, shares of beneficial interest issued by diversified management companies known as money market mutual funds registered with the Securities and Exchange Commission, the State of California's Local Agency Investment Fund, interest rate swaps, and supranational institutions.

#### Disclosures Relating to Interest Rate Risk

Cash and investments as of June 30, 2017 are classified in the accompanying financial statements as follows:

Statement of Net Position:							
Cash and investments	\$	38,059,686					
Total cash and investments	\$	38,059,686					
Cash and investments as of June 30, 2017 consist of the following:							

Cash and investments with County Treasurer	\$ 7,057,353
Restricted cash on deposit with County Treasurer	263,179
Investments	 30,739,154
Total cash and investments	\$ 38.059.686

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the Authority manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

## NOTE 2 CASH ON DEPOSIT WITH COUNTY TREASURER (Continued)

Information about the sensitivity of the fair value of the Authority's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the Authority's investments by maturity:

		Remaining Maturity (in Months)							
	<b>Fair)</b> (alua	12 Months	13 - 24	More than 60					
Investment Type	Fair Value	or Less	Months	Months					
Cash and Investments with County Treasurer Federal Agency Securities	\$ 7,320,532 30,739,154	\$ 7,320,532	\$-	\$- 30,739,154					
Tederal Agency Securities	50,753,154			30,733,134					
Total	\$ 38,059,686	\$ 7,320,532	<u>\$ -</u>	\$ 30,739,154					

## **Disclosures Relating to Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code or the Authority's investment policy, and the actual rating as of fiscal year end for each investment type (Standard & Poor's).

		Legal	Ratings as of Year End							
Investment Type	 Fair Value	Rating	ating AAA AA+ AA, AA-, A+, A		AAA AA+		A-, A+, A-		Not Rated	
Cash and Investments in County Treasurer Federal Agency Securities	\$ 7,320,532 30,739,154	N / A N / A	\$	-	\$	- 30,739,154	\$	-	\$	7,320,532
Total	\$ 38,059,686		\$	-	\$	30,739,154	\$	-	\$	7,320,532

## Concentration of Credit Risk

The investment policy of the Authority contains limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments (other than external investment pools) in any one issuer that represent 5% or more of total Authority's investments are as follows:

Issuer	Investment Type	Rep	orted Amount	Maturity	Interest Rate
Federal National Mortgage Association Federal Home Loan Bank	Federal Agency Securities Federal Agency Securities	\$	3,976,000 21,200,000	2036 2036-2041	2.75% 2.82%-3.125%
Federal Farm Credit Bank	Federal Agency Securities		7,000,000	2031-2036	2.7%-3%

## NOTE 2 CASH ON DEPOSIT WITH COUNTY TREASURER (Continued)

Investments are stated at fair value and are valued on a monthly basis. The Treasurer categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Securities classified in Level 2 of the fair value hierarchy are valued using other observable inputs such as matrix pricing techniques or based on quoted prices for assets in markets that are not active. Matrix pricing is used to value securities based on securities' relationship to benchmark quoted prices. Level 3 inputs are significant unobservable inputs. Securities classified in Level 3 are valued using the income approach such as discounted cash flow techniques. Investments in an external government investment pool are not subject to reporting within the level hierarchy.

See the County of Los Angeles' Comprehensive Annual Financial Report for disclosures related to cash and investments and the related interest rate risk, credit rate risk, custodial risk, and concentration risk.

Funds deposited in the Los Angeles County Treasury Pool amounted to \$7,320,532 as of June 30, 2017; however, this external pool is not measured under Level 1, 2, or 3. This represents less than 0.02% of the total Treasury Pool.

#### Fair Value Measurements

The Authority categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy as follows:

- Level 1: Investments reflect prices quoted in active markets;
- Level 2: Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered active; and
- Level 3: Investments reflect prices based on unobservable sources.

The Authority has the following recurring fair value measurements as of June 30, 2017:

				Fair Value Measurement Using									
				Quoted Prices in		Significant							
				Active Markets for	Significant Other		Unobservable						
	Identical Assets Observable I					Observable Inputs		Inputs					
Investments by Fair Value		Total		(Level 1)		(Level 2)		(Level 3)					
Federal Agency Securities	\$	30,739,154	\$	-	\$	30,739,154	\$	-					
Total investments measured at fair value	\$	30,739,154	\$	-	\$	30,739,154	\$	-					

The investment activity of the Authority with the Los Angeles County Treasurer occurs separately from the County's investment pool and is reported as a Specific Purpose Investment on behalf of the Authority.

## NOTE 3 NET POSITION

Net position at June 30, 2017 consisted of the following:

Net Investment in Capital Assets	\$ 34,678,424	
Restricted Net Position	263,179 *	
Unrestricted Net Position	38,254,936	
Total Net Position	\$ 73,196,539	

\*Under the purchase agreement for the Brearley/Malkenhorst/Turnbull Property, the Authority agreed to pledge \$263,179 of the funds on deposit with the County Treasurer as security for obligations, including street improvements that would need to be made in the event that the property ceases to be used for open space, habitat restoration, or other biological preservation activities consistent with open space management, and passive recreational use.

## NOTE 4 CAPITAL ASSETS

For the fiscal year ended June 30, 2017, there were no disposals or donations of capital assets. Capital asset activity for the fiscal year ended June 30, 2017 is as follows:

	Balance at June 30, 2016	Additions		Additions		Transfer		dditions Transfer		 or Period ljustment	-	Balance at ine 30, 2017
Capital Assets, Non-depreciable:												
Land (Acquired by the Authority)	\$ 34,108,887	\$	23,431	\$	-	\$ -	\$	34,132,318

### NOTE 5 COMMITMENTS AND CONTINGENCIES

The Authority leases its office space from the City of Whittier. In September 2012, the Authority signed a lease renewal for the office space in the City of Whittier. This lease renewal agreement is effective from September 1, 2012 through August 31, 2017. Rent expense for the fiscal year June 30, 2017 amounted to \$7,590. The Authority personnel are employees of the City of Whittier. Their CalPERS benefits and related pension liabilities are disclosed in the City of Whittier's financial statements. The rent commitment through August 31, 2017 is \$1,897.

#### NOTE 6 CONTINGENT LIABILITIES

Claims and suits have been filed against the Authority in the normal course of business. The outcome of these matters is not presently determinable. However, in the opinion of management, the resolution of these matters is not expected to have a significant impact on the financial condition of the Authority.

### NOTE 7 PRIOR PERIOD ADJUSTMENT

A prior period adjustment of (\$74,387) was made on the Statement of Revenues, Expenses, and Changes in Net Position due to an overstatement of capital assets in the prior fiscal year. Costs related to the construction in progress at the Hellman Park Trailhead Improvement Fence should not have been capitalized.
