## Independent Auditor's Report

To the Honorable Board of Directors  
San Fernando Valley Council of Governments  
Van Nuys, California

### Report on the Financial Statements

We have audited the accompanying financial statements of the San Fernando Valley Council of Governments (the Authority), as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2021, and the changes in financial position and cash flows for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 and 4, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 2, 2022, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**SAN FERNANDO VALLEY COUNCIL OF GOVERNMENTS  
JOINT POWERS AUTHORITY  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021**

Management's discussion and analysis of the San Fernando Valley Council of Governments Joint Powers Authority (the Authority) provides a narrative overview of the Authority's financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the accompanying financial statements, footnotes, and supplementary information.

**Financial Highlights**

- During the current fiscal year, the Authority's net position increased by \$13,643 to \$210,429.
- Operating revenues decreased by \$3,613 to \$150,456 while operating expenses increased by \$6,082 to \$138,015.
- The Authority has no short- or long-term debt.

**Overview of Financial Statements**

This MD&A serves as an introduction to the Authority's basic financial statements. The basic financial statements include four components: 1) Statement of Net Position; 2) Statement of Revenues, Expenses, and Changes in Net Position; 3) Statement of Cash Flows; and 4) Notes to the Financial Statements.

- The Statement of Net Position presents all of the Authority's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator to determine whether the financial position of the Authority is improving or deteriorating.
- The Statement of Revenues, Expenses, and Changes in Net Position presents information showing how the Authority's net position changed during the fiscal year. All changes in net position (revenues and expenses) are reported when the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Accordingly, revenues and expenses are reported in this statement for items that will result in cash flows in future fiscal periods (e.g. accrued but unpaid contract and professional service fees).
- The Statement of Cash Flows presents information regarding the Authority's use of cash during the fiscal year and is an indicator of whether or not sufficient cash flow is being generated during the fiscal year to meet the operating needs of the Authority.
- The notes provide additional information that is essential for a full understanding of the data provided in the financial statements.

**SAN FERNANDO VALLEY COUNCIL OF GOVERNMENTS  
JOINT POWERS AUTHORITY  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021**

**Financial Statement Analysis**

The operating revenues consist of member dues from the participating agencies, local grants and donations. Operating revenues totaled \$150,456 for the fiscal year ended June 30, 2021 and decreased \$3,613 from the prior fiscal year due to decreases in local grants and donations received. Operating expenses consist primarily of contract and professional service fees and supplies. They totaled \$138,015 for the fiscal year ended June 30, 2021, an increase of \$6,082 from the prior fiscal year due to both expenses increased.

As of June 30, 2021, the Authority had total assets of \$265,759, an increase of \$33,589 from the prior fiscal year. The increase was a result of an increase in cash. Total liabilities as of June 30, 2021 were \$55,330 compared to \$35,384 as of June 30, 2020. Liabilities consisted of accounts payable.

**Capital Assets**

As of June 30, 2021, the Authority did not have any capital assets.

**Debt Administration**

As of June 30, 2021, the Authority had no outstanding debt.

**Economic Factors**

The Authority was established to allow the members to engage in cooperative local and regional planning and the coordination of government services and responsibilities to assist the members in the conduct of their affairs; to conduct studies and projects designed to improve and coordinate the common governmental responsibilities and services on a Valley area and regional basis; and to coordinate implementation programming. The Authority's board continues to pursue additional funding opportunities.

**Contacting the Authority's Financial Management**

This financial report is designed to provide our citizens and other interested parties with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the County of Los Angeles, Department of Auditor-Controller, 500 West Temple Street Room 525, Los Angeles, CA 90012.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**SAN FERNANDO VALLEY COUNCIL OF GOVERNMENTS**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**June 30, 2021**

**NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Organization**

The San Fernando Valley Council of Governments (the Authority) was formed on May 25, 2010, as a joint powers authority by the County of Los Angeles, the City of Los Angeles, the City of Santa Clarita, the City of San Fernando, the City of Glendale, and the City of Burbank. The Authority was established for the purpose of allowing the members to engage in cooperative local and regional planning and coordination of government services and responsibilities to assist the members in the conduct of studies and projects designed to improve the San Fernando Valley region.

The Authority is governed by a Board of Directors composed of thirteen appointed directors: two from the Board of Supervisors of the County of Los Angeles supervisorial districts that are entirely or partially located in the San Fernando Valley, seven from the City of Los Angeles council districts that are located partially or entirely in the San Fernando Valley, one from the City of Santa Clarita, one from the City of San Fernando, one from the City of Glendale, and one from the City of Burbank. The Authority is legally separate and fiscally independent from each of the member entities. This means it can incur debt, set, and modify its own budget and fees, enter into contracts, and sue and be sued in its own name. The County of Los Angeles and the City of Los Angeles each pay annual dues of \$35,000. The other cities each pay \$12,500. The Authority has no employees and has contracted for Executive Director services.

The Auditor-Controller and the Treasurer and Tax Collector of the Los Angeles County serve as the Auditor-Controller and Treasurer of the Authority and are responsible for the accountability of all funds and for reporting all receipts and disbursements of the Authority.

The accompanying basic financial statements reflect the financial activities of the Authority. The Authority has no component units.

**B. Significant Accounting Policies**

The Authority's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Basis of Accounting and Measurement Focus

The Authority is accounted for as an enterprise fund (proprietary fund type). A fund is an accounting entity with a self-balancing set of accounts established to record the financial position and results of operations of a specific governmental activity. The activities of enterprise funds closely resemble those of ongoing businesses in which the purpose is to conserve and add to basic resources while meeting operating expenses from current revenues. Enterprise funds account for operations that provide services on a continuous basis and are substantially financed by revenues derived from user charges. The Authority utilizes the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the liability is incurred.

**SAN FERNANDO VALLEY COUNCIL OF GOVERNMENTS**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**June 30, 2021**

**NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(Continued)**

**B. Significant Accounting Policies (Continued)**

Proprietary funds distinguish operating revenues and expenses from nonoperating items. The principal operating revenue of the Authority is the annual dues received from the members. Operating expenses include the cost of executive services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The Authority's financial statements are presented in accordance with the provisions of GASB No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* and GASB Statement No. 63 – *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. GASB No. 34 established standards for external financial reporting for all state and local governmental entities and GASB No. 63 established standards for reporting deferred outflows of resources, deferred inflow of resources, and net position in a statement of financial position. The net position is required to be classified into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

*Net investment in capital assets* – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and is reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at fiscal year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds. As of June 30, 2021, the Authority had no capital assets or debt obligations.

*Restricted net position* – This component of net position represents restricted assets net of liabilities that relate to those specific restricted assets. A restricted asset is an asset for which constraints have been placed on the asset's use by creditors, contributors, laws, or regulations of other governments, or as a consequence of a restriction established by the reporting government's own governing body at the time a particular fee, charge, levy, or assessment was approved. These restrictions must be narrower than the general purposes for which the reporting government can use its resources. As of June 30, 2021, the Authority had no restricted net position.

*Unrestricted net position* – This component of net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets." As of June 30, 2021, the Authority had a balance of \$210,429 of unrestricted net position.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

**SAN FERNANDO VALLEY COUNCIL OF GOVERNMENTS**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**June 30, 2021**

**NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(Continued)**

**C. Revenue Recognition**

The Authority's major source of revenue is the annual dues from the members. Per the Joint Powers Agreement, the County of Los Angeles and the City of Los Angeles each pay \$35,000 in annual dues. The other cities each pay \$12,500 annually for participation in the Authority.

**D. Capital Assets**

Capital assets, which include land, buildings, and improvements, are reported in the statement of net position. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

As of June 30, 2021, there were no capital assets reported for the Authority.

**E. Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**F. Cash and Cash Equivalents**

For the purposes of the statement of cash flows, cash represents balances that can be readily withdrawn without substantial notice or penalty. Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash or so near their maturity that they present insignificant risk of changes in value because of changes in interest rates and have an original maturity date of three months or less.

**G. Los Angeles County Homeless Grant Receivable**

Los Angeles County (the County) has approved Measure H funding to be provided to the Authority to provide regional coordination services for better homelessness services coordination between the County, the Authority, San Fernando Valley Cities, Regional Homeless Service Providers, and Faith Organizations. The regional coordination will also support the implementation and support of the County's strategies and programs to combat homelessness with the San Fernando Valley region. The Authority had receivables from the County of \$21,997 as of June 30, 2021.

**SAN FERNANDO VALLEY COUNCIL OF GOVERNMENTS**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**June 30, 2021**

**NOTE 2 RELATED PARTY TRANSACTIONS**

The County of Los Angeles maintains the books and records of the Authority, including the investment with the County Treasurer and Tax Collector.

**NOTE 3 CASH ON DEPOSIT WITH COUNTY TREASURER**

In accordance with the Joint Powers agreement and Government Code, cash balances of the Authority are deposited with and pooled and invested by the Los Angeles County Treasurer and Tax Collector for the purpose of increasing interest earnings through investment activities. Interest earned on pooled investments is deposited to participating funds based upon each fund's average daily balance during the allocation period.

California Government Code Sections 53601 and 53635 authorize the Treasurer to invest the External Investment Pool (Pool) and SPI funds in obligations of the United States Treasury, federal agencies, municipalities, asset-backed securities, bankers' acceptances, commercial paper, negotiable certificates of deposit, medium-term notes, corporate notes, repurchase agreements, reverse repurchase agreements, forwards, futures, options, shares of beneficial interest of a Joint Powers Authority (JPA) that invests in authorized securities, shares of beneficial interest issued by diversified management companies known as money market mutual funds (MMF) registered with the Securities and Exchange Commission (SEC), securities lending agreements, the State of California's Local Agency Investment Fund (LAIF), and supranational institutions. California Government Code Section 53534 authorizes the Treasurer to enter into interest rate swap agreements. However, these agreements should only be used in conjunction with the sale of the bonds approved by the Board. As permitted by the California Government Code, the Treasurer developed, and the Board adopted, an Investment Policy that further defines and restricts the limits within which the Treasurer may invest. The investments are managed by the Treasurer, which reports investment activity to the Board on a monthly basis. In addition, the Treasurer's investment activity is subject to an annual investment policy review, compliance oversight, quarterly financial review, and annual financial reporting. The Treasurer also maintains Other Specific Investments, which are invested pursuant to Section 1300.76.1, Title 28, California Code of Regulations. The County has not provided nor obtained any legally binding guarantees during the fiscal year ended June 30, 2021, to support the value of shares in the Pool.

Investments are stated at fair value and are valued on a monthly basis. The Treasurer categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Securities classified in Level 2 of the fair value hierarchy are valued using other observable inputs such as matrix pricing techniques or based on quoted prices for assets in markets that are not active. Matrix Pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Level 3 inputs are significant unobservable inputs. Securities classified in Level 3 are valued using the income approach such as discounted cash flow techniques. Investment in an external government investment pool is not subject to reporting within the level hierarchy.

**SAN FERNANDO VALLEY COUNCIL OF GOVERNMENTS**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**June 30, 2021**

**NOTE 3 CASH ON DEPOSIT WITH COUNTY TREASURER (Continued)**

See the County of Los Angeles' Annual Comprehensive Financial Report for disclosures related to cash and investments and the related interest rate risk, credit rate risk, custodial risk, and concentration risk.

Funds deposited in the Los Angeles County Treasury Pool amounted to \$242,883 as of June 30, 2021. This represents less than 0.01% of the total balance of the Los Angeles County Treasury Pool.

**NOTE 4 NET POSITION**

Net position at June 30, 2021 consisted of the following:

Unrestricted Net Position	\$ 210,429
Total Net Position	\$ 210,429

**NOTE 5 CONTINGENT LIABILITIES**

The Authority has represented there is no pending or threatened litigation.

To the Honorable Board of Directors  
San Fernando Valley Council of Governments  
Van Nuys, California

We have audited the financial statements of the San Fernando Valley Council of Governments (“the Authority”) for the fiscal year ended June 30, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit as described in work order 8-86C. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Authority are described in Note 1 to the basic financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the fiscal year. We noted no transactions entered into by the Authority during the fiscal year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the Authority’s financial statement was:

Management’s estimate of the Homeless Grant receivable is based on past experience and grant reimbursement requests submitted to Los Angeles County. We evaluated the key factors and assumptions used to develop the Homeless Grant receivable in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

*Difficulties Encountered in Performing the Audit*

We encountered no difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatement detected as a result of audit procedures was corrected by management:

Debit Homeless Grant Receivable \$21,997  
Credit Local Grant Revenue \$21,997

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated May 2, 2022.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Authority's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Authority's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### Other Matters

We applied certain limited procedures to management's discussion and analysis, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

### Restriction on Use

This information is intended solely for the use of management, the members of and management of the Authority and is not intended to be, and should not be, used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Board of Directors  
San Fernando Valley Council of Governments  
Van Nuys, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the San Fernando Valley Council of Governments (the "Authority"), as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated May 2, 2022.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
