December 8, 2023

The Honorable Members of the Board of Supervisors and  
Citizens of County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, California 90012

Members of the Board and Citizens of County of Los Angeles:

In accordance with Section 25253 of the Government Code of California, I hereby submit the Annual Comprehensive Financial Report (ACFR) of the County of Los Angeles for the year ended June 30, 2023. The report contains financial statements that have been prepared in accordance with generally accepted accounting principles (GAAP) prescribed for governmental entities and provides a comprehensive overview of the County's financial operations and financial position. The accuracy, completeness and fairness of the presentation of all information in this report are the responsibility of the County.

The Independent Auditor's Report is presented at the front of the financial section of this report. Management's Discussion and Analysis (MD&A), immediately follows the Independent Auditor's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The report includes financial data for all County funds. Additionally, the following entities are considered part of the County for purposes of meeting the reporting entity requirements prescribed by the Governmental Accounting Standards Board:

Fire Protection District	Waterworks Districts
Flood Control District	Los Angeles County Capital Asset Leasing Corporation
Garbage Disposal Districts	Various Joint Powers Authorities
Improvement Districts	Los Angeles County Employees Retirement Association
Regional Park and Open Space District	Los Angeles County Securitization Corporation
Sewer Maintenance Districts	Los Angeles County Facilities, Inc.
Street Lighting Districts	Los Angeles County Development Authority
	First 5 LA

These entities are component units of the County and are included in the County's basic financial statements because the County Board of Supervisors is financially accountable for them. All component units are blended into the basic financial statements, except for the Los Angeles County Employees Retirement Association, which is reported as a fiduciary component unit, and the Los Angeles County Development Authority and First 5 LA, which are discretely presented. Note 1 to the basic financial statements contains additional information regarding the relationship between the County and these entities.

Other local governmental entities provide public or specialized services to the residents of the County, including over eighty cities, one hundred school districts, and numerous special districts. The operations of these entities are not included in the County's reporting entity since each entity is responsible for conducting its own day-to-day operations and is compelled to answer to its own separately elected governing board. Significant entities that do not meet the criteria for inclusion in this report include the Los Angeles County Office of Education, Los Angeles Unified School District, and Los Angeles County Sanitation Districts. Also, the Los Angeles County Superior Court is not included due to legislation (AB 233) which transferred oversight responsibilities for Court operations to the State in 1997-98. However, AB 233 requires the County to continue to fund certain Court-related expenditures, and the County continues to receive certain Court collections. Accordingly, the County's financial statements include various Court-related financial transactions.

## LOS ANGELES COUNTY AND ITS SERVICES

Los Angeles County was established by an act of the State Legislature on February 18, 1850, as one of California's original 27 counties. Located in the southern portion of the State, the County covers 4,083 square miles. With a population of over 9.8 million, its population is the largest of any county in the nation.

Los Angeles County was a general law county until 1913 when it became a charter county, as a result of local election. The County is governed by a five-member Board of Supervisors (Board), each of whom is elected by residents from their respective supervisorial district to serve a four-year term, with the potential to serve two additional four-year terms if re-elected by voters. The other elected officials of the County are the Assessor, District Attorney, and Sheriff. On March 5, 2002, County voters approved two charter amendments that introduced mandatory term limits for the elected officials of the County. As a result, each Supervisor is now limited to serving a maximum of three consecutive terms commencing as of December 2002.

On July 7, 2015, the Board approved a new governance structure, pursuant to which all non-elected department heads report directly to the Board. County departments continue to report to the Chief Executive Officer (CEO) for day-to-day operations, and for administrative and budget matters. The CEO continues to function as the Board's agent to manage Countywide policy objectives and departmental performance management. The governance structure is designed to streamline the County governance by improving communications with County departments and facilitating more effective decision making in response to the Board's policy objectives.

There are over one million residents in the unincorporated areas of the County. These residents receive all municipal services from the County, including law enforcement, fire protection, land use and zoning, building and business permits, local road building and maintenance, animal care

and control, and public libraries. In addition, the County provides a wide range of services to all County residents.

The County also provides municipal services to many incorporated cities within its boundaries under the Contract Services Plan (Plan). Established in 1954, the Plan allows cities to provide municipal services without incurring the cost of creating numerous city departments and facilities by having the County provide, at cost, any or all municipal services within a city at the same level as provided in unincorporated areas, or at any higher level the city may choose. Although the Plan was developed to assist new cities, the great majority of the cities in the County now contract for one or more services.

The County's principal functions include seven major areas as required under the County's charter, County ordinances, or by State or federal mandate: general government, public protection, public ways and facilities, health and sanitation, public assistance, education and recreation, and cultural services. The State and federal governments mandate certain minimum levels of services in the public assistance and health areas.

#### ECONOMIC OVERVIEW

With a Gross Domestic Product of \$886 billion in 2022, Los Angeles County's economy is larger than that of 45 states and all but 19 countries. The County serves as the central trade district for the western United States and the gateway to the Asian economies, as it has evolved into a leader in international commerce and investments. The County's economy experienced strong growth in 2022, with an increase in economic output of 6%, as measured by Gross Domestic Product and increases in taxable sales of 10.5%.

During Fiscal Year (FY) 2016-17, voters approved various State and local ballot measures that could generate approximately \$151 billion in funding for capital infrastructure and public services in the County. In the June and November 2016 elections, the voters in school and community college districts passed over \$9.4 billion in general obligation bond measures supported by ad valorem taxes to finance new capital construction and improvement projects. As of December 31, 2022, school and community college districts had approximately \$27.5 billion of previously authorized, but unissued bond capacity.

In 2008, voters approved Measure R, a 30-year increase of one-half cent in sales tax to fund major public transit projects, including extending light rail to the Los Angeles International Airport (LAX), and a subway to Westwood. Revenues will also fund street and sidewalk repairs throughout the County, new bike paths, and earthquake retrofits for bridges. Measure M, approved by voters in 2016 provides an indefinite extension of Measure R and is projected to generate \$120 million of sales tax revenue annually over the next 40 years for the Los Angeles County Metropolitan Transit Authority to finance new transportation infrastructure projects.

On March 7, 2017, voters approved Measure H, commonly known as the Homeless Initiative. The measure authorized the implementation of a one-quarter cent sales tax for a duration of 10 years, with a primary objective of addressing the pressing issues of homelessness by providing essential services and prevention measures. The Homeless Initiative is projected to generate approximately \$355 million annually.

On November 6, 2018, voters approved Measure W, the Safe, Clean Water Program, which is expected to generate approximately \$300 million for the County's Flood Control District through a parcel tax. Revenues will be used to modernize the County's 100-year old water system to protect public health, our environment, and maximize a cleaner, locally controlled water supply.

On November 8, 2022, voter approved Measure C, a general tax measure that would allow the County to tax cannabis businesses that are in the unincorporated areas of the County. Currently, the Office of Cannabis Management in the County's Department of Consumer and Business Affairs is developing an equitable commercial cannabis program that includes permitting and resources for eligible applicants with a proposed launch in late 2023. The Cannabis Business Tax is projected to generate approximately \$10.3 million annually.

In addition, hospitals throughout the County are engaged in building programs to meet stricter earthquake standards and other regulatory requirements. These major construction projects, combined with terminal expansions under way at the two primary seaports (Port of Los Angeles and Port of Long Beach), LAX, and the Metro Light Rail System have provided continued support to the job market in the County.

The County enjoys a diverse industrial base, with employment in wholesale and retail trade, health care, manufacturing, and leisure and hospitality being the leading employment sectors in the private economy. The two major seaports in the County, located in the cities of Los Angeles and Long Beach, encompass the largest port complex in the nation as measured by cargo tonnage and the number of containers handled, and on a combined basis rank ninth largest among the world's port facilities. The Los Angeles region is the largest manufacturing center in the nation, with 321,000 workers employed in this sector in 2022. The County's technology sector, known as "Silicon Beach," has become a large and growing source of highly compensated jobs and this sector employed 235,200 workers in 2022.

#### INTERNAL AND BUDGETARY CONTROLS

The County has developed a system of internal accounting controls designed to provide reasonable, but not absolute, assurance to safeguard assets against loss from unauthorized use. It also provides reliable records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the costs of a system of internal accounting controls should not outweigh related benefits. Also, the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations occur within the above framework. We believe that the County's system of internal accounting controls adequately safeguards assets and also provides reasonable assurance of proper recording of financial transactions.

In accordance with the provisions of Section 29000-29144 of the Government Code, commonly known as the County Budget Act, the County prepares and adopts a budget on or before October 2 of each fiscal year. Except for capital assets, expenditures are controlled at the following object levels for all budget units: salaries and employee benefits, services and supplies, other charges, and other financing uses. Amounts are budgeted and controlled for capital assets at the following sub-object levels: land, buildings and improvements, infrastructure, and equipment.

The County uses encumbrance accounting to ensure effective budgetary control and accountability. Unencumbered appropriations lapse at year-end and encumbrances outstanding at the time are reported as restricted, committed, or assigned fund balance for subsequent year expenditures.

After the original budget is adopted, the Board of Supervisors must approve all transfers of appropriations between budget units and transfers exceeding \$250,000 within budget units. The Board must also approve necessary supplemental appropriations, normally financed by unanticipated revenues earned during the year.

In addition to these procedural controls, the Auditor-Controller's (A-C) Audit Division performs periodic internal control, operational, and management audits of various County departments. On an annual basis, an audit plan is recommended by the A-C and approved by the County's Audit Committee, an oversight group appointed by the Board of Supervisors. These audits help to ensure that prescribed procedures are followed and that operations are conducted in an efficient manner. The A-C's Countywide Contract Monitoring Division reviews various social service contract providers to enhance accountability and performance effectiveness. A fraud hotline provides County employees and citizens with a way to anonymously report perceived fraudulent activities by County employees, vendors, contractors, inspectors, etc. Allegations reported to the hotline are evaluated and investigated, as appropriate, by the Office of County Investigations within the A-C.

## BUDGET OUTLOOK AND MAJOR INITIATIVES

The FY 2023-24 Budget of \$46.7 billion assumes increases from outside County sources, primarily from the State, federal funding and anticipated prior year savings.

### NEWLY FUNDED PROGRAM INITIATIVES

Outlined below are examples of significant program initiatives that were funded or augmented by the FY 2023-24 Budget process:

- \$257 million to the Care First, Jails Last Community Investment Initiative to, among other things, provide permanent supportive housing, community operated youth centers, reentry services, violence prevention and gang intervention services, felony incompetent to stand trial program services, free phone calls for individuals in custody, acute mental health non-carceral care services, indigent defense services, and other applicable programs to address negative outcomes caused by racially driven criminal justice inequities and long-term community economic disinvestment.
- \$870.5 million to fund the County's New Framework to combat homelessness. The New Framework is divided into five categories of action to sustain momentum and drive results:
  - Coordinate – Create a coordinated system that links critical infrastructure and drives best practices;
  - Prevent – Provide targeted prevention services to avoid entry or a return to homelessness;

- Connect – Link and navigate everyone to an exit pathway;
  - House – Rapidly rehouse using temporary and permanent housing; and
  - Stabilize – Scale services critical to rehousing and stabilization.
- \$86.5 million to the Department of Mental Health to fund various bed costs, including 90 new subacute mental health beds and 42 new acute inpatient psychiatric beds, as well as increased costs to maintain existing bed-related services at crisis residential treatment centers and board and care facilities.
  - \$93.7 million to the Department of Public Social Services to support the increases in CalWORKs caseloads.
  - \$55.3 million to replace Electronic Benefit Transfer (EBT) benefits for victims of EBT card theft as a result in statewide skimming/scamming instances.
  - \$50.5 million to the Department of Registrar-Recorder/County Clerk for the upgrades to and maintenance of the Voter Solutions for All People election system.

#### CAPITAL ASSET AND DEFERRED MAINTENANCE INITIATIVES

The County continues to plan for, and fund high priority capital asset projects that address health, public safety, recreation, and infrastructure needs. Many capital asset initiatives are multi-year in nature and the FY 2023-24 Budget provides one-time funding of over \$2.24 billion for initiatives in progress as well as new projects. During FY 2022-23, fifteen capital projects were completed at a total cost over \$140.5 million, including the Safe Landing Project, Edward R. Roybal Comprehensive Health Center, Harbor-UCLA Medical Center, LA General Medical Center Child Care Center, and Mid-Valley Comprehensive Health Center.

The County continues to invest in deferred maintenance to meet performance requirements and expectations for its facilities. The FY 2023-24 Budget earmarks \$50 million for high priority repairs, maintenance, and accessibility modifications needs at County facilities, including juvenile halls, animal shelters, beaches, parks, and for various roof repairs.

#### STRATEGIC PLANNING INITIATIVES

The County is actively working to update its FY 2016-2021 Strategic Plan, *Creating Connections: People, Communities, and Government*. The current plan includes an updated vision, mission, and values, with three new goals, ten strategies and objectives with a focus on Board priorities and initiatives.

The strategic plan's underlying goals are summarized as follows:

*Make Investments that Transform Lives* by increasing our focus on prevention initiatives; enhancing our delivery of comprehensive interventions; and reforming service delivery within our justice systems.

*Foster Vibrant and Resilient Communities* by driving economic and workforce development in the County; supporting the wellness in our communities; and making environmental sustainability our daily reality.

*Realize Tomorrow's Government Today* by pursuing development of our workforce; embracing digital government for the benefit of our customers and communities; pursuing operational effectiveness, fiscal responsibility, and accountability; and engaging our customers, communities, and partners.

## LONG-TERM FINANCIAL PLANNING

The Board has adopted policies, which guide the County's CEO in financial planning and recommending budget proposals. Key policy elements include:

- Ongoing costs should be funded with ongoing revenues. Aligning continuing expenditures with continuing revenues, on a level that can be reasonably sustained, will foster stability, predictability, and long-range planning, while avoiding volatility in service levels. Before expanding services, use new, ongoing revenues to meet current obligations and reduce reliance on one-time funding. New programs should not be proposed without identifying specific and continuous funding sources.
- Budget decisions should be considered within the context of revenues and expenditures projected beyond a single fiscal year. A long-range forecast should be developed and maintained to reflect continuing programs, anticipated new initiatives, revenue changes, cost increases, potential problem issues, and other factors that may impact strategies for maintaining a balanced budget over several years.

On June 22, 2009, the Board established a "Reserve for Rainy Day" (Reserve) account within the County's General Fund, which is intended to protect essential County programs against unforeseen emergencies and economic downturns. On May 3, 2022, the Board increased the Reserve cap from 10% to 17% of on-going locally generated revenue. Transfers, at a minimum of 10% of excess fund balance, less Board approved carryover balances, are required to be set aside in the Reserve until the 17% cap is met.

For the year ended June 30, 2011, the County implemented Governmental Accounting Standards Board Statement No. 54 (GASB 54), "Fund Balance Reporting and Governmental Fund Type Definitions." The County's policies for use of the Reserve are not within the GASB 54 definition of a stabilization arrangement. Therefore, the Reserve is classified as General Fund unassigned fund balance in the GAAP financial statements. As of June 30, 2023, the Reserve balance was \$854.92 million, and was increased to \$971 million as part of the FY 2023-24 Final Budget.

## OTHER INFORMATION

### INDEPENDENT AUDIT

The basic financial statements have been audited by Macias Gini & O'Connell LLP (MGO). In accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform*

*Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, MGO is also in the process of completing an annual financial and compliance audit of federal funds received by the County in FY 2022-23. The County's single audit for FY 2021-22 has been completed.

#### AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Los Angeles for its ACFR for the past forty-one fiscal years.

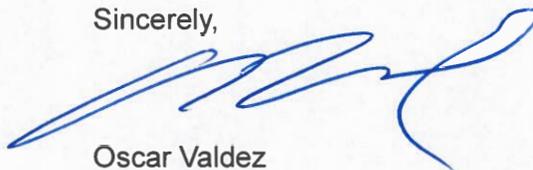

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized ACFR, whose contents conform to program standards. The report must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to Certificate of Achievement Program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

#### ACKNOWLEDGMENTS

I would like to express my appreciation to my Accounting Division, the various County departments who assisted in the preparation of this report, and also acknowledge the efforts of our independent auditor.

Sincerely,

Oscar Valdez  
Auditor-Controller

## Independent Auditor’s Report

The Honorable Board of Supervisors  
County of Los Angeles, California

### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Los Angeles, California (County), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Fire Protection District, Flood Control District, LA County Library, Regional Park and Open Space District, and Mental Health Services Act for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Los Angeles County Development Authority (LACDA) (discretely presented component unit), the Los Angeles County Children and Families First – Proposition 10 Commission (First 5 LA) (discretely presented component unit), and the Los Angeles County Employees Retirement Association (LACERA), which represent the following percentages of the assets, net position/fund balances, and revenues/additions of the following opinion units.

Opinion Unit	Assets	Net Position/ Fund Balances	Revenues/ Additions
Aggregate discretely presented component units	100%	100%	100%
Aggregate remaining fund information	66%	67%	9%

Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as it relates to the amounts included for LACDA, First 5 LA, and LACERA, are based solely on the reports of the other auditors.

### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Emphasis of Matters***

As discussed in Note 2 to the basic financial statements, effective July 1, 2022, the County adopted the provisions of Governmental Accounting Standards Board Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinions are not modified with respect to this matter.

As discussed in Note 22 to the financial statements, in March 2020, a presidential emergency was declared due to the Coronavirus Disease 2019 (COVID-19) pandemic. The County was advanced federal and State disaster assistance funding to supplement the County's recovery efforts. As of June 30, 2023, the County reported \$1.19 billion in advances payable (unearned revenues) related to these advances. Our opinions are not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

The County's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis, the schedule of the County’s proportionate share of the net pension liability and related ratios, the schedule of County’s pension contributions, the schedule of changes in net RHC OPEB liability and related ratios, the schedule of County’s RHC OPEB contributions, and the schedule of changes in the total LTD OPEB liability and related ratios as listed on the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County’s basic financial statements. The combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor’s report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Los Angeles, California

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2023**

This section of the County's Annual Comprehensive Financial Report (ACFR) presents a narrative overview and analysis of financial activities for the year ended June 30, 2023. We recommend that this information be used in conjunction with additional information contained in the letter of transmittal.

**Financial Highlights**

At the end of the current year, the net position (total assets and deferred outflows of resources, reduced by total liabilities and deferred inflows of resources) of the County was negative \$11.859 billion. Net position is classified into three categories and the unrestricted component was negative \$35.387 billion.

During the current year, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 96, "Subscription-Based Information Technology Arrangements" (SBITA or Subscription), and recognized certain Subscription assets and liabilities. GASB 96 had an effect on the County's beginning net position, which was restated and increased governmental activities net position by \$565,000. See further discussion in Note 2 to the basic financial statements.

During the current year, the County's net position decreased by \$1.269 billion. Net position related to governmental activities decreased by \$1.928 billion, while net position related to business-type activities increased by \$658 million.

At the end of the current year, the County's General Fund reported a total fund balance of \$6.483 billion. The fund balance categories and amounts consisted of nonspendable fund balance of \$263 million, restricted fund balance of \$78 million, committed fund balance of \$833 million, assigned fund balance of \$1.029 billion, and \$4.280 billion of unassigned fund balance.

The County's capital asset balances were \$23.069 billion at year-end and increased by \$638 million during the year. A restatement increased the capital asset beginning balance by \$56 million as discussed in Note 5 to the basic financial statements.

During the current year, the County's long-term debt related to bonds, notes and loans from direct borrowings and direct placements decreased by \$100 million. Newly issued and accreted long-term debt of \$268 million was less than the long-term debt maturities of \$368 million.

**Overview of the Basic Financial Statements**

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements, which are comprised of the following three components:

- Government-wide financial statements
- Fund financial statements
- Notes to the basic financial statements

This report also includes other supplementary information in addition to the basic financial statements.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all County assets and deferred outflows of resources reduced by liabilities and deferred inflows of resources, which represent net position. Over time, increases and decreases in net position may serve as an indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information that indicates how the County's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying events giving rise to the changes occur, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in these statements for some items that affect cash flows in future periods. For example, property tax revenues have been recorded that have been earned but not yet collected and pension and other postemployment benefits (OPEB) expenses have been accrued but not yet paid.

The government-wide financial statements report the following different types of programs or activities:

- **Governmental Activities** - The majority of County services are reported under this category. Taxes and intergovernmental revenues are the major revenue sources that fund these activities, which include general government, public protection, public ways and facilities, health and sanitation, public assistance, education, recreation and cultural services, and interest on long-term debt.
- **Business-type Activities** - County services that are intended to recover costs through user charges and fees are reported under this category. The County Hospitals, Waterworks Districts, and Aviation Funds represent the County's business activities.
- **Discretely Presented Component Units** - Component units are separate entities for which the County is financially accountable. The Los Angeles County Development Authority and First 5 LA are displayed as discretely presented in the financial statements.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

FUND FINANCIAL STATEMENTS

The fund financial statements contain information regarding major individual funds. A fund is a fiscal and accounting entity with a balanced set of accounts. The County uses separate funds to ensure compliance with fiscal and legal requirements.

The County's funds are classified into the following three categories:

- **Governmental Funds** - These funds are used to account for essentially the same services that were previously described as governmental activities above. However, the fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. Governmental funds include the General Fund, as well as Special Revenue Funds, Debt Service Funds, Capital Projects Funds, and Permanent Funds.
- **Proprietary Funds** - These Enterprise Funds are used to account for functions that are classified as "business-type activities" in the government-wide financial statements. The County's Internal Service Funds are also reported within the proprietary fund section. The County's four Hospital Funds and Waterworks Fund are all considered major funds for presentation purposes. There is one nonmajor Enterprise Fund (Aviation Fund) and it is displayed with the other major enterprise funds.
- **Fiduciary Funds** - These funds are used to account for resources held for the benefit of parties outside the County. The Fiduciary Funds category are reported in the Pension and Other Postemployment Benefit (OPEB) Trust Funds, the Investment Trust Fund, and Custodial Funds using the economic resources measurement focus and the accrual basis of accounting. Since the resources of these funds are not available to support the County's own programs, they are not reflected in the government-wide financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and the fund financial statements.

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

REQUIRED SUPPLEMENTARY INFORMATION

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the County's proportionate share of the net pension liability and related ratios, the County's contributions to pension benefits, the County's schedule of changes in net Retiree Healthcare (RHC) OPEB liability and related ratios, the County's contributions to RHC OPEB, and the schedule of changes in the total Long-Term Disability OPEB liability and related ratios.

**Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$11.859 billion at the close of the most recent fiscal year.

Summary of Net Position  
As of June 30, 2023 and 2022 (in thousands)

	Governmental Activities		Business-type Activities		Total	
	2023	2022	2023	2022	2023	2022
		(1)		(1)		(1)
Current and other assets	\$ 22,643,936	\$ 21,683,997	\$ 4,663,966	\$ 4,146,378	\$ 27,307,902	\$ 25,830,375

(1) The 2022 amounts were not restated for GASB 96.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Significant changes in assets, deferred outflows of resources, liabilities, and deferred inflows of resources included the following:

Current and Other Assets

Current and other assets increased by \$960 million for governmental activities. There was an increase of \$720 million in pooled cash and investments, largely due to the improved cash position of the County's General Fund, the nonmajor governmental funds, and the Regional Park and Open Space District fund of \$383 million, \$261 million, and \$96 million, respectively. There was an increase of \$349 million in other receivables primarily from Mental Health, Social Services, and COVID-19 accrued revenues at year-end. This was offset by a decrease of \$94 million and \$27 million in internal receivables and lease receivables, respectively, from the prior year.

For business-type activities, current and other assets increased by \$518 million. The business-type activities accounts receivables and internal receivables increased by \$821 million and \$94 million, respectively, from the prior year. This was offset by a decrease in other receivables and pooled cash and investments of \$330 million and \$63 million, respectively. The change in receivables was primarily from an increase of accrued revenue in the hospitals for Medi-cal Managed Care, Medi-Cal Managed Care Rate Supplements, and Cost Based Reimbursement Clinics, as discussed in Note 14. This was offset by a decrease in other receivables of \$330 million from the prior year.

Deferred Outflows of Resources

In the current year, the County's deferred outflows of resources balances were \$12.451 billion. The deferred outflows of resources were \$10.817 billion and \$1.634 billion for governmental and business-type activities, respectively. The total deferred outflows of resources amounts and net decreases of \$825 million were mostly related to pension and OPEB RHC. The total pension related deferred outflows decreased by \$462 million and \$85 million for governmental and business-type activities, respectively, from the prior year. The total OPEB RHC related deferred outflows decreased by \$212 million and \$64 million for governmental and business-type activities, respectively, from the prior year. The pension and OPEB RHC amounts vary from year to year due to differences between projected and actual experience, assumption changes and changes in proportion.

Liabilities

Current and other liabilities decreased by \$31 million for governmental activities primarily from a decrease in advances payable by \$261 million which was largely attributable to the American Rescue Plan (ARP) federal funds, as discussed in Note 22. This was offset by an increase in other payables, accounts payable, and accrued payroll of \$130 million, \$62 million and \$38 million, respectively, for amounts owed at year-end. For business-type activities, a net increase of \$180 million in current and other liabilities was largely associated with an increase in accounts payable of \$178 million for amounts owed at year-end.

Long-term liabilities increased by \$6.974 billion and \$397 million for governmental and business-type activities, respectively. Net pension liabilities significantly increased in the current year by \$5.309 billion and \$821 million for governmental and business-type activities, respectively. Net OPEB liabilities decreased by \$1.868 billion and \$389 million for governmental and business-type activities, respectively. Pension and OPEB liabilities changes were due to the projected and actual experience, assumption changes and changes in proportion.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Liabilities-Continued

For governmental activities, Litigation and self-insurance liabilities increased by approximately \$3.186 billion primarily from the Child Victims Act (AB 218) cases. AB 218, which became effective January 1, 2020, among other things, extended the statute of limitations for commencing an action for recovery of damages suffered as a result of childhood sexual assault to 22 years from the date the plaintiff attains the age of majority or within five years of the date the plaintiff discovers or reasonably should have discovered that the psychological injury or illness occurring after the age of majority was caused by sexual assault, whichever is later. In addition, AB 218 provided for the revival of certain claims from the procedures set forth in the Government Claims Act for a three-year window. AB 218 potential liabilities are preliminary estimates based upon a number of factors, including, but not limited to, the County's early assessment of the claims based on the limited information currently available, the number of total claims the County anticipated would be filed, the estimated fees and costs the County will incur to investigate and defend the claims, and the resources the County can responsibly agree to devote to the claims. The amount and timing of payments are dependent upon the outcome of the lawsuits, which are in their early stages.

The County also added \$159 million and \$31 million in lease and subscription liabilities, respectively. As a lessee, the County recognized a lease and subscription liability and a corresponding right-to-use asset based on the provisions of the lease agreements. The lease and subscription liabilities were measured at the present value of the lease and subscription payments expected to be made during the lease and subscription term as discussed in Notes 9 and 10.

For governmental activities and business-type activities, liabilities for bonds, notes and loans from direct borrowings and direct placements, accrued compensated absences, and workers' compensation were higher by \$185 million and lower by \$32 million, respectively. For business-type activities, amounts owed to third party payors by the County's hospitals were higher by \$30 million as discussed in Note 14. Specific disclosures related to pension liabilities, OPEB liabilities, lease liabilities, subscription liabilities, and other changes in long-term liabilities are discussed and referenced in Notes 7, 8, 9, 10 and 11 to the basic financial statements, respectively.

Deferred Inflows of Resources

In the current year, the County's deferred inflows of resources were \$12.323 billion. Deferred inflows of resources decreased by \$4.225 billion and \$680 million for governmental and business-type activities, respectively. The total OPEB RHC related deferred inflows increased by \$1.825 billion and \$282 million for governmental and business-type activities, respectively, from the prior year. Pension related deferred inflows of resources decreased by \$6.036 billion and \$961 million for governmental and business-type activities, respectively. The OPEB RHC and pension changes in deferred inflows of resources will vary from year to year due to differences between projected and actual experience, assumption changes and changes in proportion. Pension and OPEB matters are discussed in more detail in Notes 7 and 8, respectively, to the basic financial statements.

The County implemented GASB 94, "Public-Private and Public-Public Partnerships (PPPs) and Availability Payment Arrangements (APAs)". Under the GASB 94 definition, the County's golf courses met the definition of a PPP-Service Concession Arrangement. There were \$85 million of related deferred inflows of resources recognized in the current year, which represents an increase of \$12 million from the prior year in governmental activities. This amount represents the present value of installment payments associated with private operators of twenty County golf courses, as discussed in Note 6.

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

The County's total net position consists of the following three components:

Net Investment in Capital Assets

The largest portion of the County's net position, \$18.359 billion, represents its investment in capital assets (i.e., land and easements, buildings and improvements, infrastructure, software, equipment, lease and subscription assets, net of related depreciation and amortization), less any related debt and related deferred outflows of resources used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted Net Position

The County's restricted net position at year-end was \$5.168 billion. Asset restrictions are primarily due to external restrictions imposed by State legislation and bond covenants. Net position that pertains to the various separate legal entities included in the basic financial statements is also generally restricted because the entities' funding sources require that funds be used for specific purposes.

Unrestricted Net Position (Deficit)

The County's total unrestricted net position is negative \$35.387 billion. Both governmental and business-type activities reported deficits in this category of \$31.960 billion and \$3.426 billion, respectively. OPEB related liabilities of \$24.741 billion, along with pension liabilities totaling \$13.161 billion, continued to be the most significant factors associated with the reported deficits.

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

The following table details and identifies changes in net position for governmental and business-type activities:

Governmental Activities

Revenues from governmental activities increased by \$2.549 billion (9.3%) when compared with the prior year. The most significant changes in specific revenue sources were experienced in the following areas:

- Program revenues recognized from operating grants and contributions increased by \$669 million, which was primary attributable to an increase in public assistance and public protection programs from State and federal revenues. Revenues for public assistance programs grew by \$868 million as there were higher State realignment sales tax and higher levels of administrative and program reimbursable costs. Revenues for public protection programs increased by \$193 million primarily due to the ARP funds for the Public Defender and Consumer and Business Affairs by \$93 million and \$26 million, respectively. In addition, an increase in State revenues for Juvenile Justice Realignment and Diversion and Reentry program of \$38 million and \$31 million, respectively. This was offset by a reduction of \$540 million in health and sanitation federal and State revenues. Health and sanitation revenues declined from lower Mental Health Services Act (MHSA) State revenues of \$301 million, lower reimbursable costs associated with the ambulatory care network \$56 million, and public health programs from lower COVID-19 revenues of \$77 million.
- Taxes, the County's largest general revenue source, were \$649 million higher than the prior year and were mostly attributable to property taxes and sales and other taxes, which grew by \$586 million and \$63 million, respectively. The County's total taxable assessed property tax value is \$1.911 trillion, which grew by 7.03% in the current year and property tax revenue increased by \$452 million from the prior year. Property tax revenues were also recognized in conjunction with the dissolution of redevelopment agencies "pass through". Payments from redevelopment dissolution were \$504 million and increased by \$67 million from the prior year. Redevelopment dissolution also provides residual property taxes to local governments, including the County. The County's share of such residual tax revenues in the current year was \$473 million, an increase of \$102 million compared to the prior year. Other general revenues also increased by \$54 million for voter approved taxes, \$41 million from the sales and use taxes in the Homeless and Housing Measure H program and \$5 million from the local generated sales tax due to increased consumer spending. This was offset by a decrease in deed transfer tax revenue of \$57 million due to the decline in real estate sales.
- Program revenues recognized from charges for services increased by \$302 million which was primary attributable to an increase in health and sanitation, general government, and public protection functional categories by \$193 million, \$59 million, and \$48 million, respectively. Health and sanitation increase was due to an increase in patient services from the ambulatory care network of \$271 million and mental health services of \$11 million, which was offset by a decline in public health services of \$94 million. General government was higher primarily from an increase of Public Works services in the Internal Service fund by \$45 million. The public protection increase was due to an increase in Sheriff law enforcement and Flood Control District services by \$31 million and \$14 million, respectively.
- Investment income increased by \$804 million due to an increase in interest income of \$413 million and an increase in the fair value change in investments at year-end of \$391 billion, which was primarily from an increase in market yields throughout the fiscal year.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Governmental Activities-Continued

Expenses related to governmental activities increased by \$5.541 billion (21.8%) during the current year. This was attributable to an increase in salaries and employee benefit (S&EB) expenses of \$1.252 billion and an increase in operating expenses of \$4.289 billion. The S&EB increase was largely attributable for general salary increases by \$626 million, an increase in pension by \$941 million, a decrease in OPEB by \$479 million, and an increase in compensated absences of \$162 million, in all functional categories.

The increase in the operating expenses of \$4.289 billion was primarily from public assistance and public protection by \$2.448 billion and \$1.548 billion, respectively. In addition, general government and public ways and facilities operating expenses increased by \$230 million and \$75 million, respectively. Public assistance operating expenses were higher from public social services programs by \$629 million and affordable and homeless housing programs by \$344 million. In addition, there were higher litigation and self-insurance expenses of \$1.548 billion primarily from the AB 218 cases. Public protection operating expenses were higher from litigation and self-insurance expenses by \$1.477 billion primarily from the AB 218 cases. General government operating expenses were higher primarily for insurance, establishment of a new Economic Development department, and litigation of \$87 million, \$69 million, and \$53 million, respectively. Public ways and facilities were primarily higher due to increased costs for road operations, maintenance, safety, and improvements of unincorporated area municipal streets and highways of \$70 million.

Interest on long-term debt was \$162 million, an increase of \$14 million from the prior year. Depreciation/amortization expense was \$584 million in the current year, an decrease of \$4 million from the prior year amount of \$588 million.

Business-type Activities

Revenues from business-type activities for the current year were \$5.234 billion, a decrease of \$544 million (9.4%) from the previous year. The most significant decrease was in operating grants and contributions to the County's hospitals by \$748 million. Charges and services increased by \$147 million for the County's hospitals. Operating grants and contributions decrease was attributed to a decline in Patient Service Revenue, Global Payment Program, and Quality Incentive Program by \$353 million, \$309 million, and \$159 million, respectively. This was offset by a \$97 million increase in Cost Based Reimbursement Clinics revenue. The increase in charges for services can be primarily attributed to an increase in CalAIM specialty mental health services of \$124 million. As discussed in Note 14 to the basic financial statements, County hospital revenues are derived from a wide range of federal and State funding sources.

Expenses related to business-type activities increased from the previous year by a net total of \$73 million (1.3%), and were associated primarily with the County's hospitals, where expenses increased by \$69 million. The hospital expenses for S&EB consisted of an increase from pension and general salary increases of \$143 million and \$139 million, respectively. The S&EB increase was offset by a decrease in OPEB expense of \$93 million. In addition, there was an increase of \$123 million for services and supplies and professional services related to an increase in patient care services. This was offset by a decrease in the County's hospital Intergovernmental transfer expense of \$230 million primarily for the Global Payment, Medi-Cal Managed Care Graduate Medical Education, Quality Incentive Programs.

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

**Financial Analysis of the County's Funds**

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the County's financing requirements. Types of governmental funds reported by the County include the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, and the Permanent Funds.

As of the end of the current fiscal year, the County's governmental funds reported combined total fund balances of \$12.155 billion, an increase of \$1.179 billion in comparison with the prior year. Of the total fund balances, \$279 million is nonspendable to indicate the extent that funds are not in spendable form or are required to remain intact. An additional \$5.307 billion is classified as restricted, \$975 million as committed, and \$1.314 billion as assigned. The remaining balance of \$4.280 billion is classified as unassigned and is entirely associated with the General Fund.

Revenues from all governmental funds for the current year were \$30.111 billion, an increase of \$2.590 billion (9.4%) from the previous year. Expenditures for all governmental funds in the current year were \$28.321 billion, an increase of \$2.087 billion (8.0%) from the previous year. In addition, net other financing uses were \$611 million, an increase of \$155 million (34.0%) as compared to \$456 million in the prior year.

The General Fund is the County's principal operating fund. During the current year, the fund balance in the General Fund increased by \$865 million (15.4%). At the end of the current fiscal year, the General Fund's total fund balance was \$6.483 billion. Of this amount, \$263 million is classified as nonspendable, \$78 million as restricted, \$833 million as committed, \$1.029 billion as assigned and the remaining \$4.280 billion is classified as unassigned.

General Fund revenues during the current year were \$25.221 billion, an increase of \$2.359 billion (10.3%) from the previous year. General Fund expenditures during the current year were \$24.614 billion, an increase of \$2.525 billion (11.4%) from the previous year. Net other financing sources/uses was positive \$258 million in the current year as compared to negative \$89 million in the prior year.

Following are significant changes in General Fund revenues and expenditures:

- Intergovernmental revenues increased by \$1.140 billion overall, and were primarily associated with an increase in State revenue by \$967 million, an increase in federal revenue by \$191 million and a decrease in Other governmental agencies revenue by \$18 million. State and federal revenues related to the Coronavirus Aid, Relief, and Economic Security (CARES) Act funds decreased by \$174 million and were offset by an increase of \$305 million from the American Rescue Plan (ARP) funds. Health Services Realignment State sales tax and vehicle license fees were higher by \$43 million primarily due to the steady rise in consumer spending. Other State and federal revenue growth was attributable to higher levels of reimbursable program and administrative costs in the social services, public health, mental health, homeless and housing, capital projects, diversion reentry, and probation programs of \$648 million, \$171 million, \$123 million, \$54 million, \$39 million, \$31 million, and \$12 million, respectively. The County also received State funds of \$13 million to backfill revenues lost from the repeal of court fees and fines under California Senate Bill 1869.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Governmental Funds-Continued

This was offset by lower levels of reimbursable program and administrative costs of \$91 million, and \$58 million in the ambulatory care network and health administration programs. In addition, State revenue for election services decreased by \$57 million for the Registrar-Recorder. The remaining variance was an increase of \$81 million.

- Investment income resulted in an increase of \$540 million due to an increase of \$286 million in interest earnings and a gain of \$254 million in the fair value change in investments at year-end, which was primarily from an increase in market yields throughout the fiscal year.
- Revenues from taxes increased by \$483 million and were primarily associated with an increase in property taxes of \$519 million and a decrease in other taxes of \$36 million. The property taxes increase was primarily associated with \$381 million of revenue from a growth in assessed property values. Residual property tax revenues, which are associated with redevelopment dissolution, were \$391 million in the current year, \$75 million higher than the prior year. Property tax was also reflected in “pass through” property tax revenues, which were \$56 million higher in the current year. Documentary transfer taxes decreased other taxes by \$57 million fueled by higher interest rates in the real estate market and the County median home sales slowed down in this fiscal year. Sales, use and utility tax increased other taxes by \$21 million from increased consumer spending and higher prices.
- General Fund expenditures increased by a total of \$2.525 billion, or 11.4%. Current expenditures increased by \$2.199 billion, and debt service and capital outlay expenditures increased by \$326 million.
  - Public assistance expenditures increased by \$994 million. This was primarily due to a increase of \$564 million for public social services, \$296 million for affordable housing programs, \$75 million for children and family services, and \$21 million for homeless and housing programs. There was also an increase of \$105 million for general salary increase for S&EB. This was offset by a transfer of \$61 million from the public assistance expenditures to general government services for the establishment of the new the Economic Opportunities department.
  - General government spending increased by \$677 million and was primarily associated with increases of \$82 million for costs associated with capital improvements, \$76 million for the Economic Opportunity department, \$53 million for judgments and damages, \$43 million for the Board of Supervisors community programs, \$32 million for the Internal Services Department, \$26 million for nondepartmental special accounts, \$19 million for the Care First and Community Investment program, and \$17 million in rent expense. There was an increase of \$39 million for general salary increases in S&EB and \$39 million for compensated absences. In addition, \$239 million increased the operating expenditures, from the prior year, related to the commercial paper program.
  - Public protection program costs were higher by \$390 million, and were primarily associated with an increase in S&EB expenditures of \$256 million and an increase in law enforcement expenditures of \$124 million for the Sheriff and Probation departments.
  - Capital Outlay costs increased by \$282 million from an increase in leases by \$222 million and subscriptions by \$61 million.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Governmental Funds-Continued

The Fire Protection District reported a year-end fund balance of \$216 million, which represented an increase of \$27 million compared to the previous year decrease of \$24 million, resulting in a net difference of \$51 million. The Fire Protection District responds to a number of major incidents and emergencies and provide essential fire protection and emergency medical services during the fiscal year. Revenues increased by \$80 million, of which \$84 million was related to property taxes and primarily associated with growth in assessed property values. This was offset by \$7 million in lower federal and State COVID-19 prior year revenues. Expenditures were higher by \$67 million, of which S&EB, services and supplies costs, and capital outlay increased by \$42 million, \$22 million, and \$3 million, respectively.

The Flood Control District reported a year-end fund balance of \$364 million, which represented a decrease of \$42 million in fund balance compared to the previous year's decrease of \$93 million, resulting in a net difference of \$51 million. The change in fund balance was primarily due to higher revenues of \$15 million from higher property taxes and \$14 million for charges for services from the previous year. Interest revenue was also higher by \$28 million due to favorable interest rates. This was offset by lower services and supplies and capital assets infrastructure expenditures of \$4 million for infrastructure improvement projects to support flood protection and water conservation.

The LA County Library Fund reported a year-end fund balance of \$169 million, which represented an increase of \$38 million in fund balance compared to the previous year increase of \$22 million, resulting in a net difference of \$16 million. Revenues increased by \$5 million, of which \$9 million was related to property taxes associated with growth in assessed valuation, \$2 million higher State and federal revenues and \$3 million higher interest revenue and was offset by a decline of \$12 million in charges for service. Expenditures were \$3 million higher than the previous year and other financing sources from Safe, Clean Water Program Measure W were higher by \$14 million.

The Regional Park and Open Space District reported a year-end fund balance of \$676 million, which represented an increase of \$101 million in fund balance compared to the previous year increase of \$57 million, resulting in a net difference of \$44 million. The net change in fund balance was primarily attributable to an increase in investment income of \$28 million from higher interest rates. Property tax was nearly the same as the previous year. Expenditures were higher by \$16 million due to an decrease in grant awards to empower communities and preserve parks and open space from the previous year.

The MHSA Fund reported a year-end fund balance of \$1.233 billion , which represented a decrease of \$46 million in fund balance compared to the previous increase of \$182 million, resulting in a net difference of \$228 million. Current year revenues were lower by \$211 million, primarily from a decrease of \$301 million in State revenues, offset by an investment gain of \$90 million, while transfers out decreased by \$16 million to support the five MHSA program components (Community Services and Supports; Prevention and Early Intervention; Innovation; Workforce Education and Training; and Capital Facilities and Technological Needs.

Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The County's principal proprietary funds consist of four hospital enterprise funds and each one is reported as a major fund. All of the four hospital funds had a net deficit as discussed in Note 3.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Proprietary Funds-Continued

The County is legally required to provide local matching funds to the health care system in order to remain eligible for federal and State assistance. Such funds were provided to the hospitals as operating subsidies from the County General Fund during the year as discussed in Note 15 to the basic financial statements. The amount of subsidy, per facility, ranged from \$91 million for the Olive View-UCLA Medical Center to \$360 million for the Los Angeles General Medical Center. The total subsidy amount was \$906 million and is reflected in the Statement of Revenues, Expenses and Changes in Fund Net Position as "transfers in." By comparison, the total General Fund subsidy in the prior year was \$722 million. During the current year, the County's hospital operations experienced higher levels of patient care revenues and operating expenses in comparison to the prior year as previously discussed.

An additional source of local funding for the Hospitals is the Health Services Measure B Special Revenue Fund (Measure B Fund). The Measure B Fund receives voter approved property taxes for trauma and emergency services. In the current year, the Measure B Fund provided transfers to the Los Angeles General Medical Center (\$110 million), Harbor-UCLA Medical Center (\$53 million), and Olive-View UCLA Medical Center (\$30 million). The total current year amount of \$193 million in Measure B transfers was nearly the same as the prior year.

Waterworks Fund reported year-end net position of \$762 million, which was \$9 million lower than the previous year due to lower operating revenues. There were no significant operational changes during the current year. Current year operating revenues of \$91 million were slightly lower by \$8 million than the previous year's amount of \$99 million. Current year operating expenses of \$113 million were slightly higher by \$2 million than the previous year.

**General Fund Budgetary Highlights**

The accompanying basic financial statements include a Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual on Budgetary Basis for the County's General Fund. The County's budgetary basis of accounting is discussed in Notes 1 and 16 to the basic financial statements. There are approximately 160 separate budget units within the General Fund, excluding capital improvement projects, which are individually budgeted. The data presented below represents the net budgetary changes for the General Fund in a highly summarized format. Accordingly, in certain instances, budgets have been increased for programs within a category even though actual amounts have not been realized for the category in its entirety. Under the budgetary basis, there was a net increase of \$587 million in the General Fund's available (unassigned) fund balance from the previous year.

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

Budgetary Summary - Revenues/Financing Sources

Following is a summary of current year budgetary changes and actual results (on the County's budgetary basis) for General Fund revenues and other financing sources (in thousands):

<u>Category</u>	Increase (Decrease) From Original Budget	Final Budget Amount	Actual Amount	Variance- Positive (Negative)
Taxes	\$ 13,714	\$ 7,404,760	\$ 7,639,271	\$ 234,511
Intergovernmental revenues	1,177,002	15,494,728	13,761,596	(1,733,132)
Charges for services	180,702	3,125,586	2,906,002	(219,584)
All other revenues	100,832	756,626	978,197	221,571
Other sources and transfers in	106,277	1,570,052	1,173,722	(396,330)
<b>Total</b>	<b>\$ 1,578,527</b>	<b>\$ 28,351,752</b>	<b>\$ 26,458,788</b>	<b>\$ (1,892,964)</b>

Changes from Amounts Originally Budgeted

During the year, net increases in budgeted revenues and other financing sources were approximately \$1.579 billion. The changes occurred in the following areas:

- The budget for "Taxes" increased by \$14 million. The \$14 million increase was primarily associated with year-end budgetary changes that are designed to demonstrate compliance with legal provisions related to the appropriation of revenues from property taxes and certain other tax related revenues.
- The estimated revenue for "Intergovernmental revenues" increased by \$1.177 billion. The increase is primarily from COVID-19 federal ARP Act revenues, which is associated with \$556 million for a variety of ARP programs and \$318 million under the ARP Revenue Loss Provision. There was an increase of \$232 million in federal and State revenues for social services and children and family programs. Capital projects funded by federal and State revenues increased by \$140 million. The remaining net budget decreases of \$69 million were related to a variety of federal and State funded programs.
- The estimated revenue for "Charge for services" increased by \$181 million. The increase is primarily from \$161 million for the ambulatory care network services, \$9 million for the Sheriff's department contracted services, \$5 million for public works building and permit fees, and \$4 million for the Registrar-Recorder election services. There were \$2 million of net budget increases in charges for services from a variety of programs.
- The budget for "All other revenues" increased by \$101 million from tobacco settlement revenues. There were \$1 million of net budget increases in licenses, permits, and franchises revenues.
- The budget for "Other sources and transfers in" increased by \$106 million from transfers of \$46 million from the Nonmajor Other Special Revenue for capital projects, \$40 million from the Homeless and Housing Measure H Nonmajor Special Revenue Funds for general fund homeless programs, \$13 million from Health Services Measure B for general fund trauma programs, and \$7 million in other transfers for a variety of programs.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Actual Revenues/Financing Sources Compared with Final Budget Amounts

Actual revenues and other financing sources recognized by the General Fund were approximately \$26.459 billion. This amount was \$1.893 billion, or 6.7%, lower than budget. As discussed below, the changes occurred in the following areas.

- Actual "Taxes" were higher by \$234 million from the amount budgeted. Of this increase, \$198 million increase was associated with property tax revenue due to a growth in assessed property values. Other taxes increased by \$37 million primarily from an increase in transient occupancy tax, aircraft assessment, and local sales revenue by \$17 million, \$11 million, and \$11 million, respectively. There were net decrease of \$1 million from other taxes.
- Actual "Intergovernmental revenues" were \$1.733 billion lower than the amount budgeted. The ARP programs in various departments accounted for \$611 million as these program costs were not completed prior to year-end. Approximately \$438 million of intergovernmental revenues were associated with social services and child and family programs, where reimbursable costs were lower than anticipated due to delays in hiring and promoting staff, reduced contractual spending for services and child care provider payments, and delays in implementing new systems. Mental Health and ambulatory network programs accounted for approximately \$214 million, which experienced lower than anticipated reimbursable costs and correspondingly lower than expected revenues. Budgeted intergovernmental revenues of \$182 million were not realized for various capital improvements and disaster recovery programs, as these initiatives were not completed prior to year-end. Homeless and housing program revenue of \$111 million experienced lower than anticipated revenue for State funded homeless and housing initiatives. Probation and Sheriff budgeted intergovernmental revenues were lower by \$82 million, which experienced lower than anticipated reimbursable operating expenditures and staffing vacancies. Justice reformed departments in diversion and reentry, Justice, Care and Opportunities (JCOD), and Youth Development budgeted intergovernmental revenues were lower by \$89 million as new programs and initiatives were still being developed prior to year-end. There were net decreases of \$6 million from a variety of programs.
- Actual "Charges for services" were \$220 million lower than the amount budgeted. The decrease was primarily attributable to \$129 million, \$56 million and \$36 million of costs associated with Public Health, health services administration and ambulatory care network programs, respectively, which experienced lower than anticipated reimbursable costs for charges for services due to the transition to a post-pandemic environment. In addition, JCOD programs, a newly established department in FY 2022-2023, were lower by \$26 million than the budgeted amount as they develop and ramp up services. This was offset by \$24 million in higher revenue from contracted services by the Sheriff's Department. There were net decreases of \$3 million from a variety of programs.
- Actual "All other revenues" were \$222 million higher than budgeted. Interest revenue was higher by \$140 million due to an increase in market yields throughout the fiscal year. Miscellaneous revenue were \$52 million higher than budget primarily from the Rent Expense and Mental Health programs by \$27 million and \$25 million, respectively. Fine and penalties were higher by \$38 million. License Permits and Franchise revenue were higher by \$5 million. There were net decreases of \$3 million from other revenues for the remaining variance.

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

- The actual amount of "Other sources and transfers in" was \$396 million lower than the amount budgeted. Of this amount, mental health programs funded by the MHSA Special Revenue Fund did not fully materialize at the budgeted level and "transfers in" were \$239 million lower than budgeted. Costs associated with Consumer Protection, Diversion and Reentry, Probation, Sheriff, and Youth Development departmental programs funded by the Other Public Protection Special Revenue Funds were \$40 million less than budgeted. The "transfers in" for health services trauma programs, funded by the Health Services Measure B nonmajor special revenue fund, were \$27 million less than budgeted. Costs associated with the public health programs funded by the Health and Sanitation Special Revenue funds were \$10 million less than budgeted. The Homeless and Housing Measure H costs were \$29 million less than budgeted. In addition, "transfers in" totaling \$28 million were assumed in the budget for capital improvements and extraordinary building maintenance projects, which did not incur expected costs. There were various other sources and transfers that comprised the remaining variance of \$23 million.

Budgetary Summary - Expenditures/Other Financing Uses

Following is a summary of current year budgetary changes and actual results (on the County's budgetary basis) for General Fund expenditures, transfers out, and changes in fund balance components (in thousands):

<u>Category</u>	Increase (Decrease) From Original Budget	Final Budget Amount	Actual Amount	Variance- Positive
General government	\$ 51,390	\$ 3,484,416	\$ 1,893,037	\$ 1,591,379
Public protection	462,234	7,353,877	6,800,230	553,647
Health and sanitation	(25,930)	7,382,127	6,600,293	781,834
Public assistance	535,801	9,810,107	8,673,154	1,136,953
All other expenditures	299,813	2,219,260	881,177	1,338,083
Transfers out	292,450	1,130,106	1,126,968	3,138
Contingencies	(118,856)	(41,665)		(41,665)
Fund balance changes-net	81,625	191,495	(102,589)	294,084
<b>Total</b>	<b>\$ 1,578,527</b>	<b>\$ 31,529,723</b>	<b>\$ 25,872,270</b>	<b>\$ 5,657,453</b>

Changes from Amounts Originally Budgeted

During the year, net increases in General Fund appropriations and fund balance component changes were approximately \$1.579 billion. The most significant changes occurred in the following areas:

- "Public protection" appropriations were increased by \$462 million. As previously mentioned, an increase of \$122 million of S&EB was appropriated to reflect the Board approved S&EB increases. Law enforcement appropriations were increased by \$181 million which was funded by provisional financing uses and other revenues for the Sheriff's department operations costs which include increases in services and supplies, contracts, legal settlements, and costs for the ARP programs. The Consumer and Business Affairs appropriation increased by \$47 million for ARP grant programs to provide mortgage relief, expand the income tax assistance program, financial coaching, landlord-tenant mediation, and rent relief. JCOD appropriations were increased by \$98 million to fund justice reform initiatives for vulnerable justice-impacted individuals and their communities. There were net increases of \$14 million for other public protection programs.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Changes from Amounts Originally Budgeted-Continued

- "Public assistance" appropriations were increased by \$536 million. The increase in appropriation was to support the ARP Fiscal Recovery Fund Spending Plan, which included an increase of \$186 million to provide rental assistance and support the conversion of Project Homekey interim housing units to permanent housing. Public social and children and family services appropriation increased by \$275 million to provide assistance to foster children, CalWORKS, Child Care programs and legal settlements. FEMA reimbursed the County for Project Roomkey costs which decreased the nonspendable long-term receivable and increased the homeless and housing budget by \$36 million. An increase of \$37 million of S&EB was appropriated to reflect the Board approved S&EB increases. There were net increases of \$2 million for other public assistance programs.
- Appropriations for "All other expenditures" were increased by \$300 million. The increase was primarily attributable to the continued development, design, and construction of capital projects to support the long-term goals to sustain and/or rehabilitate County facilities.
- Appropriations for "transfers out" were increased by \$292 million. The increase was primarily attributable to augmenting the amount of fund transfers from the General Fund to the various Hospital Enterprise Funds by \$291 million. There were net increases of \$1 million from transfers out to various other funds.

Actual Expenditures/Other Financing Uses Compared with Final Budget Amount

Actual expenditures/other financing uses for the current year were \$5.657 billion (17.9%) lower than the final total budget of \$31.530 billion. There were budgetary savings in all functional expenditure categories. Following are the functional areas that recognized the variations from the final budget:

- The "general government" function reported actual expenditures that were \$1.591 billion less than the amount budgeted. Of this amount, \$1.033 billion represented budgetary savings for items that are not associated with specific County departments, such as provisional appropriations and central non-departmental appropriations. The Board of Supervisors had budgetary savings of \$122 million to be spent in future years for various community projects. S&EB savings for general government departments of \$115 million were due to the hiring freeze and vacancies. CFCI had budgetary savings of \$110 million due to the length of time needed to design, develop, launch and implement Board-approved CFCI new programs. Chief Executive Office had budgetary savings of \$42 million due to lower than anticipated program costs. The Real Estate budget had a budgetary savings of \$11 million due to lower than anticipated debt service and rent expenditures. In addition, the Board Initiatives and Programs budget had budgetary savings of \$20 million due to longer-than-anticipated implementations for the Alternative to Incarceration Initiative, Poverty Alleviation Initiative, Equity and Diversity Program, and ARP programs. There were also budgetary savings from the ARP programs, which included savings from \$91 million for economic and career assistance to small businesses, nonprofits, restaurants, child care facilities, and rent relief, and \$44 million for the Delete the Divide campaign. The remaining net \$3 million was spread across the general government departments and was mostly related to savings in the areas of services and supplies.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Actual Expenditures/Other Financing Uses Compared with Final Budget Amount-Continued

- Actual "public protection" expenditures were \$554 million less than the budgeted amount. S&EB savings of \$155 million were due to the vacancies, staff on approved leave, and for hard to recruit items. The Probation department had budgetary savings of \$45 million due to delays in hiring and delays in implementing new programs. The Diversion and Reentry budget unit had budgetary savings of \$76 million from lower than anticipated contracted services. The Department of Consumer and Business Affairs had budgetary savings of \$80 million from delays in implementing the ARP projects. Trial Court operations had a budgetary savings of \$9 million from lower court facilities operating expenditures and indigent defense aid cases. JCOD and Youth Development had budgetary savings of \$98 million and \$32 million, respectively, from ongoing implementation of the justice-reform programs. The federal and State Disaster had budgetary savings of \$52 million since a major disaster did not occur during the fiscal year. The remaining variance of \$7 million was related to other public protection programs.
- Overall expenditures for the "health and sanitation" category were \$782 million less than the budgeted amount. Specifically, the budgetary savings were from the mental health, public health program, health services administration, CFCI health programs, and correctional health facilities of \$239 million, \$167 million, \$67 million, \$56 million, and \$51 million, respectively, due to lower than anticipated costs for professional, contracted, and information technology services, and implementing new programs. There was also \$203 million from S&EB savings from the staffing vacancies and hiring delays. The remaining variance of \$1 million was related to other health and sanitation programs.
- Actual "public assistance" expenditures were \$1.137 billion lower than the final budget. The variance of \$490 million was related to affordable housing and homeless programs due to delays in carrying out multi-year projects. Social services and children and family were lower than budgeted by \$224 million and \$250 million, respectively. Cost savings in these areas were due to lower than anticipated costs in implementing new assistance programs, General Relief Guaranteed Income Pilot Program, Anti-Homelessness subsidy program, and Family First Prevention Services Act programs. There were also direct program savings associated with lower than anticipated caseloads. In addition, there were S&EB savings of \$166 million due to the hiring delays and vacancies. The remaining variance of \$7 million was related to other public assistance programs.
- The category referred to as "all other expenditures" reflected actual spending of \$1.338 billion less than the budgeted amount. Of this variance, \$1.304 billion was in the capital outlay category and was related to numerous capital improvements anticipated in the budget that remained in the planning and development stages and did not incur expenditures during the year. Most of the unused balance has been re-established in the following year's budget to ensure the continuity of the projects, many of which are multi-year in nature.

**Capital Assets**

The County's capital assets for its governmental and business-type activities as of June 30, 2023, were \$23.069 billion (net of depreciation and amortization). Capital assets include land and easements, buildings and improvements, infrastructure, equipment, software, capital assets in progress, lease assets, and subscription assets. The major infrastructure network elements are roads, sewers, water, flood control, and aviation. Specific capital asset changes during the current year are presented in Note 5 to the basic financial statements.

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

The total increase in the County's capital assets (net of depreciation/amortization) for the current fiscal year was \$694.03 million as shown in the following table.

Changes in Capital Assets, Net of Depreciation/Amortization  
Primary Government - All Activities  
(in thousands)

	Current Year	Prior Year (1)	Increase (Decrease)
Land and easements	\$ 7,815,091	\$ 7,712,101	\$ 102,990
Buildings and improvements	6,141,339	6,223,775	(82,436)
Infrastructure	3,856,261	4,001,638	(145,377)
Equipment	599,197	603,431	(4,234)
Software	166,611	205,512	(38,901)
Capital assets, in progress	2,876,906	2,233,515	643,391
Lease assets	1,526,637	1,394,977	131,660
Subscription assets	86,939		86,939
	<u>\$ 23,068,981</u>	<u>\$ 22,374,949</u>	<u>\$ 694,032</u>

(1) The 2022 amounts were not restated for GASB 96.

The County's major capital asset initiatives during the current year continued to focus on new facilities and major improvements. The most significant increase in capital assets was in capital assets, in progress, which increased by \$643 million. Governmental activities for capital assets, in progress, increased by \$448 million which included major construction-in-progress for general government of \$42 million, public protection of \$61 million, health and sanitation of \$49 million, education of \$11 million, and recreation and cultural services of \$179 million. The major projects include \$86 million for the Los Angeles County Museum of Art Building for the Permanent Collection, \$63 million for various deferred maintenance projects under the Facility Reinvestment Program, \$21 million for the Natural History Museum Commons Renovation, \$15 million for the Civic Center Power Plant Boilers and Chillers Replacement, and \$10 million for the Whittier Aquatics Center. In addition, there were capitalized software-in-progress costs of \$17 million for the Assessor's Modernization Project Phase 4. Although there was a net decrease in buildings and improvements totaling \$82 million, completed major capital projects included \$34 million for the Safe Landing project from the County's Capital Improvement Intermediary Program and \$13 million for the Edward R. Roybal Comprehensive Health Center Air Handler Replacement project.

Business-type activities capital assets, in progress, increased by \$195 million. The major construction-in-progress was \$171 million at the Harbor-UCLA Medical Center primarily for the Harbor-UCLA Medical Center Replacement Program. There were also \$36 million of construction-in-progress costs at Olive View-UCLA Medical Center for the Fire Alarm and Nurse Call Systems project, and \$12 million of construction-in-progress costs at Rancho Los Amigos National Rehabilitation Center primarily for the Harriman Building Renovation Project. Completed major capital projects included \$9 million for the Harbor-UCLA Medical Center Electrical Switchgear Replacement and \$9 million for the Los Angeles General Medical Center Child Care Center.

As previously discussed, the County implemented GASB 96 during the year, which added new subscription right-to-use assets in governmental activities. As of June 30, 2023, the subscription assets net of accumulated amortization and subscription assets, in progress were \$87 million and \$8 million, respectively.

As of June 30, 2023, there were \$1.114 billion of capital asset commitments outstanding.

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

**Debt Administration**

During the current year, the County's liabilities for long-term debt related to bonds, notes and loans from direct borrowings and direct placements, including accreted interest, decreased by \$100 million, as newly issued debt and accretions of \$268 million were less than the debt maturities of \$368 million. Specific changes related to governmental and business-type activities are presented in Note 11 to the basic financial statements.

During the current year, significant long-term debt transactions related to bonds, notes and loans from direct borrowings and direct placements were as follows:

- Lease Revenue Obligation Notes (LRON) of \$251 million were issued for governmental and business-type activities in the amounts of \$135 million and \$115 million, respectively. For governmental activities, debt was issued to finance renovations for public health centers, social service, probation buildings, beach and park facilities, libraries and various general government buildings. For business-type activities, debt was issued to finance hospital facilities improvements.

Lease liabilities increased by \$159 million, as newly issued leases of \$285 million were less than the lease maturities of \$126 million related to governmental and business-type activities. As previously discussed, the County implemented GASB 96, which added \$86 million in subscription liabilities.

There were eight outstanding financed purchase obligations, where the asset transfers ownership to the County by the end of the agreement. Financed purchase obligations balance for governmental activities was \$23 million as of June 30, 2023. Business-type activities had one financed purchase obligation and was completely paid off during the fiscal year.

In addition to the above borrowing, the County continued to finance General Fund cash flow shortages occurring periodically during the fiscal year by selling \$900 million in tax and revenue anticipation notes. The notes matured and were redeemed on June 30, 2023.

Bond Ratings

The County's debt is rated by Moody's, S&P Global Ratings (S&P), and Fitch. The following is a schedule of ratings assigned by the respective rating agencies:

	<u>Moody's</u>	<u>S&amp;P</u>	<u>Fitch</u>
Certificates of Participation	Aa3	AA+	AA
Equipment/Non-Essential Leases	Aa2	AA+	AA
Operating/Non-Essential Leases	Aa2	AA+	AA
Short-Term	MIG1	SP-1+	F1+

During the current year, the County's bond ratings and outlook remained the same as the previous year.

**COUNTY OF LOS ANGELES**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued**  
**FOR THE YEAR ENDED JUNE 30, 2023**

**Economic Conditions and Outlook**

Los Angeles County's FY 2023-2024 budget is the first spending blueprint since the end of the COVID-19 emergency and the start of the local emergency for homelessness. These are two defining milestones of this transformative moment in which we are addressing the longstanding racial, social, and economic inequalities; realizing the Board's Care First, Jails Last vision; and delivering extensive safety net services to our residents. The County's 2023-2024 Budget sustains the ambitious work underway across multiple County departments and strengthens the County workforce as it serves the public with expanding existing programs. The budget does not include significant funding to launch new programs, although critical needs may be considered later in the budget process as a fuller picture of the revenues and obligations become available. The County's budget continues to reflect the County's long-standing commitment to responsible and sustainable fiscal practices.

The Board of Supervisors adopted the County's 2023-2024 Budget on June 26, 2023. The Budget was adopted based on estimated fund balances that would be available at the end of 2022-2023. The Board updated the Budget on October 3, 2023 to reflect final 2022-2023 fund balances and other pertinent financial information. For the County's General Fund, the 2023-2024 Budget utilized \$3.764 billion of fund balance, which exceeded the previously estimated fund balance of \$2.256 billion. Of the additional fund balance of \$1.508 billion, \$489 million was used to carryover lapsed appropriations and ensure the continuity of funded program initiatives. The remaining \$1.019 billion was primarily used for the continued momentum for Care First, Jails Last initiative, respond to the local emergency for homelessness and affordable housing, changes in the Mental Health and Public Health services delivery system, help children and families, older adults and people with disabilities, provide immigrant assistance services, promote jobs, workforce and business development, make community and equity investments, invest in information technology, invest in sustainability and energy efficiencies, provide transparency and public accountability, provide for public safety protection, and invest in the County's public assets.

Over the past year, the federal government's rapid hikes in the federal funds borrowing rate to combat inflation have led to significant increases in both interest earnings and mortgage rates. The County is forecasting higher interest earnings and a moderate growth in a variety of locally generated revenues along with increases in statewide sales tax revenue due to recent consumer spending trends. We are forecasting an increase of 5.91% to the property tax assessment roll based on Consumer Price Index annual inflation adjustment of 1.88% and increases in property transfers at 3.46%. The mortgage rates surge is making it more expensive for prospective buyers to borrow, while applying downward pressure on home sales. The federal rate hikes to control inflation have yet to be effective to reach their two percent target. The potential pullback for consumer and business spending could lead to an economic slowdown or increase the risk of a recession.

The County also faces higher operating costs as a result of increased salaries and employee benefits as part of the three-year approved labor agreements which expire in 2024-2025. In addition, the County must continue to prepare for potential legal settlements and judgments that could negatively impact the County's finances in future budget phases. The County will continue to advocate for additional federal and State funding. We will closely monitor key economic indicators and the risks of a recession to guide our efforts in the development of future budget recommendations that will impact the County's revenues, support the needs of County residents and advance the Board's priorities.

The County's budget outlook continues to be influenced by the fiscal condition and outlook of the State of California. The State Legislative Analyst's Office (LAO) reports that future economic conditions are particularly mixed. By some measures, the economy is booming. Unemployment is at record lows and wages continue to grow at a strong pace. From other vantage points, however, the economy seems to be

**COUNTY OF LOS ANGELES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)-Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

on less sound footing. Housing clearly is in a slump, manufacturing and trade sectors have slowed, and recently a number of regional banks has failed. Overall, the broadest measure of economic activity (inflation-adjusted gross domestic product [real GDP]) continues to grow, albeit at a below-average pace. Regardless of the mixed economic picture, it is projected that State revenues are in a downturn. In addition, the LAO has forecasted an operating budget deficit through FY 2026-2027 averaging \$18 billion annually. Proposed spending plans for multiyear one-time, temporary spending commitments, and spending delays are no longer affordable. The combination of reserves and reduced one-time spending can extend the budget capacity for the State to sustain core, ongoing programs. However, the LAO recommends addressing the State budget problem by reducing one-time spending as part of the budget process. Health and human services programs are subject to considerable challenges and uncertainty as the County depends on funding from the State and federal government.

**Obtaining Additional Information**

This financial report is designed to provide a general overview of the County's finances for all interested parties. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Los Angeles County Auditor-Controller, 500 West Temple Street, Room 525, Los Angeles, CA 90012-3873.

COUNTY OF LOS ANGELES  
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET POSITION  
JUNE 30, 2023 (in thousands)

Fund balances - total governmental funds (page 33)		\$ 12,154,683
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not reported in governmental funds:		
Land and easements - net	\$ 7,649,936	
Construction in progress	2,302,337	
Buildings and improvements - net	5,758,480	
Equipment - net	349,735	
Intangible software - net	251,081	
Infrastructure - net	<u>3,279,360</u>	19,590,929
Deferred outflows and inflows of resources reported in the statement of net position, but not recognized in the governmental funds:		
Deferred outflows from losses on refunding of debt	\$ 7,999	
Deferred outflows from OPEB	4,973,775	
Deferred outflows from pension	5,402,065	
Deferred inflows from gains on refunding of debt	(10,920)	
Deferred inflows from private-public partnerships	(84,995)	
Deferred inflows from OPEB	(7,750,905)	
Deferred inflows from pension	<u>(424,437)</u>	2,112,582
Deferred outflows and inflows of resources reported in the balance sheet, but not recognized in the statement of net position:		
Deferred outflows from tobacco settlement revenues	\$ (183,207)	
Deferred inflows from tobacco settlement revenues	183,207	
Deferred inflows from property taxes	256,912	
Deferred inflows from long-term receivables	<u>272,203</u>	529,115
Other long-term asset transactions are not available for the current period and are not recognized in governmental funds:		
Payables and receivables related to capital assets	\$ 338	
Accrued interest on long-term receivables	<u>328</u>	666
Installment receivables from public-private and public-public partnerships		84,995
Accrued interest payable is not recognized in governmental funds		(14,110)
Long-term liabilities, including bonds and notes payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds:		
Bonds and notes	\$ (2,242,274)	
Unamortized premiums on bonds	(289,086)	
Accreted interest on bonds	(14,227)	
Lease liability	(1,577,412)	
Subscription liability	(85,621)	
Financed purchase obligations	(22,750)	
Accrued compensated absences	(2,092,305)	
Workers' compensation	(3,048,397)	
Litigation and self-insurance	(3,732,163)	
Pollution remediation obligation	(37,166)	
Net pension liability	(10,940,285)	
Net OPEB liability	(20,072,830)	
Third party payor liability	<u>(136,623)</u>	(44,291,139)
Assets and liabilities of certain internal service funds are included in governmental activities in the accompanying statement of net position.		<u>(1,210,335)</u>
Net position (deficit) of governmental activities (page 29)		<u><u>\$ (11,042,614)</u></u>

The notes to the basic financial statements are an integral part of this statement.

COUNTY OF LOS ANGELES  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND  
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2023 (in thousands)

Net change in fund balances - total governmental funds (page 37)		\$ 1,179,257
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation/amortization expense:		
Expenditures for general capital assets, infrastructure and other related capital asset adjustments	\$ 679,893	
Less - current year depreciation expense	(420,633)	
Expenditures for right-to-use lease and subscription assets	345,402	
Less - current year amortization expense	<u>(143,929)</u>	460,733
In the statement of activities, only the gain or loss on the disposal and impairment of capital assets is reported, whereas in the governmental funds, the proceeds from the sale are reported as an increase in financial resources. Thus, the change in net position differs from the change in fund balance.		(4,976)
Contribution of capital assets is not recognized in the governmental funds.		43,923
Amortization of gain or loss on refunding of debt are reported as changes to deferred outflows of resources in governmental activities, but not reported for governmental funds.		(1,395)
Changes in unavailable revenues are reported as changes in deferred inflows of resources for governmental funds, but were recognized when earned for governmental activities.		(87,522)
Timing differences result in more or less revenues and expenses in the statement of activities.		
Change in accrued interest on long-term receivables	\$ 273	
Change in unamortized premiums	<u>5,260</u>	5,533
Issuance of long-term debt provides resources in the governmental funds, but increases long-term liabilities in the statement of net position.		(480,869)
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position:		
Certificates of participation and bonds	\$ 85,432	
Notes, loans, and lease revenue obligation notes	100,379	
Other long-term notes, loans, leases and subscriptions	<u>137,181</u>	322,992
Some expenses reported in the accompanying statement of activities do not require (or provide) the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
Change in workers' compensation	\$ (96,739)	
Change in litigation and self-insurance	(3,186,156)	
Change in pollution remediation obligation	866	
Change in accrued compensated absences	(130,204)	
Change in net pension liability, net of related deferred outflows of resources and deferred inflows of resources	254,831	
Change in net OPEB liability, net of related deferred outflows of resources and deferred inflows of resources	(160,383)	
Change in third party payor liability	(18,478)	
Change in accrued interest payable	1,389	
Change in accretion of tobacco settlement bonds	(5,035)	
Transfer of capital assets between governmental fund and enterprise fund	<u>(18,291)</u>	(3,358,200)
The portion of internal service funds that is reported with governmental activities.		<u>(7,200)</u>
Change in net position of governmental activities (page 31)		<u><u>\$ (1,927,724)</u></u>

The notes to the basic financial statements are an integral part of this statement.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The County of Los Angeles (County), which was established in 1850, is a legal subdivision of the State of California (State) charged with general governmental powers. The County's powers are exercised through an elected five member Board of Supervisors (Board), which, as the governing body of the County, is responsible for the legislative and executive control of the County. As required by generally accepted accounting principles (GAAP), these basic financial statements include both those of the County and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

The basic financial statements include blended, fiduciary and discretely presented component units. The blended component units, although legally separate entities are, in substance, part of the County's operations. The data from these units are combined with data of the primary government. The fiduciary component unit is reported under Fiduciary Funds in the basic financial statements. The discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements.

Blended Component Units

While each of the component units is legally separate from the County, the County is financially accountable for these entities. Financial accountability is primarily demonstrated by the County's Board acting as the governing board for each of the component units and its ability to impose its will or an existence of a financial benefit/burden relationship. County management has determined that the following related entities should be included in the basic financial statements as blended component units:

Fire Protection District	Waterworks Districts
Flood Control District	Los Angeles County Capital Asset Leasing Corporation (a Not-for-Profit Corporation) (NPC)
Garbage Disposal Districts	Various Joint Powers Authorities (JPAs)
Improvement Districts	Los Angeles County Securitization Corporation (LACSC)
Regional Park and Open Space District	Los Angeles County Facilities Inc. (LACF)
Sewer Maintenance Districts	
Street Lighting Districts	

The various districts are included primarily because the Board is also their governing board and the County has operational responsibilities for the districts. As such, the Board establishes policy, appoints management and exercises budgetary control. The NPC and JPAs have been included because their sole purpose is to finance and construct County capital assets and because they are dependent upon the County for funding.

The Los Angeles County Capital Asset Leasing Corporation (LACCAL) is organized as a not-for-profit corporation in which the primary government is the sole corporate member, as identified in LACCAL's articles of incorporation or bylaws, and the component unit is included in the financial reporting entity.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Blended Component Units-Continued

The LACSC is a California public benefit corporation created by the County Board in January 2006. Three directors, the County's Auditor-Controller, Treasurer and Tax Collector, and an independent party designated by at least one of the County directors, govern the LACSC. The LACSC purpose is to acquire the County's rights in relation to future tobacco settlement payments and to facilitate the issuance of long-term bonds secured by the County Tobacco Assets. The LACSC provides service solely to the County and is reported as a blended component unit of the County.

LACF is a California nonprofit public benefit corporation and an organization described under Section 501(c)(3) of the Internal Revenue Code of 1986. It was formed on April 25, 2016. On July 26, 2018, LACF issued \$302.38 million of lease revenue bonds to be used to finance the construction of the Vermont Corridor County Administration Building and parking structure. LACF is reported as a blended component unit because it provides services solely to the County and it is fiscally dependent on the County. It is reported under Public Buildings Debt Service and Capital Projects funds.

Fiduciary Component Unit

The County pension plan is administered by the Los Angeles County Employees Retirement Association (LACERA), which was established under the County Employees' Retirement Law of 1937 (CERL). LACERA is a cost-sharing, multi-employer defined benefit plan. LACERA provides retirement, disability, death benefits and cost of living adjustments to eligible members. LACERA also administers an agent multiple-employer Other Postemployment Benefit (OPEB) or Retiree Healthcare Program on behalf of the County. LACERA is reported in the Pension and OPEB Trust Funds on the Statement of Net Position - Fiduciary Funds of the basic financial statements and has been included because its operations are dependent upon County funding and because its operations, almost exclusively, benefit the County. LACERA issues a stand-alone financial report, which is available at its offices located at Gateway Plaza, 300 N. Lake Avenue, Pasadena, California 91101-4199 or at [www.LACERA.com](http://www.LACERA.com).

Discretely Presented Component Units

Los Angeles County Development Authority

The Los Angeles County Development Authority (LACDA) was established on July 1, 1982 under the provisions of Section 34100-34160 of the Health and Safety Code of the State of California.

LACDA is responsible for:

- Administering the Housing Choice Voucher and other Section 8 programs;
- Directing the County's housing programs, including planning, housing finance, production and conservation, and management of the County's public housing developments;
- Financing community improvements such as resurfacing streets and rehabilitating homes and businesses;
- Providing economic development, business revitalization services, and comprehensive planning systems for affordable housing; and
- Developing housing, business, and industry in designated areas.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Discretely Presented Component Units-Continued

Los Angeles County Development Authority-Continued

While its Board members are the same as the County Board, LACDA does not meet the criteria for blending due to the following: 1) there is no financial burden or benefit relationship with the County nor does management of the County have operational responsibilities over it; 2) LACDA does not provide services entirely or almost entirely to the County; and 3) LACDA's total debt outstanding is not expected to be repaid with resources of the County. The financial activity of LACDA is reported within the Discretely Presented Component Units column of the government-wide financial statements. LACDA issues a separate financial report that can be obtained at <https://www.lacda.org/home/about/agency-overview> or by writing to the Los Angeles County Development Authority at 700 W. Main Street, Alhambra, California 91801.

Los Angeles County Children and Families First - Proposition 10 Commission

Los Angeles County Children and Families First - Proposition 10 Commission, also known as First 5 LA, was established by the County as a separate legal entity to administer the County's share of tobacco taxes levied by the State pursuant to Proposition 10. The Board established First 5 LA with nine voting members and four non-voting representatives. Of the nine voting members, one is a member of the Board of Supervisors, three are heads of County Departments (Public Health, Mental Health, and Children and Family Services), and five are public members appointed by the Board. The non-voting representatives are from other County commissions and planning groups.

First 5 LA services support programs and services for children ages prenatal through five, and their families, in the areas of health, safety, early education and literacy. First 5 LA is a discretely presented component unit of the County because the County's Board appoints the voting Commissioners and the County has the ability to impose its will by removing those Commissioners at will. First 5 LA hires its own employees, including an Executive Director and functions independent of the County. It is discretely presented because its governing body is not substantially the same as the County's governing body and it does not provide services entirely or exclusively to the County. The financial activity of First 5 LA is reported within the Discretely Presented Component Units column of the government-wide financial statements. First 5 LA issues a separate financial report that can be obtained at [www.first5la.org/our-board/financials](http://www.first5la.org/our-board/financials) or by writing to First 5 LA at 750 N. Alameda Street, Suite 300, Los Angeles, California 90012.

Related Organization

Los Angeles County Office of Education (LACOE) is a legally separate entity from the County. LACOE is governed by a seven-member Board of Education appointed by the County Board. However, the County's accountability for LACOE does not extend beyond making appointments and no financial benefit/burden relationship exists between the County and LACOE. LACOE is deemed to be a related organization. LACOE issues a separate financial report that can be obtained by writing to the Los Angeles County Office of Education at 9300 Imperial Highway, Downey, California 90242-2890.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Basic Financial Statements

In accordance with Governmental Accounting Standards Board Statement (GASB) 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments," the basic financial statements consist of the following:

- Government-wide financial statements;
- Fund financial statements; and
- Notes to the basic financial statements.

Government-wide Financial Statements

The statement of net position and statement of activities display information about the primary government, the County, and its blended and discretely presented component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities, except for services provided among funds (other than internal service funds). These statements distinguish between the governmental and business-type activities of the County and between the County and its discretely presented component units.

Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipients of goods or services offered by the programs. Grants and contributions that are restricted to meeting the operational or capital requirements of a particular program are also recognized as program revenues. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

Net position is classified into the following three components: 1) net investment in capital assets; 2) restricted; and 3) unrestricted. Net position is reported as restricted when it has external restrictions imposed by creditors, grantors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation. At June 30, 2023, the restricted net position balances were \$5.083 billion and \$84.72 million for governmental activities and business-type activities, respectively. For governmental activities, \$1.053 billion was restricted by enabling legislation.

When both the restricted and unrestricted components of net position are available, restricted resources are used first and then unrestricted resources are used to the extent necessary.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category - governmental, proprietary, and fiduciary are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

In accordance with GAAP, the County reports on each major fund. By definition, the General Fund is always considered a major fund. Funds other than the General Fund must be reported as major funds if they meet both the ten percent and five percent criterion, defined respectively, 1) an individual fund reports at least ten percent of any of the following: a) total fund assets and deferred outflows of resources, b) total fund liabilities and deferred inflows of resources, c) total fund revenues, or d) total fund expenditures/expenses; 2) an individual fund reports at least five percent of the aggregated total for both governmental funds and enterprise funds of any one of the items for which it met the ten percent criterion. In addition, a fund may be reported as major if it is believed to be of particular importance to financial statement users.

The County reports the following major governmental funds:

General Fund

The General Fund is available for any authorized purpose and is used to account for and report all financial resources not accounted for and reported in another fund.

Fire Protection District

The Fire Protection District Fund is used to account for fire prevention and suppression, rescue service, management of hazardous materials incidents, ocean lifeguard services, and acquisition and maintenance of the Fire Protection District property and equipment. Funding comes primarily from the Fire Protection District's statutory share of the Countywide tax levy, voter-approved taxes and charges for services.

Flood Control District

The Flood Control District Fund provides flood protection services that incorporate an integrated water resource management approach in providing flood protection; increases local water availability through conservation efforts; increases stormwater capture and reduces stormwater and urban runoff pollution; and provides passive recreational opportunities. The primary sources of revenue for the Flood Control District are property taxes and benefit assessments (charges for services).

LA County Library

The LA County Library Fund is used to account for free library services to the unincorporated areas of the County and to cities that contract for these services. Funding comes primarily from the Library's statutory share of the Countywide tax levy and voter-approved taxes.

Regional Park and Open Space District

The Regional Park and Open Space District Fund is used to account for the programs designed to preserve beaches, parks, and wild lands, to acquire and renovate new and existing recreational facilities, and to restore rivers, streams, and trails in the County. Funding comes primarily from voter-approved special taxes.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Fund Financial Statements-Continued

Mental Health Services Act

The Mental Health Services Act (MHSA) Fund is used to account for the County's mental health delivery system for children, transition age youth, adults, older adults, and families. Revenues are derived primarily by the passage of State Proposition 63 in November 2004. Proposition 63 generates mental health revenue through a one percent income surcharge on individuals with State taxable incomes over \$1.00 million.

The County's four Hospital Funds and Waterworks Fund are all considered major funds for presentation purposes. There is one nonmajor enterprise fund (Aviation Fund). The Hospital Enterprise funds provide health services to County residents. Revenues are principally patient service fees. Subsidies are also received from the General Fund. The Waterworks Enterprise Fund provides water services to County residents. Revenues are derived primarily from the sale of water and water service standby charges. The Aviation Enterprise Fund provides airport services for five County airports. Revenues are derived primarily from airport charges and lease payments. A description of each enterprise fund is provided below:

Harbor-UCLA Medical Center

The Harbor-UCLA Medical Center (H-UCLA) provides acute and intensive care unit medical/surgical inpatient and outpatient services, trauma and emergency room services, acute psychiatric services, pediatric and obstetric services, and transplants.

Olive View-UCLA Medical Center

The Olive View-UCLA Medical Center (OV-UCLA) provides acute and intensive care, emergency services, medical/surgical inpatient and outpatient health care services, obstetric and gynecological services, and psychiatric services.

Los Angeles General Medical Center

The Los Angeles General Medical Center, formerly known as the LAC+USC Medical Center, provides acute and intensive care unit medical/surgical inpatient and outpatient services, trauma and emergency room services, a burn center, psychiatric services, renal dialysis, AIDS services, pediatric and obstetric services, and communicable disease services.

Rancho Los Amigos National Rehabilitation Center

The Rancho Los Amigos National Rehabilitation Center (Rancho) specializes in the rehabilitation for victims of spinal cord injuries and strokes, pathokinesiology and polio services, services for liver diseases, pediatrics, ortho diabetes, dentistry, and neuro-science.

Waterworks

The Waterworks Enterprise Fund is used to account for the administration, maintenance, operation and improvement of district water systems.

Nonmajor Aviation

The Aviation Enterprise Fund is used to account for the administration, maintenance, operation and improvement of the five airports which are owned by the County.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Fund Financial Statements-Continued

The following fund types have also been reported:

Internal Service Funds

The Internal Service Funds (ISFs) are used to account for the financing of services provided by a department or agency to other departments or agencies on a cost-reimbursement basis. The County's principal Internal Service Fund is used to account for the cost of services provided by the Department of Public Works to various other County funds and agencies.

Fiduciary Fund Types

Pension and Other Postemployment Benefit Trust

The Pension Trust Fund is used to account for the fiduciary activities of the County's Pension Plan administered by LACERA.

The OPEB Trust Fund is used to account for the fiduciary activities of the OPEB trust for the purpose of holding and investing assets to pre-fund the Retiree Healthcare Program administered by LACERA.

Investment Trust

The Investment Trust Fund is used to account for the fiduciary activities from the external portion of the investment pool and individual investment accounts which are administered through a trust agreement or equivalent arrangement in which the County is not a beneficiary. Participants include deposits held on behalf of cities and special districts.

Custodial

External Investment Pools

The External Investment Pools Funds are used to account for the fiduciary activities from the external portion of the investment pool for participants that do not have a trust agreement or equivalent arrangement in which the County is not a beneficiary. The participants primarily consist of deposits held on behalf of school districts, courts, and sanitation districts.

Other Custodial

The Other Custodial Funds include the property tax funds used to account for the fiduciary activities for the monies received from property and other taxes, which must be held pending authority for distribution. They also are used to account for funds which are held for other governmental agencies, including school districts and community college districts, or individuals in a custodial capacity.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Basis of Accounting

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants and similar items are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers revenues to be available if collectible within one year after year-end, except for property taxes, which are considered available to the extent that they are collectible within 60 days after year-end. When property taxes are measurable but not available, the collectible portion (taxes levied less estimated uncollectibles) is recorded as deferred inflows of resources in the period when an enforceable legal claim to the assets arises. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims (including workers' compensation) and judgments are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt, financed purchase obligations, lease liabilities, and subscription liabilities are reported as other financing sources.

For the governmental funds financial statements, revenues are recorded when they are susceptible to accrual. Specifically, ad valorem property taxes (except for redevelopment agency dissolution), sales taxes, investment income (loss), charges for services, and other miscellaneous revenue are all considered to be susceptible to accrual and have been recognized as revenue in the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met and are recorded at the time of receipt or earlier, if the susceptible to accrual criteria are met. When all eligibility requirements are met, except for the timing requirements, a deferred inflow of resources is reported until the time requirements have passed. All other revenues are not considered susceptible to accrual and are recognized when received, including property tax revenues derived from redevelopment agency dissolution.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Basis of Accounting-Continued

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's four Hospital Enterprise Funds (Hospitals) are from patient services. The principal operating revenues for the Waterworks Enterprise Fund, Nonmajor Aviation Enterprise Fund and Internal Service Funds are charges for services. Operating expenses for all Enterprise Funds and the Internal Service Funds include the cost of sales and services, administrative expenses and depreciation and amortization on capital assets. Medical malpractice expenses, which are self-insured, are classified as operating expenses of the Hospitals. All other revenues and expenses not meeting this definition are reported as nonoperating items. As discussed in Note 14, intergovernmental transfer payments are recorded in the Hospitals and this item is classified as a nonoperating expense.

Budgetary Data

In accordance with the provisions of Sections 29000-29144 of the Government Code of the State of California (Government Code), commonly known as the County Budget Act, the County prepares and adopts a budget on or before October 2 for each fiscal year. Budgets are adopted for the major governmental funds and certain nonmajor governmental funds on a basis of accounting that is different from GAAP. Annual budgets were not adopted for the JPAs, Public Buildings and the LACSC debt service funds, the capital project funds and the permanent funds.

The County budget is organized by budget unit and by expenditure object. Budget units are established at the discretion of the Board. Within the General Fund (with certain exceptions), budget units are generally defined as individual departments. For other funds, each individual fund constitutes a budget unit. Expenditures are controlled at the object level for all budget units within the County, except for capital asset expenditures, which are controlled at the sub-object level. The total budget exceeds \$46.323 billion and is currently controlled through the use of approximately 500 separate budget units. There were no excesses of expenditures over the related appropriations within any fund for the year ended June 30, 2023. The County prepares a separate budgetary document, the County Budget, which demonstrates legal compliance with budgetary control. This document is made available to the public on the County's website at <https://ceo.lacounty.gov/budget>, or can be obtained from the Auditor-Controller's office.

Transfers of appropriations between budget units must be approved by the Board. Supplemental appropriations financed by unanticipated revenue during the year must also be approved by the Board. Transfers of appropriations between objects of expenditure within the same budget unit must be approved by the Board or the Chief Executive Office, depending upon the amount transferred. The original and final budget amounts are reported in the accompanying basic financial statements. Any excess of budgetary expenditures and other financing uses over revenues and other financing sources is financed by beginning available fund balances as provided for in the County Budget Act.

Note 16 describes the differences between the budgetary basis of accounting and GAAP. A reconciling schedule is also presented for the major governmental funds.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Property Taxes

All jurisdictions within California derive their taxing authority from the State Constitution and various legislative provisions contained in the Government Code and Revenue and Taxation Code. Property is assessed at 100% of full cash or market value (with some exceptions) pursuant to Article XIII A of the California State Constitution and statutory provisions by the County Assessor and State Board of Equalization. The total Fiscal Year (FY) 2022-2023 assessed valuation of the County approximated \$1.911 trillion.

The property tax levy to support general operations of the various jurisdictions is limited to one percent (1%) of full cash value and is distributed in accordance with statutory formulae. Amounts needed to finance the annual requirements of voter-approved debt are excluded from this limitation and are separately calculated and levied each fiscal year. The rates are formally adopted by either the Board or the city councils and, in some instances, the governing board of a special district.

The County is divided into 13,016 tax rate areas, which are unique combinations of various jurisdictions servicing a specific geographic area. The rates levied within each tax rate area vary only in relation to levies assessed as a result of voter-approved taxes or indebtedness.

Property taxes are levied on both real and personal property. Secured property taxes are levied during September of each year. They become a lien on real property on January 1 preceding the fiscal year for which taxes are levied. These tax payments can be made in two equal installments; the first is due November 1 and delinquent with penalties after December 10; the second is due February 1 and delinquent with penalties after April 10. Secured property taxes, which are delinquent and unpaid as of June 30, are declared to be tax defaulted and are subject to redemption penalties, costs, and interest when paid. If the delinquent taxes are not paid at the end of 5 years, the property may be sold at public auction. The proceeds are used to pay the delinquent amounts due, and any excess is remitted, if claimed, to the taxpayer. Additional tax liens are created when there is a change in ownership of property or upon completion of new construction. Tax bills for these new tax liens are issued throughout the fiscal year and contain various payment and delinquent dates but are generally due within one year. If the new tax liens are lower, the taxpayer receives a tax refund rather than a tax bill. Unsecured personal property taxes are not a lien against real property. These taxes are due on August 1 and become delinquent, if unpaid, on August 31.

Property owners affected by the Coronavirus Disease 2019 (COVID-19) pandemic may have late payment penalties cancelled if they were unable to pay their FY 2022-2023 property taxes by the deadline. The California Revenue and Taxation Code grants the Treasurer and Tax Collector the authority to cancel payment penalties in limited circumstances. The Treasurer and Tax Collector has been accepting requests for a property tax penalty cancellation related to COVID-19. The program ended in March 2023.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Legislation Dissolving Redevelopment Agencies and Affect on Property Taxes

State Assembly Bill (AB) x1 26, also referred to as the "Redevelopment Dissolution Act" was approved in 2011. Under AB x1 26, property tax revenues are allocated to pay enforceable legal obligations, pass-through payments and eligible administrative costs. Any remaining property tax revenues, otherwise known as "residual taxes," are distributed as property tax revenue to the appropriate local government agencies, including the County. In FY 2018-2019, 5 Oversight Boards were established in the County per Senate Bill 107. The Oversight Boards are required to evaluate and approve the successor agencies' remaining enforceable legal obligations. The County Auditor-Controller is responsible for disbursing property tax increment revenues in accordance with provisions of AB x1 26 and applicable amendments. For the year ended June 30, 2023, the County's share of residual property tax revenues was \$473.40 million, of which \$390.53 million was recognized in the County's General Fund.

Deposits and Investments

Deposits and investments as discussed in Note 4 are reflected in the following asset accounts:

Pooled Cash and Investments

As provided for by the Government Code, the cash balances of substantially all funds are pooled and invested by the County Treasurer for the purpose of increasing interest earnings through investment activities. Interest earned on pooled investments is deposited to participating funds based upon each fund's average daily deposit balance during the allocation period. Each respective fund's share of the total pooled cash and investments is included among asset balances under the caption "Pooled Cash and Investments."

Pooled Cash and Investments are identified within the following categories for all County operating funds:

Operating Pooled Cash and Investments

This account represents amounts reflected in the County's day-to-day financial records. Such amounts are utilized to determine the availability of cash for purposes of disbursing and borrowing funds.

Other Pooled Cash and Investments

This account represents amounts identified in various funds as of June 30, 2023, that were owed to or were more appropriately classified in County operating funds. Accordingly, certain cash balances have been reclassified from the custodial funds.

Other Investments

This account represents Pension and OPEB Trust Fund investments, various JPAs, NPCs and Public Buildings (bond financed capital assets, including leases), and amounts on deposit with the County Treasurer, which are invested separately as provided by the Government Code or by specific instructions from the depositing entities.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Deposits and Investments-Continued

Restricted Assets

Enterprise Funds' restricted assets represent cash and investments of certain JPAs and Public Buildings projects restricted in accordance with the provisions of the certificates of participation issued. The Internal Service Funds' restricted assets represent cash and investments restricted for debt service in accordance with the provisions of the LACCAL bond indenture. All of the above noted assets are included in the various disclosures in Note 4. These restricted assets are presented as noncurrent assets and are generally associated with long-term bonds and certificates of participation payable.

Lease Receivable

As a lessor, the County recognized a lease receivable and a corresponding deferred inflow of resources based on the payment provisions of the contracts in the government-wide Statement of Net Position and the governmental funds balance sheet as discussed in Note 9. The lease receivable was measured at the present value of lease payments expected to be received during the lease term. The deferred inflows of resources was measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relate to future periods. The amount of lease revenue and interest revenue are reflected as program revenues under "Charges for Services" on the Statement of Activities.

Inventories

Inventories, which consist of materials and supplies held for consumption, are valued at cost using the first in/first out basis. The inventory costs of the governmental funds are accounted for as expenditures when the inventory items are purchased. Reported inventories are categorized as nonspendable fund balance as required by GASB 54, "Fund Balance Reporting and Governmental Fund Type Definitions" (GASB 54) because these amounts are not available for appropriation and expenditure.

Capital Assets

Capital assets, which include land and easements, buildings and improvements, equipment, intangible assets, infrastructure assets, lease assets, intangible right-to-use assets, and subscription assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Infrastructure assets are divided into the five following networks: road, water, sewer, flood control and aviation. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Intangible right-to-use assets are defined as lease assets and subscription assets with a useful life of more than one year and are recorded at the present value of future lease or subscription payments, including expenses to place the asset into service. In accordance with GASB Statement Nos. 87 and 96, the County has reported intangible right-to-use assets for land, buildings and improvements, equipment, and subscriptions. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Capital Assets-Continued

Capital outlay is recorded as expenditures in the governmental fund financial statements and as assets in the government-wide financial statements to the extent the County's capitalization threshold is met. GASB 89, "Accounting for Interest Cost Incurred before the End of a Construction Period," changed the accounting for interest cost incurred before the end of a construction period for business-type activities and enterprise funds. It requires that such interest cost be recognized as an expense in the period in which the cost is incurred. Accordingly, such interest costs for business-type activity and enterprise funds are no longer capitalized as part of the historical cost of a capital asset.

The County's capitalization thresholds are \$5,000 for equipment, \$100,000 for buildings and improvements, \$1 million for software intangible assets, \$100,000 for non-software intangible assets, \$25,000 for infrastructure assets, \$500,000 for lease assets, and \$5,000 for subscription assets. Maintenance and repairs are charged to operations when incurred. Betterments and major improvements, which significantly increase values, change capacities, or extend useful lives are capitalized subject to the threshold in the affected asset category. Upon sale or retirement of capital assets, the cost and the related accumulated depreciation or amortization, as applicable, are removed from the respective accounts and any resulting gain or loss is included in the results of operations. Specific disclosures related to capital assets appear in Note 5. Amortization for software, other intangible assets, lease assets, and subscription assets is included in the reporting of depreciation.

Capital assets are depreciated or amortized using the straight-line method over the following estimated useful lives:

Buildings and Improvements	10 to 50 years
Equipment	2 to 35 years
Software	5 to 25 years
Infrastructure	15 to 100 years
Lease assets	Shorter of the asset's useful life or the lease term
Subscription assets	Shorter of the asset's useful life or the agreement term

Works of art and historical treasures held for public exhibition, education, or research in furtherance of public service, rather than financial gain, are not capitalized. These items are protected, encumbered, conserved, and preserved by the County. It is the County's policy to utilize proceeds from the sale of these items for the acquisition of other items for collection and display.

Deferred Outflows and Inflows of Resources

Pursuant to GASB 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position," and GASB 65, "Items Previously Reported as Assets and Liabilities," the County recognizes deferred outflows of resources and/or deferred inflows of resources in the government-wide statement of net position, governmental funds balance sheets, and proprietary funds statement of net position.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Deferred Outflows and Inflows of Resources-Continued

In addition to assets, the financial statements report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense/expenditures) until then.

In addition to liabilities, the financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time, except for pension and OPEB related deferred inflows of resources, which will be recognized as a credit to expense.

Specific disclosures of items representing deferred outflows and inflows of resources appear in Note 20.

Advances Payable

The County uses certain funds as clearing accounts for the distribution of financial resources to other County funds. Pursuant to GASB 34, for external financial reporting purposes, the portions of the clearing account balances that pertain to other County funds should be reported as cash of the appropriate funds. The corresponding liability is included in "Advances Payable" because the amounts represent unearned revenue. The unspent balance of certain COVID-19 related financial assistance payments are recognized as Advances Payable due to the uncertainty on the revenue recognition. See Note 22 for additional information.

Compensated Absences

Vacation pay benefits accrue to employees ranging from 10 to 25 days per year depending on years of service and the benefit plan. Sick leave benefits accrue at the rate of 10 to 12 days per year for union represented employees depending on years of service. Non-represented employees accrue at a rate of up to eight days of sick leave per year depending on the benefit plan. Employees can also accumulate unused holiday and compensatory time off benefits throughout the year. All benefits are payable upon termination, if unused, within limits and rates as specified in the County Salary Ordinance.

Liabilities for accrued compensated absences are accrued in the government-wide financial statements and in the proprietary funds. For the governmental funds, expenditures are recorded when amounts become due and payable (i.e., when employees terminate from service).

Lease Liability

As a lessee, a lease is defined as a contractual agreement that conveys control of the right-to-use another entity's nonfinancial asset, for a minimum contractual period of greater than one year, in an exchange or exchange-like transaction. The County leases a significant amount of nonfinancial assets such as land, buildings, and equipment. The related lease liabilities are presented in the amounts equal to the present value of lease payments, payable during the remaining lease term. A lease liability, as discussed in Note 9, and the associated right-to-use lease asset, as discussed in Note 5, is recognized on the government-wide Statement of Net Position.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Subscription Liability

A subscription is defined as a contractual agreement that conveys control of the right-to-use another entity's information technology software, for a minimum contractual period of greater than one year, in an exchange or exchange-like transaction. The County has entered into various subscription based information technology arrangements. The related subscription liabilities are presented in the amounts equal to the present value of subscription payments, payable during the remaining subscription term. A subscription liability, as discussed in Note 10, and the associated right-to-use subscription asset, as discussed in Note 5, is recognized on the government-wide Statement of Net Position.

Net Pension Liability and Related Balances

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of LACERA and additions to/deductions from LACERA's fiduciary net position have been determined on the same basis as they are reported by LACERA. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Reported results pertain to liability and asset information within the following defined timeframes:

Valuation Date - June 30, 2021 rolled forward to June 30, 2022

Measurement Date - June 30, 2022

Measurement Period - July 1, 2021 to June 30, 2022

Net OPEB Liability and Related Balances - Retiree Healthcare

For purposes of measuring the net OPEB liability related to Retiree Healthcare, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of LACERA and additions to/deductions from LACERA's fiduciary net position have been determined on the same basis as they are reported by LACERA. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Reported results pertain to liability and asset information within the following defined timeframes:

Valuation Date - June 30, 2021 rolled forward to June 30, 2022

Measurement Date - June 30, 2022

Measurement Period - July 1, 2021 to June 30, 2022

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Total OPEB Liability and Related Balances - Long-Term Disability

For purposes of measuring the total OPEB liability related to Long-Term Disability (LTD), deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the plan. For this purpose, the LTD plan recognizes benefit payments when due and payable in accordance with the benefit terms. Reported results pertain to liability information within the following defined timeframes:

Valuation Date - June 30, 2021 rolled forward to June 30, 2022

Measurement Date - June 30, 2022

Measurement Period - July 1, 2021 to June 30, 2022

Long-term Debt

In the government-wide and proprietary funds financial statements, long-term debt and other long-term obligations, including financed purchase obligations, are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary funds statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized in the period issued.

In the governmental funds financial statements, bond premiums, discounts, and issuance costs are recognized in the period issued. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. Interest is reported as an expenditure in the period in which the related payment is made. The matured portion of long-term debt (i.e., portion that has come due for payment) is reported as a liability in the fund financial statements of the related fund.

Fund Balances

In the fund financial statements, the governmental funds report the classification of fund balance in accordance with GASB 54. The reported fund balances are categorized as nonspendable, restricted, committed, assigned, or unassigned based on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Specific details related to Fund Balances appear in Note 21.

Nonspendable Fund Balance - amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example: inventories and long-term notes receivable.

Restricted Fund Balance - amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. Restrictions may effectively be changed or lifted only by changing the condition of the constraint.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Fund Balances-Continued

Committed Fund Balance - amounts that can only be used for the specific purposes determined by a formal action of the County's highest level of decision-making authority, the County's Board. Commitments may be changed or lifted only by the County taking the same formal action that imposed the constraint originally. The underlying action that imposed the limitation needs to occur no later than the close of the fiscal year.

Assigned Fund Balance - amounts intended to be used by the County for specific purposes that are neither restricted nor committed. The intent can be established at either the highest level of decision making, or by a body or an official designated for that purpose. Authorization to assign fund balance rests with the County's Board through the budget process. The Board has also delegated authority to the Chief Executive Officer and County Department Heads for contracts and purchasing authority.

Unassigned Fund Balance - the residual classification for the County's General Fund that includes amounts not contained in other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The Board establishes, modifies, or rescinds fund balance commitments by passage of an ordinance or resolution. For its budget, the County utilizes the GASB 54 criteria and an ordinance or resolution that are equally binding, for purposes of establishing a fund balance commitment. This is done through the adoption of the budget and subsequent amendments that occur throughout the fiscal year.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

Cash Flows

For purposes of reporting cash flows, all amounts reported as "Pooled Cash and Investments," "Other Investments," and "Restricted Assets" are considered cash equivalents. Pooled cash and investment amounts represent funds held in the County Treasurer's cash management pool. Other investments and restricted assets are invested in money market mutual funds and U.S. Treasury securities held by outside trustees. Such amounts are similar in nature to demand deposits (i.e., funds may be deposited and withdrawn at any time without prior notice or penalty).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain assets and deferred outflows of resources, liabilities and deferred inflows of resources, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

2. NEW ACCOUNTING PRONOUNCEMENTS

The following GASB Statements have been implemented in the current basic financial statements.

GASB Statement No. 91 - Statement No. 91, "Conduit Debt Obligations", provides a single method of reporting conduit debt obligations by issuer and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This statement is effective for reporting periods beginning after December 15, 2021. This statement did not have a material impact on the financial statements. See Note 13 for additional information.

GASB Statement No. 94 - Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements", improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. This statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. The statement is effective for reporting periods beginning after June 15, 2022. See Note 6 for additional information.

GASB Statement No. 96 - Statement No. 96, "Subscription-Based Information Technology Arrangements" provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs). This statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. This statement is effective for fiscal years beginning after June 15, 2022. See below for the restatement of Net Position, capital assets and long-term obligations due to implementation of this statement.

GASB Statement No. 99 - Statement No. 99, "Omnibus 2022", enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. GASB Statement No. 99, paragraphs 11-25 are effective for reporting periods beginning after June 15, 2022. This statement did not have a material impact to the financial statements.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

2. NEW ACCOUNTING PRONOUNCEMENTS-Continued

Restatement of Net Position

GASB 96

The County implemented GASB 96 during the fiscal year, which resulted in a restatement of net position, capital assets and long-term obligations. LACDA's net position was also restated due to the acquisition of a prior year capital asset. Net position at July 1, 2022, as restated is shown in the table below.

Table of beginning net position and fund balance restatements (in thousands):

	Government-wide
	Governmental Activities
Net position at July 1, 2022, as previously reported	\$ (9,115,455)
Add capital assets, intangible asset - right-to-use subscription asset under GASB Statement No. 96 at July 1, 2022 (See Note 5)	55,802
Less subscription liabilities under GASB Statement No. 96 at July 1, 2022 (See Note 11)	(55,237)
Net position at July 1, 2022, as restated	\$ (9,114,890)

	Internal Service Funds	Discretely Presented Component Units
	Public Works	LACDA
Net position at July 1, 2022, as previously reported	\$ (1,207,154)	\$ 719,671
Add capital assets, intangible asset - right-to-use subscription asset under GASB Statement No. 96 at July 1, 2022 (See Note 5)	613	271
Less subscription liabilities under GASB Statement No. 96 at July 1, 2022	(613)	
Prior year capital asset acquisition (See Note 5)		3,498
Net position at July 1, 2022, as restated	\$ (1,207,154)	\$ 723,440

Although the net position for the Internal Service Funds was not restated, it was included in the table above to show the impact of the implementation of GASB 96.

COUNTY OF LOS ANGELES  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED JUNE 30, 2023

3. DEFICIT NET POSITION

The following activities/funds had a net deficit at June 30, 2023 (in thousands):

	Accumulated Deficit
<u>Government-wide:</u>	
Governmental Activities	\$ 11,042,614
Business-type Activities	816,322
<u>Enterprise Funds:</u>	
Harbor-UCLA Medical Center	351,460
Olive View-UCLA Medical Center	584,724
Los Angeles General Medical Center	829,515
Rancho Los Amigos National Rehab Center	16,465
<u>Internal Service Funds:</u>	
Public Works	1,213,476

The government-wide governmental and business-type activities, enterprise and internal service funds deficits result primarily from the recognition of certain liabilities including accrued compensated absences, net pension liability, net OPEB liability, workers' compensation, self-insurance and, for the enterprise funds, medical malpractice, and third party payors, as required by GAAP. Deficits are expected to continue until such liabilities are retired through user charges or otherwise funded.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

4. CASH AND INVESTMENTS

Investments in the County's cash and investment pool, other cash and investments, and Pension and OPEB Trust Funds investments, are stated at fair value. Aggregate pooled cash and investments and other cash and investments are as follows at June 30, 2023 (in thousands):

	Pooled Cash and Investments	Other Investments	Restricted Assets		Total
			Pooled Cash and Investments	Other Investments	
Governmental Funds	\$ 15,912,770	62,382			\$ 15,975,152
Proprietary Funds	1,156,418		96,265	3,390	1,256,073
Fiduciary Funds (excluding Pension and OPEB)	34,733,467	146,448			34,879,915
Pension and OPEB Trust Funds	129,878	78,641,958			78,771,836
Discretely Presented Component Units	182,030	791,448		11,870	985,348
<b>Total</b>	<b>\$ 52,114,563</b>	<b>79,642,236</b>	<b>96,265</b>	<b>15,260</b>	<b>\$ 131,868,324</b>

A summary of cash and investments (by type) as of June 30, 2023 is as follows (in thousands):

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

4. CASH AND INVESTMENTS-Continued

County Treasurer Cash

As of June 30, 2023, the County Treasurer (Treasurer) maintained accounts in six banks. The carrying amount of the Treasurer's total deposits in financial institutions was \$256.44 million, deposits in transit were \$11.70 million, and cash in the Treasurer's vault was \$188 thousand.

Under California Government Code Section 53652, each financial institution in California is required to pledge a pool of securities as collateral against all of its public deposits. California Government Code Section 53651 and 53652 delineate the types of eligible securities and the required collateral percentage of at least 110%, respectively. However, for the letters of credit issued by the Federal Home Loan Bank of San Francisco, with the consent of the Treasurer, the California Government Code 53632 only requests the collateral percentage to be 105%. In addition, under California Government Code Section 53653, the Treasurer has discretion to waive security for the portion of any deposits as insured pursuant to federal law. Through contractual agreement, the Treasurer has opted to waive security for the portion of deposits that is federally insured.

The total balance of deposits in financial institutions was covered by federal depository insurance or collateralized with securities monitored by the Department of Financial Protection and Innovation (DFPI). DFPI confirmed that the pools of collateral related to the County Treasurer's deposits were maintained at required levels as of June 30, 2023.

County Investment Pool

California Government Code Sections 53601 and 53635 authorize the Treasurer to invest the External Investment Pool (Pool) and SPI funds in obligations of the United States Treasury, federal agencies, municipalities, asset-backed securities, bankers' acceptances, commercial paper, negotiable certificates of deposit, medium-term notes, corporate notes, repurchase agreements, reverse repurchase agreements, forwards, futures, options, shares of beneficial interest of a Joint Powers Authority (JPA) that invests in authorized securities, shares of beneficial interest issued by diversified management companies known as money market mutual funds (MMF) registered with the Securities and Exchange Commission (SEC), securities lending agreements, the State of California's Local Agency Investment Fund (LAIF), and supranational institutions. California Government Code Section 53534 authorizes the Treasurer to enter into interest rate swap agreements. However, these agreements are only used in conjunction with the sale of the bonds approved by the Board. As permitted by the California Government Code, the Treasurer developed, and the Board adopted, an Investment Policy that further defines and restricts the limits within which the Treasurer may invest. The investments are managed by the Treasurer, which reports investment activity to the Board on a monthly basis. In addition, the Treasurer's investment activity is subject to an annual investment policy review, compliance oversight, quarterly financial review, and annual financial reporting. The Treasurer also maintains Other Specific Investments, which are invested pursuant to Section 1300.76.1, Title 28, California Code of Regulations. The County has not provided nor obtained any legally binding guarantees during the year ended June 30, 2023, to support the value of shares in the Pool.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

4. CASH AND INVESTMENTS-Continued

County Investment Pool-Continued

The School Districts and the Superior Court are required by legal provisions to participate in the County's investment pool. Sixty percent (59.87%) of the Treasurer's Pool consists of these involuntary participants. Voluntary participants in the County's Pool include the Sanitation Districts, Metropolitan Transportation Authority, the South Coast Air Quality Management District and other special districts with independent governing boards. The deposits held for both involuntary and voluntary entities are included in either the Investment Trust Fund or the External Investment Pool (Custodial Fund). Certain SPI have been made by the County as directed by external depositors. This investment activity occurs separately from the County's Pool and is reported in the External Specific Investment Pool (Custodial Fund) in the amount of \$146.15 million. The Pool is not registered as an investment company with the SEC. California Government Code statutes and the County Board set forth the various investment policies that the Treasurer must follow.

Investments are stated at fair value and are valued on a monthly basis. The Treasurer categorizes its fair value measurements within the fair value hierarchy established by GAAP. Securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Securities classified in Level 2 of the fair value hierarchy are valued using other observable inputs such as matrix pricing techniques or based on quoted prices for assets in markets that are not active. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Level 3 inputs are significant unobservable inputs. Securities classified in Level 3 are valued using the income approach such as discounted cash flow techniques. Investment in an external government investment pool is not subject to reporting within the level hierarchy.

Investments in LAIF are governed by the California Government Code and overseen by a five member Local Investment Advisory Board as designated by the California Government Code. As of June 30, 2023, the total amount invested by all California local governments and special districts in LAIF was \$25.680 billion. LAIF is part of the State of California's Pooled Money Investment Account (PMIA), which as of June 30, 2023 had a balance of \$178.383 billion. The PMIA is not SEC registered, but is required to invest according to the California Government Code. Included in the PMIA's investment portfolio are structured notes and asset-backed securities totaling \$4.960 billion at June 30, 2023. Collectively, these represent 2.78% of the PMIA balance of \$178.383 billion. The SPI holdings in the LAIF investment pool as of June 30, 2023, were \$40.63 million, which were valued using a fair value factor provided by LAIF.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

4. CASH AND INVESTMENTS-Continued

County Investment Pool-Continued

The Treasurer has the following recurring fair value measurements as of June 30, 2023 (in thousands):

Pool	Fair Value	Fair Value Measurement Using			External Government Investment Pools
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Commercial Paper	\$ 13,701,956	\$	\$ 13,701,956	\$	\$
Corporate and Deposit Notes	10,480		10,480		
Los Angeles County Securities	4,725			4,725	
Negotiable Certificates of Deposit	2,948,935		2,948,935

- (1) Pursuant to the California Government Code 53601, the Board granted authority to make investments in U.S. Treasury Notes, Bills and Bonds, and U.S. Agency Securities that have maturities beyond 5 years.
- (2) Any obligation issued or caused to be issued on behalf of other County affiliates must have a minimum rating of "A3" (Moody's) or "A-" (S&P or Fitch) and the maximum maturity is limited to thirty years. Any short- or medium-term obligation issued by the State of California or a California local agency must have a minimum rating of "MIG-1" or "A2" (Moody's) or "SP-1" or "A" (S&P) and the maximum maturity is limited to 5 years.
- (3) All Asset-Backed securities must be rated at least "AA." Pool Policy also requires that Asset-Backed securities issuers' debts be rated "A" or its equivalent or better.
- (4) Euro Certificates of Deposit are further restricted to a maximum maturity of one year and a maximum percentage of portfolio of 10%.
- (5) Floating Rate Notes are further restricted to a maximum maturity of 5 years, maximum of 10% of the portfolio, and maximum investment in one issuer of \$750 million. The maximum maturity may be 7 years, provided that the Board's authorization to exceed maturities in excess of 5 years is in effect, of which \$100 million par value may be greater than 5 years to maturity.
- (6) The maximum percentage of the portfolio is based on the investment limit established by LAIF for each account, not by Pool Policy.
- (7) The maximum par value is limited to a combined total of reverse repurchase agreements and securities lending agreements of 20% of the base value of the portfolio.

\*Represents restriction in which the County's Investment Policy is more restrictive than the California Government Code.

U.S. Treasury Bills	7,360,319	7,363,691	4.33% - 5.26%	07/05/23 - 06/13/24	0.29
Total	<u>\$ 51,936,404</u>	<u>\$ 54,574,147</u>			1.86

The unrealized loss on investments held in the Pool was \$2.638 billion as of June 30, 2023. This amount takes into account all changes in fair value that occurred during the year. The method used to apportion the unrealized loss was based on a pro-rata share of each funds' cash balance as of June 30, 2023 relative to the County Pool balances. A separate financial report is issued for the Pool for the year ended June 30, 2023 and can be obtained at <https://ttc.lacounty.gov/investor-information/>.

Specific Purpose Investments and Other Specific Investments

A summary of investments held by the SPI and Other Specific Investments at June 30, 2023 is as follows (dollars in thousands):

SPI	Fair Value	Principal	Interest Rate Range	Maturity Range	Weighted Average Maturity In Years

4. CASH AND INVESTMENTS-Continued

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County's Investment Policy limits most investment maturities to less than five years, with the exception of U.S. Treasury Notes, Bills, and Bonds and U.S. Agency Securities, which may have maturities beyond five years. The Treasurer manages the Pool and mitigates exposure to declines in fair value by generally investing in short-term investments with maturities of six months or less and by holding all investments to maturity.

Historically, the Treasurer manages the Pool's exposure to declines in fair value by limiting its weighted average maturity target to a range between 1.0 and 2.0 years, in accordance with the Investment Policy. However, due to increased fluctuations of the Pool size and market activity resulting from COVID-19, the Treasurer increased the weighted average maturity target to between 1.0 and 3.0 years in FY 2020-2021 as permitted under the Investment Policy. Due to continued fluctuations in the Pool size and market activity resulting from COVID-19, the Treasurer further increased the weighted average maturity target to between 1.0 and 4.0 years on August 30, 2021. For purposes of computing weighted average maturity, the maturity date of variable-rate notes is the stated maturity.

The balance of the Pool's investments at June 30, 2023, is \$51.936 billion, of which 61.38% will mature in six months or less. Of the remainder, 35.44% have a maturity of more than one year. At June 30, 2023, the weighted average maturity in years for the Pool was 1.86 years.

The California Government Code and the Investment Policy allow the Treasurer to purchase floating rate notes, that is, any instruments that have a coupon interest rate that is adjusted periodically due to changes in a base or benchmark rate. The Investment Policy limits the amount invested in floating rate notes to 10% of the Pool portfolio. The Investment Policy prohibits the purchase of inverse floating rate notes and hybrid or complex structured investments and for the year ended June 30, 2023, the Pool contained floating rate notes at fair value of \$5.00 million (0.01% of the Pool). The notes are tied to the six-month U.S. Treasury Bill and Bank of America prime rates. The fair value of variable securities is generally less susceptible to changes in value than fixed rate securities because the variable-rate coupon resets back to the market rate on a periodic basis.

At June 30, 2023, there were no variable rate notes in the SPI and Other Specific Investments.

Fair value fluctuates with interest rates, and increasing interest rates could cause fair value to decline below original cost. County management believes the liquidity in the portfolios is adequate to meet cash flow requirements and to preclude the County from having to sell investments below original cost for that purpose.

Custodial Credit Risk

Custodial credit risk for investments is the risk that the Treasurer will not be able to recover the value of investment securities that are in the possession of an outside party. Investments are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Treasurer and are held by either the counterparty, or the counterparty's trust department or agent but not in the Treasurer's name. At year-end, all Pool, SPI and Other Specific Investment securities, except for the Rancho Palos Verdes Redevelopment Agency Tax Allocation Bond (RPV Bond), Bond Anticipation Notes (BANS) and LAIF, were held by the custodian bank in the name of the Treasurer. The RPV Bond and BANS were held in the Treasurer's vault and are recorded in the Los Angeles County Securities line item. The LAIF investments were managed by the State of California and the County is considered a pool participant.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

4. CASH AND INVESTMENTS-Continued

Credit Risk and Concentration of Credit Risk

Credit risk is the risk that an issuer, or other counterparty to an investment, will not fulfill its obligations. Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The County mitigates these risks by holding a diversified portfolio of high quality investments.

The Investment Policy establishes acceptable credit ratings for investments from any two of three Nationally Recognized Statistical Rating Organizations (NRSRO). For an issuer of short-term debt, the rating must be no less than A-1 (S&P) or P-1 (Moody's), and F-1 (Fitch) while an issuer of long-term debt shall be rated no less than an "A." All investments purchased during the year ended June 30, 2023 met the credit rating criteria in the Investment Policy, at the issuer level. However, while the NRSROs did rate the issuer of the investments purchased, the NRSROs did not, in all instances, rate the investment itself (e.g., commercial paper, corporate and deposit notes, negotiable certificates of deposit, and U.S. Treasury bills, bonds and notes). Accordingly, for purposes of reporting the credit quality distribution of investments, some investments are reported as not rated.

The Investment Policy also permits investments in LAIF, pursuant to California Government Code Section 16429.1. At June 30, 2023, a portion of the SPI was invested in LAIF, which is unrated as to credit quality.

The Pool and SPI had the following investments in a single issuer that represent 5% or more of total investments at June 30, 2023 (dollars in thousands):

Issuer	Pool		SPI	
	Fair Value	% of Portfolio	Fair Value	% of Portfolio
Federal Home Loan Bank	\$ 9,613,104	18.51%	\$ 104,718	37.21%
Federal Home Loan Mortgage Corporation	6,581,349	12.67%	55,223	19.63%
Federal Farm Credit Bank	6,496,390	12.51%	39,258	13.95%
Federal National Mortgage Association	2,652,132	5.11%

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

4. CASH AND INVESTMENTS-Continued

Reverse Repurchase Agreements

The California Government Code permits the Treasurer to enter into reverse repurchase agreements, that is, a sale of securities with a simultaneous agreement to repurchase them in the future at the same price plus a contract rate of interest. The fair value of the securities underlying reverse repurchase agreements normally exceeds the cash received, providing the broker-dealer a margin against a decline in the fair value of the securities. If the broker-dealer defaults on the obligation to resell these securities to the County or provide securities or cash of equal value, the County would suffer an economic loss equal to the difference between the fair value plus accrued interest of the underlying securities and the agreement obligation, including accrued interest.

The County's investment guidelines limit the maximum par value of reverse repurchase agreements to \$500.00 million and proceeds from reverse repurchase agreements may only be reinvested in instruments with maturities at or before the maturity of the reverse repurchase agreement. During the fiscal year, the County did not enter into any reverse repurchase agreements.

Securities Lending Transactions

For the year ended June 30, 2023, the Pool did not enter into any securities lending transactions.

Cash and Investments - Held by Outside Trustees

NPC and JPAs have been established for the purpose of rendering assistance to the County to refinance, acquire, construct, improve, lease and sell properties and equipment, including the construction of buildings, and purchase of equipment, land, and any other real or personal property, for the benefit of County residents, through the issuance of bonds, certificates of participation notes (COPs) and commercial paper.

The NPC and JPAs' cash is invested with the outside trustees and the amounts are held in the NPC and JPAs name. Investment practices are governed by the County's investment guidelines, established pursuant to the California Government Code and the County Board's action.

Investments are stated at fair value. Deposits held by outside trustees as of June 30, 2023 were \$626. A total of \$72.29 million of investments held by outside trustees are invested in the Pool. In addition, the outside trustees invested \$63.18 million outside of the Pool.

The following is a summary of investments held by outside trustees as of June 30, 2023 (dollars in thousands):

	<u>Fair Value</u>	<u>Principal</u>	<u>Interest Rate Range</u>	<u>Maturity Range</u>	<u>Weighted Average Maturity (Years)</u>

4. CASH AND INVESTMENTS-Continued

LACERA Investment Portfolio-Continued

Investment Risks

The County Employees Retirement Law of 1937 (CERL) vests the Board of Investments (BOI) with exclusive control over LACERA's investment portfolio. The BOI established Investment Policy Statements and Manager Guidelines for the management of the LACERA defined benefit retirement plan (Pension Plan) and the LACERA Other Post-Employment Benefit Master Trust (OPEB Master Trust or OPEB Trust). BOI exercises authority and control over the management of LACERA's Fiduciary Net Position Restricted for Benefits by setting a policy that the investment staff executes either internally or through the use of prudent external experts.

Each Investment Policy Statement recognizes that every investment asset class and type is subject to certain risks. Outlined below are the deposit and investment risks as they relate to fixed income investments.

Credit Risk

Credit risk is the risk that an issuer or a counterparty to an investment transaction will not fulfill its obligations, causing the investment to decline in value. LACERA seeks to maintain a diversified portfolio of fixed income instruments in order to obtain the highest total return for the Pension plan at an acceptable level of risk within this asset class. To control credit risk, credit quality guidelines have been established.

Investment Grade Bonds

Investment Grade bonds are categorized as a component of the Risk Reduction and Mitigation functional asset category. LACERA invests with Core investment grade bond managers. Investment guidelines for Core managers require that they invest predominantly in sectors represented in their benchmark index, which consists 100% of bonds rated investment grade. As a result, Core portfolios contain almost 100% of bonds rated investment grade by the major credit rating agencies: Moody's, S&P, and Fitch.

High Yield Bonds

Dedicated High Yield bond portfolios are categorized in the Credit functional asset category. By definition, high yield bonds are securities rated below investment grade. Therefore, the majority of bonds in the high yield portfolios are rated below investment grade by at least one of the major credit rating agencies: Moody's, S&P, and Fitch.

The credit portfolios allow for the assumption of more credit risk than Investment Grade portfolios by investing in securities that include unrated bonds, bonds rated below investment grade issued by corporations undergoing financial stress or distress, junior tranches of structured securities backed by residential and commercial mortgages, bank loans, illiquid credit, and emerging market debt. LACERA utilizes specific investment manager guidelines for these portfolios that may include limiting maximum exposure by issuer, industry, and sector, which result in well-diversified portfolios.

FOR THE YEAR ENDED JUNE 30, 2023

4. CASH AND INVESTMENTS-Continued

LACERA Investment Portfolio-Continued

Custodial Credit Risk

LACERA's contract with its custodian, State Street Bank and Trust (Bank), provides that the Bank may hold LACERA's securities registered in the Bank's or its agent's nominee name, in bearer form, book-entry form, with a clearing house corporation, or with a depository, so long as the Bank's records clearly indicate that the securities are held in custody for LACERA's account. The Bank may also hold securities in custody in LACERA's name when required by LACERA. When held in custody by the Bank, the securities are not at risk of loss in the event of the Bank's financial failure, because the securities are not property (assets) of the Bank. Cash invested overnight in the Bank's depository accounts is subject to the risk that in the event of the Bank's failure, LACERA might not recover all or some of those overnight deposits. This risk is mitigated when the overnight deposits are insured or collateralized.

LACERA's policy as incorporated in its current contract with the Bank requires the Bank to certify it has taken all steps to assure all LACERA monies on deposit with the Bank are eligible for and covered by pass-through insurance, in accordance with applicable law and FDIC rules and regulations. The steps taken by the Bank include paying deposit insurance premiums when due, maintaining a prompt corrective action capital category of "well capitalized," and identifying on the Bank's records that it acts as a fiduciary for LACERA with respect to the monies on deposit. In addition, the Bank is required to provide evidence of insurance and to maintain a financial institution bond, which would cover the loss of money and securities with respect to any and all property the Bank or its agents hold in or for LACERA's account, up to the amount of the bond. To implement certain investment strategies, some of LACERA's assets are invested in investment managers' pooled vehicles. The securities in these vehicles may be held by a different custodian other than the Bank.

Counterparty Risk

Counterparty risk for investments is the risk that, in the event of the failure of the counterparty to complete a transaction, LACERA would not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. LACERA and its investment managers seek to minimize risk of loss from its counterparties by diversifying the number of counterparties, periodically reviewing their credit quality, and seeking to structure agreements so that collateral is posted on accrued gains if they reach certain size thresholds.

Concentration of Credit Risk

For diversification purposes, all investment grade and liquid credit portfolios limit the exposure to a single issuer. This limitation is typically 5.00%, but does not apply to U.S. Treasury securities, government-guaranteed debt (including G-7 countries), agency debt, agency mortgage-backed securities, and approved commingled funds and fund-of-one vehicles.

As of June 30, 2023, LACERA did not hold any investments in any one issuer that would represent 5.00% or more of the Pension Plan Fiduciary Net Position. Investments issued or explicitly guaranteed by the U.S. government and pooled investments are excluded from this requirement.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Duration is a measure of the price sensitivity of a fixed income portfolio to changes in interest rates. It is calculated as the weighted average time to receive a bond's coupon and principal payments. The longer the duration of a portfolio, the greater its price sensitivity to changes in interest rates.

To manage interest rate risk, investment manager guidelines require that the duration of all investment grade bond portfolios must remain within a range centered around the duration of the benchmark index. This range is currently +/- 10.00% of the benchmark duration. The investment manager guidelines require that the duration of the U.S. long-term government bonds portfolio must remain within +/- 0.30 years of the duration of its benchmark index. Deviations from any of the stated guidelines require prior written authorization from LACERA.

The Duration in Fixed Income Securities - Pension Plan schedule for the year ended June 30, 2023 presents the duration by investment type. Whole loan mortgages included in the Pension Plan Portfolio of \$9.89 million are excluded from this presentation.

Duration in Fixed Income Securities - Pension Plan  
As of June 30, 2023  
(dollars in thousands)

Investment Type	Fair Value	Portfolio Weighted Average Effective Duration*
U.S. Treasuries, U.S. Government Agency, and Municipal Instruments:		
U.S. Treasuries	\$ 5,565,802	11.82
U.S. Government Agency	809,533	4.29
Municipal / Revenue Bonds	8,141	10.47
Subtotal U.S. Treasuries, U.S. Government Agency, and Municipal Instruments	6,383,476	
Corporate Bonds and Credit Securities:		
Asset-Backed Securities	196,008	2.03
Corporate and Other Credit	1,991,678	2.13
Pooled Funds	7,831,882	1.70
Subtotal Corporate Bonds and Credit Securities	10,019,568	
Non-U.S. Fixed Income	223,581	1.64
Private Placement Fixed Income	1,285,038	3.37
Subtotal Non-U.S. and Private Placement Securities	1,508,619	
Total Fixed Income Securities - Pension Plan	\$ 17,911,663	

Note: The Duration table does not include holdings within commingled investment structures or structures that are not directly held in custody by LACERA's global custodian, State Street Bank and Trust Company.

\*Effective Duration is a measure of a bond's sensitivity to interest rates. It is calculated as the percentage change in a bond's price caused by a change in the bond's yield. For example, a duration of 5 indicates that a 1.00% increase in a bond's yield will cause the bond price to decline 5.00%.

\*Effective Duration is a measure of a bond's sensitivity to interest rates. It is calculated as the percentage change in a bond's price caused by a change in the bond's yield. For example, a duration of 5 indicates that a 1.00% increase in a bond's yield will cause the bond price to decline 5.00%.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. LACERA's investment managers are permitted to invest in approved countries or regions, as stated in their respective investment manager guidelines. To mitigate foreign currency risk with global equity, LACERA has implemented a passive currency hedging program, which hedges into U.S. dollars approximately 50% of LACERA's foreign currency exposure for developed market equities.

The following schedule represents LACERA's exposure to foreign currency risk in U.S. dollars. Most of the exposure is from separately managed accounts with the remaining exposure from non-U.S. commingled funds that are denominated in foreign currency. For the commingled funds, LACERA owns units, and the fund holds the actual securities and/or currencies. The values shown include LACERA's separately managed account holdings and the pro-rata portion of non-U.S. commingled fund holdings. The OPEB Trust did not hold any non-U.S. investment securities as of June 30, 2023.

LACERA Investment Portfolio-Continued

Securities Lending Program

The BOI policies authorize LACERA to participate in a securities lending program. Securities lending is an investment management activity that mirrors the fundamentals of a loan transaction. Securities are lent to brokers and dealers (borrower), and in turn, LACERA receives cash and non-cash collateral. When cash collateral is received, the income that is generated from securities lending has two sources: lending and reinvestment. LACERA pays the borrower interest on the collateral and invests the collateral with the goal of earning a higher yield than the interest rate paid to the borrower. When non-cash collateral is received, the borrower pays a fee for borrowing the security.

Bank is the sole manager of LACERA's securities lending program. Collateralization is set on non-U.S. loans at 105% minimum and on U.S. loans at 102% minimum of the fair value of the securities on loan.

State Street Global Advisors invests the collateral received from the lending programs. The collateral is invested in short-term highly liquid instruments. The maturities of the investments made with cash collateral typically do not match the maturities of their securities loans. Loans are marked-to-market daily, so that if the fair value of a security on loan rises, LACERA receives additional collateral. Conversely, if the fair value of a security on loan declines, then the borrower receives a partial return of the collateral. Earnings generated in excess of the interest paid to the borrowers represent net income to LACERA who shares this net income with the lending agent based on contractual agreements.

Under the terms of their lending agreements, both lending agents provide borrower default indemnification in the event a borrower does not return securities on loan. The terms of the lending agreements entitle LACERA to terminate all loans upon the occurrence of default and purchase a like amount of "replacement securities" when loaned securities are not returned. LACERA does not have the ability to pledge assets received as collateral without a borrower default. In the event the purchase price of replacement securities exceeds the amount of collateral, the lending agent is liable to LACERA for the difference, plus interest. Either LACERA or the borrower of the security can terminate a loan on demand.

At fiscal year-end, LACERA had no credit risk exposure to borrowers, because the amount of collateral received exceeded the value of securities on loan. LACERA had no losses on securities lending transactions resulting from the default of a borrower for the year ended June 30, 2023.

As of June 30, 2023, the fair value of securities on loan was \$3.759 billion, with a value of cash collateral received of \$1.869 billion, which is included in Other payables on the financial statements, and non-cash collateral of \$2.042 billion. LACERA's investment income, net of expenses from securities lending, was \$14.10 million for the year ended June 30, 2023.

LACERA Investment Portfolio-Continued

Securities Lending Program-Continued

Securities Lending  
As of June 30, 2023  
(in thousands)

Securities on Loan	Fair Value of Securities on Loan	Cash Collateral Received	Non-Cash Collateral Received	Calculated Mark <sup>(1)</sup>	Collateral Percent <sup>(2)</sup>
U.S. Equity	\$ 2,332,066	\$ 1,561,245	\$ 840,301	\$ 18,375	103.77 %
U.S. Fixed Income	927,308	233,202	743,620	4,685	105.84 %
Non-U.S. Equity	499,246	74,986	457,963	3,673	107.49 %
Total	<u>\$ 3,758,620</u>	<u>\$ 1,869,433</u>	<u>\$ 2,041,884</u>	<u>\$ 26,733</u>	

(1) Calculated Mark is performed daily. It is the amount LACERA will collect from the borrower (if the amount is positive), or payment to the borrower (if the amount is negative) to bring the collateralization to appropriate levels based on fair value.

(2) Collateral percent is the total collateral received divided by the fair value of securities on loan. U.S. loans are collateralized at 102% minimum of the fair value of the securities on loan while non-U.S. loans are collateralized at 105% minimum.

Hedge Funds

LACERA's Investment Policy Statement establishes the portfolio framework for and role of the hedge funds program. Diversified hedge funds comprise a variety of hedged investments, such as relative value, arbitrage, and long/short strategies within a diversified portfolio.

The status of LACERA's hedge fund program as of June 30, 2023 is as follows:

- LACERA is invested in eight hedge fund managers in the core hedge funds portfolio.
- LACERA is invested in a total of seven hedge fund emerging managers in the hedge funds emerging manager portfolio. LACERA's discretionary hedge funds emerging manager separate account manager, Stable Asset Management, selected two new emerging managers during Fiscal Year 2022-2023.
- LACERA continues to have exposure with one hedge fund of funds manager, Grosvenor Capital Management (GCM). In 2019, LACERA initiated the full redemption of the GCM hedge fund of funds' portfolio. This portfolio began returning cash during Fiscal Year 2019-2020 and will continue to distribute cash in alignment with the liquidity terms of the portfolio or underlying managers. GCM is managing the redemption process of the GCM portfolio.

The investment performance for this strategy is measured separately from other asset classes. The fair value of assets invested in hedge funds as of June 30, 2023 was \$4.891 billion.

The core portfolio, emerging manager portfolio, and GCM hedge funds of funds portfolio reside within Diversified Hedge Funds under the Risk Reduction and Mitigation functional asset category of LACERA's Total Fund.

Fair Value

GASB 72 was issued to address accounting and financial reporting issues related to fair value measurements and disclosures. LACERA categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the investment securities and holdings. The fair value hierarchy includes three levels and one additional category.

Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Certain other investments held by LACERA are valued at net asset value (NAV) per share when an investment does not have a readily determined fair value, provided that the NAV is calculated and used as a practical expedient to estimate fair value in accordance with the requirements of GAAP. The table below illustrates investments classified by their fair value hierarchy (Levels 1, 2, and 3) as well as investments measured at NAV.

Equity and Fixed Income Securities

Equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets issued by pricing vendors for these securities.

Fixed income and equity securities classified in Level 2 of the fair value hierarchy are valued using prices determined by matrix pricing techniques maintained by the various pricing vendors for these securities. Equity securities classified in Level 2 are not traded in the active market. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. These matrix pricing techniques incorporate inputs such as yield, prepayment speeds, and credit spreads for fixed income securities. Derivative securities classified as Level 2 are securities whose value are either derived daily from associated securities that are traded, or are determined by using a market approach that considers benchmark interest rates.

Fixed income and equity securities classified in Level 3 are securities whose stated market price is unobservable by the marketplace; many of these securities are priced by the issuers or industry groups for these securities. Fair value is defined as the quoted market value on the last trading day of the period. These prices are obtained from various pricing sources by the Bank.

Hedge Funds, Private Equity, Real Assets, Real Estate, Equity, and Fixed Income Funds

Investments in hedge funds, private equity, real assets, real estate, equity and fixed income funds are valued at estimated net asset value (NAV) based upon the fair value of the underlying investments, as determined in good faith by the General Partner (GP), in accordance with GAAP fair value principles in instances where no observable public market values are available. Investments that are estimated at fair value are initially valued at cost with subsequent adjustments that reflect third party transactions, financial operating results, and other factors deemed relevant by the GP. These assets are reported by LACERA based on the practical expedient allowed under GAAP. In instances where observable public market values are available for the underlying securities held, fair value is determined by the fund's administrator using independent pricing sources.

Real Assets <sup>(4)</sup>	2,514,132	913,268	Not Eligible	N/A
Total Investments Measured at the NAV	<u>\$ 34,694,059</u>			

(1) Fixed Income Funds: 11 fixed income funds are valued at the NAV of units held at the end of the period based upon the fair value of the underlying investments. Approximately 60% of assets are available within 12 months; these funds provide daily, monthly or quarterly liquidity. Approximately 40% of the fund assets have liquidity beyond 12 months.

(2) Commingled Equity Funds: 1 equity fund is considered commingled in nature. The fund is valued at the NAV of units held at the end of the period based upon the fair value of the underlying investments. The fund represents 2% of the equity assets and is subject to a lock up period that limits redemptions for the next year.

(3) Hedge Funds: This portfolio consists of 15 current funds and 1 fund of funds. Hedge Fund investments are valued at NAV per share. When considering liquidity terms of the current funds, 70% of the fund assets are available within 12 months; these funds provide daily, monthly, quarterly, semi-annual, or annual liquidity. Some of these funds are subject to redemption notices that extend the time frame to receive redemptions beyond the next 12 months. Approximately 30% of fund assets are in funds that offer periodic liquidity that extends beyond the next 12 months.

LACERA's Hedge Funds portfolio invests in the following strategies:

- (a) Macro and Tactical Trading: This strategy makes investments based on analyses and forecasts of macroeconomic trends, including governmental and central bank policies, fiscal trends, trade imbalances, interest rate trends, inter-country relations, and economic and technical analysis.
- (b) Equity Long/Short: This strategy purchases and/or sells equities based on fundamental and/or quantitative analysis and other factors.
- (c) Credit: This strategy includes long-biased credit, long/short credit, structured credit, and mortgage credit.
- (d) Relative Value: This strategy's focus is to benefit from valuation discrepancies that may be present in related financial instruments by purchasing and/or shorting these instruments.
- (e) Multi-Strategy: This strategy aims to pursue varying strategies to diversify risks and reduce volatility.
- (f) Event Driven: This strategy seeks to gain an advantage from pricing inefficiencies that may occur in the onset or aftermath of a corporate action or related event.

(4) Private Equity, Real Assets, and Real Estate Funds: LACERA's Private Equity portfolio consists of 296 funds, investing primarily in buyout funds, with some exposure to venture capital, special situations, fund of funds, and co-investments. Due to contractual limitations, none of the funds are currently eligible for redemption. The Real Assets portfolio consists of 24 funds, investing primarily in infrastructure and natural resources. 4 of the funds are eligible for redemption after an initial lock-up period, and the other 20 of the funds are not eligible for redemption as the lock-up period is typically from 10-15 years. The Real Estate portfolio, composed of 25 commingled funds, invests in both U.S. and Non-U.S. commercial real estate. The fair values of these funds have been determined using net assets valued at the end of the period and net assets valued one quarter in arrears plus current quarter cash flows. 5 out of 25 Real Estate funds are eligible for redemption depending upon the availability of cash for redemptions in the fund. Distributions are received as underlying investments within the funds are liquidated, which on average can occur over the span of 5 to 10 years. For Real Estate investments held in separate accounts and debt program investments, see Note J - Special Purpose Entities of LACERA's ACFR.

6. PUBLIC-PRIVATE AND PUBLIC-PUBLIC PARTNERSHIPS AND AVAILABILITY AGREEMENTS

GASB 94, "Public-Private and Public-Public Partnerships (PPPs) and Availability Payment Arrangements (APAs)" (GASB 94) defines a PPP as an arrangement in which the government (the transferor) contracts with an operator to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction type of public-private or public-public partnership. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. An APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction.

The County determined that golf courses met the criteria set forth in GASB 94 (where the County is the transferor) and therefore included these SCAs in the County's financial statements as deferred inflows of resources. GASB 94 also provides guidance on accounting treatment if the County were acting as an operator of another government's facility. The County has determined that there are no incidences where the County would qualify as an operator.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

6. PUBLIC-PRIVATE AND PUBLIC-PUBLIC PARTNERSHIPS AND AVAILABILITY AGREEMENTS-  
Continued

Golf Courses

The County manages a public golf course system, which offers affordable greens fees, discount programs for senior citizens and students, and a junior golf program. Each golf course is leased under agreement with an operator, which provides for activities such as golf course management, clubhouse operations, and food and beverage concessions. The operators collect user fees and are responsible for the day-to-day operations of the golf courses. The operators are required to operate and maintain the golf courses, and make installment payments to the County, in accordance with their respective contracts.

As of June 30, 2023, the present value of the installment payments under contract is estimated to be \$85.00 million and reported as deferred inflows of resources in the statement of net position. The present values of the installment payments were calculated using discount rates of 5.12%, 3.55%, 3.70%, 1.87% and 4.20% for the term of the agreement for each SCA. The lease terms for the twenty golf courses cover remaining periods ranging from 0 to 16 years as of June 30, 2023. The FY 2022-2023 total monthly installment payments are approximately \$908,000. The County primarily uses the proceeds to fund parks and recreation operations, 10% of which is set aside for future golf course capital improvements. The acquisition value of the golf courses, including land, buildings, and construction in progress, is reported at \$22.84 million as of June 30, 2023.

7. PENSION PLAN

Plan Description

The County pension plan is administered by LACERA, which was established under the CERL. LACERA is a cost-sharing, multi-employer defined benefit plan. It provides benefits to employees of the County and the following additional entities that are not part of the County's reporting entity:

- Los Angeles Superior Court
- Little Lake Cemetery District
- Local Agency Formation Commission
- Los Angeles County Office of Education (LACOE)
- South Coast Air Quality Management District (SCAQMD)

New employees of LACOE hired on or after July 1971 and new employees of SCAQMD hired after December 31, 1979 are not eligible for LACERA benefits.

LACERA issues a stand-alone financial report, which is available at its offices located at Gateway Plaza, 300 N. Lake Avenue, Pasadena, California 91101-4199 or at [www.LACERA.com](http://www.LACERA.com).

Benefits Provided

Benefits are authorized in accordance with the California Constitution, the CERL, the bylaws, and procedures and policies adopted by LACERA's Boards of Retirement and Investments. The County Board may also adopt resolutions, as permitted by CERL, which may affect the benefits of LACERA members.

COUNTY OF LOS ANGELES  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED JUNE 30, 2023

7. PENSION PLAN-Continued

Benefits Provided-Continued

LACERA provides retirement, disability, death benefits and cost of living adjustments to eligible members. Vesting occurs when a member accumulates 5 years of creditable service under contributory plans or accumulates 10 years of creditable service under the general service non-contributory plan. Benefits are based upon 12 or 36 months' average compensation, depending on the plan, as well as age at retirement and length of service as of the retirement date, according to applicable statutory formula. Vested members who terminate employment before retirement age are considered terminated vested (deferred) members. Service-connected disability benefits may be granted regardless of length of service consideration. Five years of service are required for nonservice-connected disability eligibility according to applicable statutory formula. Members of the non-contributory plan, who are covered under separate long-term disability provisions not administered by LACERA, are not eligible for disability benefits provided by LACERA.

Contributions

LACERA has nine benefit tiers known as A, B, C, D, E and G, and Safety A, B and C. All tiers except E are employee contributory. Tier E is employee non-contributory. Prior to December 31, 2012, new general members were only eligible for tier D or E and new safety members were only eligible for Safety B. As of January 1, 2013, new general employees are only eligible for tier G and new safety members are only eligible for Safety C. These new tiers were added as a result of the California Public Employees' Pension Reform Act of 2013 (PEPRA) and became effective January 1, 2013. Rates for the tiers are established in accordance with State law by LACERA's Boards of Retirement and Investments and the County Board.

The following employer rates were in effect for FY 2022-2023:

July 1, 2022 - June 30, 2023	A	B	C	D	E	G
General Members	31.11%	24.13%	21.23%	22.75%	24.3%	22.66%
Safety Members	39.93%	34.79%	27.91%			

The rates were determined by the actuarial valuations performed as of June 30, 2021. The investment rate of return assumption used in the valuation performed as of June 30, 2021 remained at 7.00%. The employer contribution rates used in FY 2022-2023 increased from (0.29)% to 0.20% over the rates used in FY 2021-2022 and may increase again during the following fiscal year. The most significant factors causing the increase were increases to the normal cost rate and deferred recognition of new assumptions.

Employee rates vary by option and employee entry age from 6% to 18% of their annual covered salary.

During FY 2022-2023, the County contributed the full amount of the Actuarial Determined Contribution, as determined by the actuarial valuations, in the form of semi-monthly cash payments in the amount of \$2.216 billion.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

7. PENSION PLAN-Continued

Net Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the County reported a liability of \$13.161 billion for its proportionate share of the net pension liability in accordance with the parameters of GASB 68, "Accounting and Financial Reporting For Pensions-an amendment of GASB Statement No. 27" (GASB 68). The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021, projected forward to the measurement date, taking into account any significant changes between the valuation date and the measurement date. The County's proportion of the net pension liability was based on a projection of the County's future contribution effort to the pension plan relative to the projected contributions of all pension plan participants, actuarially determined. At June 30, 2022, the County's proportionate share was 96.47%, which was an increase of 0.06% from its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the County recognized negative pension expense of \$(318.83) million which is reported as \$(264.27) million for governmental activities and \$(54.56) million for business-type activities. Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or methods, and plan benefits. At June 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

	Deferred Inflows of Resources	Deferred Outflows of Resources
Net difference between projected and actual earnings	\$ 187,758	\$
Change in assumptions		2,326,220
Change in experience	64,162	1,602,848
Change in proportion and differences between County contributions and proportionate share of contributions	295,286	325,013
Contributions made subsequent to measurement date		2,216,111
Total	\$ 547,206	\$ 6,470,192

Deferred outflows of resources and deferred inflows of resources above represent the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner. Investment gains or losses are recognized in pension expense over a 5 year period and economic/demographic gains or losses and assumption changes or inputs are recognized over the average remaining service life for all active and inactive members, which is 8 years as of June 30, 2022.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

7. PENSION PLAN-Continued

Net Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions-Continued

Amounts currently reported as deferred outflows and inflows of resources, other than contributions related to pension, will be recognized in pension expense as follows (in thousands):

<u>Year Ending June 30:</u>	<u>Deferred Outflows/(Inflows) of Resources</u>
2024	\$ 760,458
2025	629,051
2026	(283,817)
2027	1,893,880
2028	536,210
Thereafter	171,093

Deferred outflows of \$2.216 billion related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than the current fiscal period.

As of the measurement date of June 30, 2023, the Pension Plan's fiduciary net position increased approximately \$3.562 billion due to significant increases in the fair value of the Pension Plan's investments. Overall, the increase in the fiduciary net position and increase in the total pension liability of \$4.538 billion from interest and service costs, resulted in an increase in net pension liability from \$13.642 billion to \$14.618 billion. The County's proportionate share of the Pension Plan's net pension liability was 96.47% as of June 30, 2022 and is historically above 96%.

Actuarial Assumptions

Valuation Timing	June 30, 2021, rolled forward to June 30, 2022
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.75%
General Wage Growth	3.25%
Projected Salary Increases	3.66% to 12.54%
Investment Rate of Return	7.13%, net of investment expense, including inflation
Cost of Living Adjustments (COLA)	Post-retirement benefit increases of either 2.75% or 2.00% per year are assumed based on the benefits provided. Supplemental Targeted Adjustment for Retirees (STAR) COLA benefits are assumed to be substantively automatic at the 80% purchasing power level until the STAR reserve is projected to be insufficient to pay further STAR benefits.
Mortality	Various rates based on the Pub-2010 mortality tables and using the MP-2014 Ultimate Projection Scale. See June 30, 2021 actuarial valuation for details. It can be found at <a href="http://www.LACERA.com">www.LACERA.com</a> .
Experience Study	Covers the 3 year period ended June 30, 2022.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

7. PENSION PLAN-Continued

Actuarial Assumptions-Continued

The long-term expected rate of return on pension plan investments (7.00%, net of all expenses) was determined using a building block method in which a median, or expected, geometric rate of return was developed for each major asset class. The median rates were combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentages.

For the year ended June 30, 2022:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Rate of Return (After Expected 2.75% Inflation Rate) (Geometric)
Growth	51.00%	5.50 %
Global Equity	34.00 %	4.30 %
Private Equity	14.00 %	6.90 %
Non-Core Private Real Estate	3.00 %	6.70 %
Credit	11.00%	2.20 %
Liquid Credit	6.00 %	1.50 %
Illiquid Credit	5.00 %	2.80 %
Real Assets and Inflation Hedges	17.00%	3.60 %
Core Private Real Estate	6.00 %	3.30 %
Natural Resources and Commodities	4.00 %	3.70 %
Infrastructure	4.00 %	4.80 %
TIPS	3.00 %	(0.30)%
Risk Reduction and Mitigation	21.00%	0.20 %
Investment Grade Bonds	13.00 %	(0.30)%
Diversified Hedge Fund Portfolio	5.00 %	1.60 %
Long-Term Government Bonds	2.00 %	
Cash Equivalents	1.00 %	(1.00)%

Discount Rate

The discount rate used to measure the total pension liability was 7.13%. This is equal to the 7.00% long-term investment return assumption adopted by LACERA (net of investment and administrative expenses), plus 0.13% assumed administrative expenses. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate, and that County contributions will be made at rates equal to the difference between actuarially determined contribution rates and member rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be sufficient to pay all projected future benefit payments of current active and inactive plan members. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return, gross of administrative expenses.

COUNTY OF LOS ANGELES  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED JUNE 30, 2023

7. PENSION PLAN-Continued

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following represents the County's proportionate share of the net pension liability calculated using the discount rate of 7.13%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.13%) or 1-percentage point higher (8.13%) than the current rate (in thousands):

	1% Decrease (6.13%)	Discount Rate (7.13%)	1% Increase (8.13%)
Net Pension Liability/(Asset)	\$ 24,145,685	\$ 13,160,560	\$ 4,089,111

Pension Plan Fiduciary Net Position

Detailed information about pension plan fiduciary net position as of June 30, 2022 is available in the separately issued LACERA financial report, which can be found at [www.LACERA.com](http://www.LACERA.com).

Deferred Compensation Plans

The County offers to its employees three deferred compensation plans created in accordance with Sections 401 and 457 of the Internal Revenue Code. One or more of these plans are available to substantially all employees and allow participants to defer a portion of their current income until future years.

Plan Description and Funding Policy

The Deferred Compensation and Thrift Plan was established as a Section 457 defined contribution plan covering employees who have achieved full time and permanent employment status. The plan is designed to permit these employees to voluntarily defer a portion of their compensation and provide for retirement and death benefits. The plan is funded by employer and employee contributions. As of June 30, 2023, the County provided up to a 4% matching contribution per pay period of the employee's voluntary contribution. Employer and employee contributions are deposited into the participant accounts and invested based on participant selected options. Total employer contributions for the year ended June 30, 2023, were \$305.67 million.

The Savings Plan is a Section 401(k) defined contribution plan covering eligible full-time permanent employees of the County not covered by collective bargaining agreements and who desire to participate in the plan. Employees eligible for voluntary participation in this plan are also eligible for participation in the Deferred Compensation and Thrift Plan. The plan is funded by employer and employee contributions. As of June 30, 2023, the County provided up to a 4% matching contribution per pay period of the employee's voluntary contribution. Employer and employee contributions are deposited into the participant accounts and invested based on participant selected options. Total employer contributions for the year ended June 30, 2023, were \$83.29 million.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

7. PENSION PLAN-Continued

Deferred Compensation Plans-Continued

Plan Description and Funding Policy-Continued

The Pension Savings Plan is a Section 457 defined contribution plan covering part-time, temporary and seasonal County employees who are not eligible to participate in the retirement programs provided through the LACERA. The plan was established in lieu of employee coverage under Social Security. Participation in the plan is mandatory and employees must contribute a minimum of 4.5% of their eligible earnings and the County makes a contribution equal to 3% of compensation. Participants may contribute additional amounts beyond the required 4.5%. Total employer contributions for the year ended June 30, 2023, were \$9.62 million.

The plans are administered through a third-party administrator. The assets of the plans are held in trust by Great West Trust Company LLC and invested at the direction of the participants. Thus, plan assets and any related liability to plan participants have been excluded from the County's financial statements.

8. OTHER POSTEMPLOYMENT BENEFITS

Retiree Healthcare

Plan Description

LACERA administers an agent multiple-employer Retiree Healthcare (RHC) OPEB program on behalf of the County, its affiliated Superior Court, and four outside districts. The outside districts include: Little Lake Cemetery District, Local Agency Formation Commission, LACOE and the South Coast Air Quality Management District. As of July 1, 2018, LACERA transitioned the OPEB program from a cost-sharing, multiple-employer plan. The agent plan structure determines program liabilities and costs directly by employer and allocates shared expenses. The measurement date for the RHC OPEB program is June 30, 2022.

In April 1982, the County adopted an ordinance pursuant to Government Code Section 31691, which provided for a health insurance program and death benefits for retired employees and their dependents. In 1994, the County amended the agreements to continue to support LACERA's retiree insurance benefits program regardless of the status of active member insurance.

In June 2014, the LACERA Board approved the County's request to modify the agreements to create a new retiree healthcare benefit plan in order to lower its Retiree Healthcare Program (RHP) costs. Structurally, this means the County will be segregating all current retirees and current employees into RHP Tier 1 and placing all employees hired after June 30, 2014 into RHP Tier 2. Under the new RHP Tier 2, retirees who are eligible for Medicare will be required to enroll in that program. In addition, coverage will be available for employees or eligible survivors only.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

8. OTHER POSTEMPLOYMENT BENEFITS-Continued

Retiree Healthcare-Continued

Plan Description-Continued

Pursuant to the 1982, 1994, and 2014 Agreements between the County and LACERA, the parties agreed to the continuation of the health insurance benefits then in existence. The County agreed to subsidize a portion of the insurance premiums of certain retired members and their eligible dependents based on the member's length of service. The County further agreed to maintain the status quo of existing benefits provided to participants. As part of the 2014 Agreement, the County modified the existing healthcare benefit plan, which created a new benefit structure, Tier 2, for all employees hired after June 30, 2014. LACERA agreed not to change retired members' contributions toward insurance premiums or modify medical benefit levels without the County's prior consent. Active employees are not required to make contributions to the plan.

Pursuant to the California Government Code, the County established an irrevocable OPEB Trust for the purpose of holding and investing assets to pre-fund the RHP, which LACERA administers. On May 15, 2012, the County Board entered into a trust and investment services agreement with the LACERA Board of Investments to act as trustee and investment manager. The OPEB Trust does not modify the County's benefit programs.

LACERA issues a stand-alone financial report that includes the required information for the OPEB plan. The report is available at its offices located at Gateway Plaza, 300 North Lake Avenue, Pasadena, California 91101-4199 or [www.LACERA.com](http://www.LACERA.com).

Benefits Provided

Health care benefits earned by County employees are dependent on the number of completed years of retirement service credited to the retiree by LACERA upon retirement; it does not include reciprocal service in another retirement system. Service includes all service on which the member's retirement allowance was based.

The RHC OPEB Program offers members an extensive choice of medical plans as well as two dental/vision plans. The medical plans are either HMOs or indemnity plans, and some are designed to work with Medicare benefits, such as the Medicare Supplement or Medicare HMO plans. Coverage is available regardless of preexisting medical conditions. Under Tier 2, retirees who are eligible for Medicare are required to enroll in that program. Medicare-eligible retirees and their covered dependents must enroll in Medicare Parts A and B and in a Medicare HMO plan or Medicare Supplement plan under Tier 2.

Medical and Dental/Vision - Program benefits are provided through third party insurance carriers with the participant's cost for medical and dental/vision insurance varying according to the years of retirement service credit with LACERA, the plan selected, and the number of persons covered. The County contribution subsidizing the participant's cost starts at 10 years of service credit in the amount of 40% of the lesser of the benchmark plan rate or the premium of the plan in which the retiree is enrolled. For each year of retirement service credit earned beyond 10 years, the County contributes 4% per year, up to a maximum of 100% for a member with 25 years of service credit. The County contribution can never exceed the premium of the benchmark plans. Members are responsible for premium amounts above the benchmark plans, including those with 25 or more years of service credit.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

8. OTHER POSTEMPLOYMENT BENEFITS-Continued

Retiree Healthcare-Continued

Benefits Provided-Continued

Under Tier 1, the County subsidy is based on the coverage elected by the retiree. The benchmark plans are Anthem Blue Cross Plans I and II for medical and Cigna Indemnity Dental/Vision for dental and vision. Under Tier 2, the County subsidy is based on retiree only coverage. Tier 2 medical benchmark plans are Anthem Blue Cross Plans I and II for Medicare-ineligible members, Anthem Blue Cross Plan III for Medicare-eligible members, and Cigna Indemnity Dental/Vision for dental and vision plans.

Medicare Part B - The County reimburses the member's Medicare Part B standard rate premiums paid by member to Social Security for Part B coverage, subject to annual approval by the County Board of Supervisors. Eligible members and their dependents must be enrolled in both Medicare Part A and Medicare Part B and enrolled in a LACERA- administered Medicare HMO Plan or Medicare Supplement Plan and meet all of the qualifications. Under Tier 2, the County reimburses for Medicare Part B (at the standard rate) for eligible members or eligible survivors only.

Disability - If a member is granted a service-connected disability retirement and has less than 13 years of service, the County contributes the lesser of 50% of the benchmark plan rate or the premium of the plan in which the retiree is enrolled. Under Tier 2, the benchmark plan rate is based on retiree-only premiums. A member with 13 years of service credit receives a 52% subsidy. This percentage increases 4% for each additional completed year of service, up to a maximum of 100%.

Death/Burial Benefit - There is a one-time lump-sum \$5,000 death/burial benefit payable to the designated beneficiary upon the death of a retiree, reimbursed to LACERA by the County. Active and vested terminated (deferred) members are eligible for this benefit once they retire. Spouses and dependents are not eligible for this death benefit.

Total Membership Eligible for Benefits	145,977

Contributions

The current funding policy requires the County to contribute on a pay-as-you-go basis. During FY 2022-2023, the County made payments to LACERA totaling \$713.03 million for retiree healthcare benefits. Included in this amount was \$97.50 million for Medicare Part B reimbursements and \$9.80 million in death benefits. Additionally, \$48.40 million was paid by member participants. During FY 2022-2023, the County also contributed \$441.45 million in excess of the pay-as-you-go amounts.

Net OPEB Liability

At June 30, 2023, the County reported a net RHC OPEB liability of \$23.451 billion. The net RHC OPEB liability was measured as of June 30, 2022, and the total RHC OPEB liability used to calculate the net RHC OPEB liability was determined by an actuarial valuation as July 1, 2021, projected forward to the measurement date taking into account any significant changes between the valuation date and the measurement date.

Weighted Average Trend	5.92%	4.13%

Investments

The LACERA Board of Investments is responsible for setting the investment policy and investing any contributions made to the OPEB Trust from the participating employers. In December 2017, the LACERA Board of Investments adopted a revised asset allocation policy which divides the OPEB Trust into four broad functional categories and contains asset classes that align with the purpose of each function. The approved target weights provide for diversification of assets in an effort to meet the LACERA's actuarial assumed rate of return, consistent with market conditions and risk control. The following was the adopted asset allocation policy as of June 30, 2022.

Money-Weighted Rate of Return

As of the measurement date, June 30, 2022, the annual money-weighted rate of return on OPEB Trust investments, net of OPEB Trust investment expense, was 6.00%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the measurement date of June 30, 2021, the annual money-weighted rate of return was also 6.00%.

Discount Rate

GASB 75 requires determination of whether the OPEB Trust's Fiduciary Net Position is projected to be sufficient to make projected benefit payments. The Plan's fiduciary net position was not projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate incorporates a municipal bond rate based on the 20-year Bond Buyer GO index (municipal bond rate) which was 3.54% as of June 30, 2022. For 2021, the long-term expected rate of return of 2.16% was applied to projected benefit payments from 2021 to 2068. The municipal bond rate was applied to the remaining periods. The resultant blended discount rate used to measure the Total OPEB Liability as of June 30, 2022 was 4.85%, an increase of 0.57% from the rate as of June 30, 2021.

8. OTHER POSTEMPLOYMENT BENEFITS-Continued

Retiree Healthcare-Continued

OPEB Expense and the Deferred Outflows/Inflows of Resources Related to RHC OPEB

For the year ended June 30, 2023, the County recognized OPEB expense of \$91.67 million which is reported as \$136.38 million for governmental activities and \$(44.71) million for business-type activities. OPEB expense represents the change in the net OPEB liability during the measurement period, adjusted for actual contributions and the deferred recognition of change in investment gain/loss, actuarial gain/loss, actuarial assumptions or methods, and plan benefits.

At June 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to RHC OPEB from the following sources (in thousands):

	Deferred Inflows of Resources	Deferred Outflows of Resources
Net difference between projected and actual earnings	\$	\$ 165,499
Change of assumptions	7,216,505	2,873,651
Change in experience	1,021,102	251,246
Change in proportion and differences between contributions and the proportionate share of contributions	1,133,238	1,133,238
Contributions made subsequent to measurement date		1,154,487
Total	\$ 9,370,845	\$ 5,578,121

The deferred inflows of resources and deferred outflows of resources above represent the unamortized portion of changes to the net RHC OPEB liability to be recognized in future periods in a systematic and rationale manner. Investment gains or losses are recognized in OPEB expense over a five year period and economic/demographic gains or losses and assumption changes or inputs are recognized over the average remaining service life of all active and inactive members, which is 8 years as of June 30, 2022. The change in proportion and differences between the contributions and the proportionate share of contributions represents the changes in allocation percentages to the individual funds, including the proprietary funds, of the total OPEB RHC liability from the prior measurement date to the current measurement date.

Amounts currently reported as deferred outflows and inflows of resources, other than contributions related to RHC OPEB, will be recognized in RHC OPEB expense as follows (in thousands):

	Deferred Outflows/(Inflows) of Resources
<u>Year ending June 30:</u>	
2024	\$ (849,540)
2025	(849,772)
2026	(864,316)
2027	(609,814)
2028	(345,818)
Thereafter	(1,427,951)

Deferred outflows of resources of \$1.154 billion related to contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the subsequent fiscal period rather than in the current fiscal period.

8. OTHER POSTEMPLOYMENT BENEFITS-Continued

Long-Term Disability

Plan Description

The County provides LTD benefits to employees and these benefits have been determined to fall within the definition of OPEB. The LTD plans are administered by the County and are not administered through a trust. Each of the LTD plans are a single employer plan and the amounts paid by the County are on a pay-as-you-go basis. These LTD benefits provide for income replacement if an employee is unable to work because of illness or injury. The Board approved the County's original LTD plan effective March 3, 1982. Effective January 1, 1991, a new Megaflex plan was approved by the Board and includes a Megaflex LTD plan and a LTD Health plan. The LTD Health plan was added to the LTD program and made available to all participants effective January 1, 2002.

Benefits Provided

The benefit provisions of the four LTD plans are as follows:

Eligibility

Non-Megaflex Income/Survivor Income Benefit (SIB) - The plan covers:

- (1) An employee who becomes totally disabled as a direct result of an injury or disease while performing his/her assigned duties; or,
- (2) An employee who becomes totally disabled after having completed five or more years of continuous service with the County; or,
- (3) A qualified beneficiary of a deceased employee who had previously become totally disabled as a direct result of an injury or disease while performing his/her assigned duties; or,
- (4) A qualified beneficiary of a deceased employee who had previously become totally disabled after having completed five or more years of continuous service with the County; or,
- (5) A qualified beneficiary of an employee who dies as a direct result of an injury or disease while performing his/her assigned duties, or,
- (6) A qualified beneficiary of an employee who dies in active service after having completed five or more years of continuous service with the County.

Megaflex Income/SIB - The plan covers:

- (1) An employee purchases LTD coverage and then becomes totally disabled; or,
- (2) An employee who becomes totally disabled after having completed five or more years of continuous service with the County and is a member of Retirement Plan E.
- (3) The Qualified Beneficiary of a Retirement Plan E participant who is currently enrolled in the SIB plan at the time of death.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS

8. OTHER POSTEMPLOYMENT BENEFITS-Continued

Long-Term Disability-Continued

Benefits Provided-Continued

Non-MegaFlex Member LTD Health Plan - The plan continues medical insurance coverage for employees who are receiving or eligible to receive LTD Income benefits and are enrolled in one of the County approved health plans.

MegaFlex Member LTD Health Plan - The plan continues medical insurance coverage for employees who are receiving or eligible to receive LTD Income benefits and are enrolled in one of the County approved health plans.

Benefit Formula

Non-Megaflex Income/SIB - The plan provides a basic monthly benefit of:

- (1) 60% of Basic Monthly Compensation (commences after 6 months of disability).
- (2) Annual COLA, beginning after 2 years of benefit payments (limited to a maximum of 2%/year), if disabled after 1/1/2001.
- (3) For a qualified beneficiary, 55% of the LTD disability benefit that the employee was receiving or would have received immediately prior to death; and, continues for the life of the qualified surviving spouse/domestic partner and upon spousal death to the qualified children beneficiaries.

Megaflex Income/SIB - The plan provides a basic monthly benefit of:

- (1) 40% or 60% of Basic Monthly Compensation (commences after 6 months of disability)
  - a. Plan E members
    - (1) With 5+ years of services 40% non-elective or can buy up to 60%
    - (2) With less than 5 years of service: can buy 40% or 60%
  - b. Plan A, B, C, or D members: can buy 40% or 60%
- (2) Annual COLA, beginning after 2 years of benefit payments (limited to a maximum of 2% per year), if disabled after 1/1/2001.
- (3) For a qualified beneficiary, the plan provides a basic monthly benefit of 10%, 15%, 25%, 35%, or 50% of employee's monthly salary if they elected.

Non-MegaFlex Member LTD Health Plan - The plan pays 75% of monthly medical premiums for disabled members.

MegaFlex Member LTD Health Plan - The plan pays 75% of monthly medical premiums for disabled members.

8. OTHER POSTEMPLOYMENT BENEFITS-Continued

Long-Term Disability-Continued

Benefits Provided-Continued

Maximum Period

Non-Megaflex Income/SIB and Megaflex Income/SIB - LTD benefits stop when:

- (1) Employee is no longer totally disabled or turns age 65, whichever occurs first. However, if employee is age 62 or older when benefit commences, benefit can continue beyond age 65 (length depends on age at commencement) as follows:

Age at Disability	Maximum Period
62	3 ½
63	3
64	2 ½
65	2
66	1 ¾
67	1 ½
68	1 ¼
69 and older	1

or

- (2) Employee takes early or normal retirement under Plan E.

Employees covered by benefit terms

At June 30, 2022, the following employees were covered by the benefit terms:

LTD Income and Survivor Benefit Plans:

Inactive employees or beneficiaries currently receiving benefit payments	2,502
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	80,591

LTD Health Plans

Inactive employees or beneficiaries currently receiving benefit payments	623
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	77,551

Total LTD OPEB Liability

At June 30, 2023, the County reported a total LTD OPEB liability of \$1.289 billion. The total LTD OPEB liability was determined by an actuarial valuation as of July 1, 2021, rolled forward to June 30, 2022.

8. OTHER POSTEMPLOYMENT BENEFITS-Continued

Long Term Disability-Continued

OPEB Expense and the Deferred Outflows of Resources and Deferred Inflows of Resources Related to LTD OPEB

For the year ended June 30, 2023, the County recognized LTD OPEB expense of \$35.15 million which is reported as \$32.98 million for governmental activities and \$2.17 million for business-type activities. OPEB expense represents the change in the total LTD OPEB liability during the measurement period, adjusted for the deferred recognition of change in actuarial gain/loss, actuarial assumptions or methods, and plan benefits.

At June 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to LTD OPEB from the following sources (in thousands):

	Deferred Inflows of Resources	Deferred Outflows of Resources
Change in experience	\$ 35,571	\$ 100,029
Change of assumptions	278,715	204,617
Change in proportionate share	90,433	90,433
Total	\$ 404,719	\$ 395,079

The deferred inflows of resources and deferred outflows of resources above represent the unamortized portion of changes to the total LTD OPEB liability to be recognized in future periods in a systematic and rational manner. Economic/demographic gains or losses, assumption changes or inputs, and change in proportion are recognized over the average remaining service life of all active and inactive members, which is 12 years. The change in proportionate share represents the changes in allocation percentages to the individual funds, including the proprietary funds, of the total OPEB LTD liability from the prior measurement date to the current measurement date.

Amounts currently reported as deferred outflows and inflows of resources will be recognized in OPEB expense as follows (in thousands):

<u>Year Ending June 30:</u>	Deferred Outflows/(Inflows) of Resources
2024	\$ 151
2025	151
2026	151
2027	151
2028	151
Thereafter	(10,395)

Combined Balances of the Net OPEB Liability, Deferred Outflows of Resources, Deferred Inflows of Resources and the OPEB Expense

The following total balances are reflected in the accompanying statement of net position (in thousands):

	<u>RHC OPEB</u>	<u>LTD OPEB</u>	<u>Total</u>
Net OPEB Liability	\$ 23,451,260	\$ 1,289,325	\$ 24,740,585
Deferred Outflows of Resources	5,578,121	395,079	5,973,200
Deferred Inflows of Resources	9,370,845	404,719	9,775,564
OPEB Expense	91,666	35,146	126,812

9. LEASES

Lease Liabilities

The County has entered into various leases as a lessee. These leases vary in the nature, substance, terms and conditions dependent upon the asset being leased. Examples of the types of assets leased range from office space, parking, warehouse space and office equipment to land for fire operations. GASB 87 requires that leases be categorized as either short-term (12 months or less in length, including options) or long-term. In determining the future minimum lease payments and receipts, the County includes the right to extend option terms in the non-cancelable lease term. Short-term lease financial transactions are reflected in the government-wide Statement of Activities and in the fund financial statements.

9. LEASES-Continued

Lease Receivables

As the lessor, the County leases County-owned properties such as land and buildings. The County has entered into long-term leases relative to the Marina del Rey Project area, asset development projects, regional parks, roads, Martin Luther King, Jr. Community Hospital (MLK Hospital), Flood Control District property, and County airports (Brackett Field, San Gabriel Valley, Whiteman, and General Wm. J. Fox Airfield). Substantially all the Marina's land and harbor facilities are leased to others. The asset development projects, which include the Marina del Rey Project area, are ground leases and development agreements entered into by the County for private sector development of commercial, industrial, residential, and cultural uses on vacant or underutilized County-owned property. Certain regional parks are leased under agreements which provide for activities such as food and beverage concessions, and recreational vehicle camping. Certain roads are leased under franchise agreements for electrical transmission system operations. The MLK Hospital is leased to the Martin Luther King, Jr. - Los Angeles Healthcare Corporation (MLK-LA) and is further discussed in Note 14. Flood Control District leases are for parking lots, and ingress and egress in connection with various commercial centers. The airport leases are for hanger space, vehicle parking, aircraft tiedowns and storage facilities, and are currently the only leases within the Business-type activities category. The asset development leases covering remaining periods ranging generally from 1 to 91 years, regional parks leases covering remaining periods from 5 to 16 years, roads leases with remaining periods of 34 years, and the MLK Hospital lease with a remaining period of 61 years are all accounted for in the General Fund. The Flood Control District leases cover remaining periods ranging from 12 to 67 years and are accounted for in the Flood Control District Fund. The airport leases cover remaining periods from 8 to 36 years and are accounted for in the Aviation Enterprise Fund.

The land carrying value of the asset development project ground leases that include the Marina del Rey Project area and the Flood Control District totals \$730.20 million. The carrying value of the capital assets associated with the regional park, roads, MLK Hospital, and County airports leases is not determinable.

Variable lease payments	33,231	893
Total	\$ 68,917	\$ 1,724

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

9. LEASES-Continued

Lease Receivables-Continued

The minimum lease income is a fixed amount based on the lease agreements. The variable lease income is a percentage of revenue above a certain base for the asset development leases or a calculated percentage of the gross revenue less the minimum rent payment for the other leases.

The interest revenue received for leases of County-owned property for the year ended June 30, 2023 is \$34.92 million.

10. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The County has entered into various Subscription-Based Information Technology Arrangements (SBITAs) as a lessee. These leases are for software as a service, platform as a service or infrastructure as a service and vary in terms and conditions. Beginning with FY 2022-2023, SBITA leases are presented in the financial statements and accompanying footnotes in accordance with GASB 96. GASB 96 requires that SBITA leases be categorized as either short-term (12 months or less in length, including options) or long-term. In determining the future minimum subscription lease payments, the County will include the right to extend option terms in the non-cancelable lease term if it is reasonably certain that the option will be exercised. Variable payments based on a per seat subscription or based on transaction volumes are not included in the measurement of the subscription liability. Short-term lease financial transactions are reflected in the government-wide Statement of Activities and in the fund financial statements.

SBITA Lease Liabilities

The following is a schedule of future minimum lease payments for the SBITA lease liabilities as of June 30, 2023 (in thousands):

Year Ending June 30,	Governmental Activities	
	Principal	Interest
2024	\$ 19,223	\$ 3,486
2025	14,299	2,751
2026	9,169	2,211
2027	8,719	1,798
2028	8,405	1,403
2029-2033	24,850	2,478
2034-2038	1,260	56
Total	<u>\$ 85,925</u>	<u>\$ 14,183</u>

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

10. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS-Continued

SBITA variable payments not included in the measurement of the subscription liability for governmental activities were \$84.54 million for the year ended June 30, 2023. There were no SBITA leases for business-type activities during the period. Additionally, there were no payments for termination penalties during the reporting period.

The following is a schedule of the right-to-use (RTU) assets and accumulated amortization for subscription leases at June 30, 2023, (in thousands):

	Governmental Activities
Subscription asset	\$ 108,590
Subscription asset accumulated amortization	(21,651)
Total	\$ 86,939

The development in progress for SBITAs that are not yet in production as of June 30, 2023 is \$8.25 million.

11. LONG-TERM OBLIGATIONS

Long-term obligations of the County consist of bonds, notes and loans from direct borrowings and direct placements, financed purchase obligations from direct borrowing, pension (see Note 7), OPEB (see Note 8), lease (see Note 9), subscription (see Note 10) and other liabilities, which are payable from the General, Special Revenue, Debt Service, Enterprise and Internal Service Funds.

A summary of bonds, and notes and loans from direct borrowings and direct placements recorded within governmental activities follows (in thousands):

	Original Par Amount of Debt	Balance June 30, 2023
NPC Bonds, 5.83%	\$ 5,000	\$ 5,000
Public Buildings Bonds and Notes, 0.32% to 7.62%	2,066,006	2,058,815

FOR THE YEAR ENDED JUNE 30, 2023

11. LONG-TERM OBLIGATIONS-Continued

Certificates of Participation and Bonds

The County has issued lease revenue bonds through various financing entities that have been established and are component units of the County. The debt proceeds have been used to finance the acquisition of County facilities and equipment. The County makes annual payments to the financing entities for the use of the property and the debt is secured by the underlying capital assets that have been financed. The County has pledged a total of 16 County-owned properties as collateral for various bonds. During FY 2022-2023, the County did not issue new bonds.

Principal and interest requirements on NPC bonds and Public Buildings certificates of participation and bonds for governmental activities and business-type activities are as follows (in thousands):

<u>Year Ending June 30,</u>	<u>Governmental Activities</u>		<u>Business-type Activities</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2024	\$ 49,931	\$ 88,043	\$ 20,729	\$ 43,677

Tobacco Settlement Asset-Backed Bonds

In 2006, the County entered into a Sale Agreement with the LACSC under which the County relinquishes to the LACSC a portion of its future tobacco settlement revenues (TSRs) for the next 40 years. The County received from the sold TSRs a lump sum payment of \$319.83 million and a residual certificate in exchange for the rights to receive and retain 25.90% of the County's TSRs through 2046. The residual certificate represented the County's ownership interest in excess TSRs to be received by the LACSC during the term of the Sale Agreement. Residuals through 2023 were \$131.51 million. The total TSRs sold, based on the projected payment schedule in the Master Settlement Agreement and adjusted for historical trends, was estimated to be \$1.438 billion. The estimated present value of the TSRs sold, net of the expected residuals and assuming a 5.70% interest rate at the time of the sale, was \$309.23 million. In the event of a decline in the tobacco settlement revenues for any reason, including the default or bankruptcy of a participating cigarette manufacturer, resulting in a decline in the tobacco settlement revenues and possible default on the Tobacco Bonds, neither the California County Tobacco Securitization Agency, the County, nor the LACSC has any liability to make up any such shortfall.

Notes, Loans, and Lease Revenue Obligation Notes

Notes from Direct Placements

BANs are issued by LACCAL to provide interim financing for equipment purchases. BANs are purchased by the County Treasury Pool and are payable within 3 years of their initial issuance date from the proceeds of long-term bonds or other available funds. The repayment of the BANs is secured by lease agreements between the County and LACCAL and a pledge of the purchased equipment. During FY 2022-2023, LACCAL, an Internal Service Fund, issued additional BANs in the amount of \$10.00 million as reflected in governmental activities. As of June 30, 2023, the note balance is \$5.00 million for governmental activities only.

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

11. LONG-TERM OBLIGATIONS-Continued

Notes, Loans, and Lease Revenue Obligation Notes-Continued

Loans from Direct Borrowings

Marina del Rey loans were obtained from the California Department of Boating and Waterways for the restoration and renovation of the marina seawall. The loans are secured by Marina del Rey lease revenue and by Los Angeles County Music Center parking revenues. The loan contract contains a provision that in the event the County fails to make payment due, all principal and interest outstanding shall become immediately due and payable, and the deficiency will be added to, and become part of, the principal of the loan. As of June 30, 2023, the balance is \$7.97 million for governmental activities.

In June 2010, the Board approved a resolution authorizing the Waterworks Districts to obtain Safe Drinking Water State Revolving loans in the amount of \$3.41 million and \$5.47 million from the California Department of Public Health to fund the Sepulveda Feeder Interconnection project (Malibu) and the Marina del Rey Waterline Replacement project (Marina), respectively. The loans will be repaid over 20 years and are secured by revenues from surcharges collected for capital improvements. Annual principal and interest payments of the loans are expected to require less than 46.73% of the annual surcharge revenues. The funding agreements contain a provision that in an event of default, obligations may be immediately due and payable, and further disbursements may be terminated. As of June 30, 2023, total loans drawn are \$3.40 million on the Sepulveda Feeder Interconnection project and \$5.47 million on the Marina del Rey Waterline Replacement project. As of June 30, 2023, the balance is \$5.31 million for business-type activities.

In July 2014, the Board approved the Whiteman Airport Leasehold Interest Acquisition Project, with a total Project cost of \$4.02 million. To partially finance the acquisition, the Aviation Enterprise Fund obtained an Airport Development Loan from the State of California Department of Transportation, Aeronautics Program for \$2.00 million with an annual interest rate of 2.95%. The Airport Development Loan will be repaid over 17 years with revenue generated by lease payment income. The loan agreement contains a provision that if the County fails to comply with or perform any term or condition in the agreement, or fails to pay the annual loan payment, the entire outstanding principal amount of the loan and all accrued interest may be immediately due and payable. In addition, the County may be ineligible for future financing under the program. During FY 2022-2023, the County did not obtain any additional airport development loans. As of June 30, 2023, the balance is \$1.18 million for business-type activities.

In September 2020, the Board approved a resolution authorizing the Waterworks Districts to obtain Safe Drinking Water State Revolving loans in the amount of \$3.75 million from the California State Water Resources Control Board to fund the Del Valle Road Water Main Replacement Project. The loan will be repaid over 20 years and is secured by revenues from surcharges collected for capital improvements. Annual principal and interest payments of the loans are expected to require approximately 36% of the annual surcharge revenues. The funding agreement contains a provision that in an event of default, obligations may be immediately due and payable, and further disbursements may be terminated. During FY 2022-2023, the County drew down \$2.32 million in loans. As of June 30, 2023, the balance is \$3.37 million for business-type activities.

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

11. LONG-TERM OBLIGATIONS-Continued

Notes, Loans, and Lease Revenue Obligation Notes-Continued

Lease Revenue Obligation Notes from Direct Borrowings

LRON provide the County with a flexible and cost-effective source of financing to provide interim funding during the initial construction phase of a capital project and fund tenant improvements costs on certain leases, which may be refinanced with the issuance of long-term bonds upon completion. Repayment of LRON is secured by four irrevocable direct-pay letters of credit (LOC) from separate banks supporting the issuance of LRON. This program is secured by fifteen County-owned properties pledged as collateral in a lease-revenue financing structure with LACCAL.

The LOCs were issued for a five-year period and have a termination date of April 30, 2024. The County has the option to extend the LOCs for an additional one-year period or to some other term mutually agreed to with the participating banks.

The aggregate maximum principal amount of the four LOCs is \$600.00 million, which consists of \$100.00 million of Series A (Bank of the West), \$200.00 million of Series B (U.S. Bank), \$200.00 million of Series C (Wells Fargo Bank), and \$100.00 million of Series D (State Street Bank). The County is responsible for the payment of a non-refundable letter of credit fee for each LOC on a quarterly basis in an amount equal to the rate per annum corresponding to the lowest long-term unenhanced debt ratings assigned by any of Moody's, S&P, or Fitch to any Lease Obligation Debt of the County. The letter of credit fee for all four series of LOCs is equal to 0.35% of the maximum principal amount of the LOC. As of June 30, 2023, \$250.94 million of LRON issued under the program were outstanding, including \$18.53 million of Series A, \$76.13 million of Series B, \$99.21 million of Series C, and \$57.07 million of Series D.

LRON are issued as variable rate instruments with a maximum term not to exceed 270 days. On the maturity date of LRON, the notes are reissued at the prevailing interest rates in the note market, which reflects the term of the note and the perceived credit quality of the supporting letter of credit bank. In the event the notes are not able to be reissued in the note market, the bank will make a Principal Advance to pay the principal of the maturing note. If the Principal Advance remains outstanding longer than 90 days, a term loan is created to repay the bank.

During FY 2022-2023, the County reissued \$99.24 million for governmental activities and \$151.10 million for business-type activities, representing the total amounts outstanding at the beginning of the year. These reissues, along with new County LRON of \$36.62 million for governmental activities and \$184.38 million for business-type activities, totaling \$221.00 million, and redemptions of \$400 thousand for governmental activities and \$220.00 million for business-type activities, totaling \$220.40 million, are reflected as notes payable. The total outstanding LRON as of June 30, 2023 is \$250.94 million, which is reported as \$135.46 million for governmental activities and \$115.48 million for business-type activities. The average interest rate on LRON issued in FY 2022-2023 was 2.41%.

11. LONG-TERM OBLIGATIONS-Continued

Summary-All Future Principal, Interest and Accretions

The following summarizes total future principal and interest requirements for the various debt issues referenced above (in thousands):

Debt Type	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
Certificates of participation and bonds	\$ 1,799,091	\$ 1,182,326	\$ 709,169	\$ 531,882
Tobacco settlement asset-backed bonds	299,749	586,325		
Notes, Loans, and LRON from direct borrowings and placements	148,434	1,301	125,331	1,685
Subtotal	2,247,274	<u>\$ 1,769,952</u>	834,500	<u>\$ 533,567</u>
Add: Accretions	14,227			
Unamortized premiums on bonds payable	289,086		85,405	
Total bonds and notes	<u>\$ 2,550,587</u>		<u>\$ 919,905</u>	

Long-term liabilities recorded in the government-wide statement of net position include accreted interest on zero coupon bonds and unamortized bond premiums.

Bonds Defeased in Prior Years

In prior years, various debt obligations, consisting of bonds and certificates of participation, were defeased by placing the proceeds of refunding bonds in an irrevocable trust to provide for all future debt service payments on the old obligations. GASB 86, "Certain Debt Extinguishment Issues," requires that debt also be considered defeased when cash and other monetary assets acquired with only existing resources are placed in an irrevocable trust to extinguish debt. Accordingly, the trust account assets and the related debt service payments for the defeased bonds would not be reflected in the County's statement of net position. At June 30, 2023, there were no outstanding bonds and certificates of participation considered defeased.

Changes in Long-term Liabilities

The following is a summary of the restatement of beginning balances as a result of the implementation of GASB 96, as described in Note 2 (in thousands):

	Balance at July 1, 2022, as previously reported	Adjustment	Balance at July 1, 2022, as restated

11. LONG-TERM OBLIGATIONS-Continued

Changes in Long-term Liabilities-Continued

For governmental activities, the General Fund, the Fire Protection District Special Revenue Fund and the LA County Library Special Revenue Fund have typically been used to liquidate workers' compensation, accrued compensated absences, pension, OPEB, lease, financed purchase, subscription, litigation and self-insurance.

Bond interest accretions for deep discount bonds have been included in the amounts reported for Bonds. Accretions increased during FY 2022-2023, thereby increasing liabilities for Bonds by \$5.04 million for governmental activities. Note 18 contains information about changes in the combined current and long-term liabilities for workers' compensation and litigation and self-insurance.

Discretely Presented Component Unit

Long-term debt obligations and corresponding activity for the LACDA and First 5 LA discretely presented component units for the year ended June 30, 2023, were as follows (in thousands):

	Balance July 1, 2022	Additions	Maturities	Balance June 30, 2023	Due Within One Year

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

12. SHORT-TERM DEBT

On July 1, 2022, the County issued \$900.00 million of short-term Tax and Revenue Anticipation Notes at an effective interest rate of 1.65%. The proceeds of the notes were used to assist with County General Fund cash flow needs prior to the first major apportionment of property taxes, which occurred in December 2022. The notes matured and were redeemed on June 30, 2023.

13. CONDUIT DEBT OBLIGATIONS

Community Facilities and Improvement District Bonds

As of June 30, 2023, various community facilities and improvement districts established by the County had outstanding special tax bonds payable totaling \$64.95 million and limited obligation improvement bonds totaling \$573 thousand. The bonds were issued to finance the cost of various construction activities and infrastructure improvements, which have a regional or direct benefit to the related property owners.

The bonds do not constitute an indebtedness of the County and are payable solely from special taxes and benefit assessments collected from property owners within the districts. In the opinion of County officials, these bonds are not payable from any revenues or assets of the County and neither the full faith and credit of the County, the State or any political subdivision thereof is obligated to the payment of the principal or interest on the bonds. The County has limited commitments for these bonds. Accordingly, no liability has been recorded in the accompanying basic financial statements.

The County functions as an agent for the districts and bondholders. Debt service transactions related to the various bond issues are reported in the custodial funds. Construction activities are reported in the Improvement Districts' Capital Projects Fund.

Industrial Development and Other Conduit Bonds

Industrial development bonds, and other conduit bonds, have been issued to provide financial assistance to private sector entities and nonprofit corporations for the acquisition of industrial and health care facilities, which provide a public benefit. The bonds are secured by the facilities acquired and/or bank letter of credit and are payable solely from project revenue or other pledged funds. The County is not obligated in any manner for the repayment of the bonds. All industrial development bonds were paid during the year and no amount was outstanding as of June 30, 2023.

Redevelopment Refunding Bonds

The County of Los Angeles Redevelopment Refunding Authority, a JPA between the County and the Los Angeles County Public Works Financing Authority, was established to issue bonds that would enable successor agencies to former redevelopment agencies within the County to refund their outstanding tax allocation bonds in order to achieve debt service savings and to provide significant economies of scale through reduced costs of issuance and lower interest rates. The bonds are secured by a lien on future tax revenues of successor agencies. The County is not obligated in any manner for the repayment of the bonds. The County has limited commitment for these bonds. Accordingly, no liability has been recorded in the accompanying basic financial statements.

As of June 30, 2023, the amount of redevelopment refunding bonds outstanding was \$421.17 million.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES

Net patient service revenues are reported at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined.

California Advancing and Innovating Medi-Cal

On December 28, 2021, the federal Centers for Medicaid and Medicare Services (CMS) approved the California Advancing and Innovating Medi-Cal (CalAIM) Section 1115 demonstration and CalAIM Section 1915(b) waiver, effective through December 31, 2026. CalAIM is an innovative and long-term commitment to transform and strengthen Medi-Cal, making the program more equitable, coordinated, and person-centered to help people maximize their health and life trajectory. CalAIM shifts Medi-Cal to a population health approach on a statewide level that prioritizes prevention and addresses social drivers of health.

Revenues from CalAIM include those derived from Medical Managed Care (which the State moved from the Section 1115 waiver - where it resided in Medi-Cal 2020 - to the 1915(b) waiver portion of CalAIM). Those revenues are depicted below, consistent with historicals, to facilitate year-to-year comparisons.

CalAIM revenues include (among other sources):

1. Global Payment Program
2. Providing Access and Transforming Health
3. Enhanced Care Management
4. Community Support

Global Payment Program

The Global Payment Program (GPP) originated under the Medi-Cal 2020 Waiver and was approved to continue under the CalAIM Section 1115 demonstration. GPP is a payment reform program that aims to change the way county-owned and operated Public Hospital Systems (PHS) in California are compensated for providing care to the remaining uninsured. The program encourages a shift away from cost-based, hospital-centric models of care, through financial incentives to provide cost-effective primary and specialty care.

The GPP lifts restrictions that have historically impeded providing services for the remaining uninsured in the most appropriate setting for each patient, and now includes non-traditional methods of care delivery that have not been covered under either program. The shift from volume to value is done through a value-based point methodology, which takes into account both the value of care to the patient, and the recognition of costs to the health care system.

COUNTY OF LOS ANGELES  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

California Advancing and Innovating Medi-Cal-Continued

Global Payment Program-Continued

The GPP funds are comprised of (a) Disproportionate Share Hospital (DSH) funds that otherwise would have been allotted to the PHS, and (b) Safety Net Uncompensated Care Pool (SNCP) funds. DSH is a federal program to support safety-net hospitals that care for a disproportionate share of low-income patients. SNCP was established under California's 2005 waiver to support services provided to uninsured patients.

Each GPP (PHS) participant has an opportunity to earn a global budget for care to the remaining uninsured and must meet service thresholds to receive full funding. Points are assigned to services in the following categories:

- Traditional Outpatient (e.g., primary or specialty care visit, dental, ER/urgent care, mental health visit).
- Non-Traditional Outpatient (e.g., health coaching, care navigation, community wellness encounters).
- Technology-Based Outpatient (e.g., nurse advice line, email consultation, provider-to-provider eConsult for specialty care).
- Inpatient and Facility Stays (e.g., trauma care, ICU stays, recuperative care, respite care, sober center stays, skilled nursing facility stays).

The County provides funding for the State of California's (State) share of the program by using "intergovernmental transfers" (IGTs) to draw down federal matching funds.

The estimated GPP revenues and related IGTs recorded in FY 2022-2023 were as follows (in thousands):

	GPP Revenues	Intergovernmental Transfers Expense
Harbor-UCLA Medical Center	\$ 273,373	\$ 135,399
Olive View-UCLA Medical Center	133,786	65,958
Los Angeles General Medical Center	384,750	230,925
Rancho Los Amigos National Rehab Center	120,812	95,684
Total	<u>\$ 912,721</u>	<u>\$ 527,966</u>

The General Fund received \$347.63 million for GPP and paid \$92.52 million of related IGTs, which were recorded as "Charges for Services" revenue and "Health and Sanitation" expenditures, respectively, on the governmental funds statement.

Providing Access and Transforming Health

Providing Access and Transforming Health (PATH) is a five-year, \$1.850 billion initiative to provide and build capacity and infrastructure for initiatives under CalAIM, namely Enhanced Care Management, Community Support, and Justice-Involved services. There are several subaccounts in PATH that the Department of Health Services (DHS) has either applied for or will apply for:

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

California Advancing and Innovating Medi-Cal-Continued

Providing Access and Transforming Health-Continued

- Whole Person Care Services and Transition to Managed Care Mitigation Initiative  
PATH will fund services provided by former Whole Person Care Pilot Lead Entities until the services transition to managed care coverage under CalAIM. This funding will end by January 1, 2024. The County must provide local match funding in the form of an IGT, based on actual expenditures, to receive reimbursement from the Department of Health Care Services (DHCS).
- Capacity and Infrastructure Transition, Expansion and Development (CITED) Initiative  
PATH will provide direct funding to support the transition, expansion, and development of Enhanced Care Management and Community Support services. Funds will be made available from DHCS directly to recipients in several rounds, with the first round being up to \$100 million statewide. DHS is in the process of applying for this competitive pool of funds. The non-federal share will be provided with State general fund resources. DHS applied for funds in Round 1 and was authorized for \$8.59 million. Currently, DHS is in the process of applying for funds in Round 2.
- Justice-Involved Capacity Building Program  
Starting in 2023, PATH funding will be available from DHCS to support DHS pre-release capacity building activities to support the ability to claim for certain health services provided in jail 90 days before release. CMS authorized payment for these services in a waiver amendment approved January 26, 2023. DHS is working with DHCS to determine how much funding will be available for pre-release capacity building.

In FY 2022-2023, the General Fund accrued \$49.08 million for PATH and \$20.87 million of related IGTs, which were recorded as "Charges for Services" revenue and "Health and Sanitation" expenditures, respectively, on the governmental funds statement.

Enhanced Care Management

Enhanced Care Management (ECM) is a new Medi-Cal managed care benefit that supports a whole person-focused, interdisciplinary approach to intensive care management intended to improve care coordination and address the physical, behavioral health, and social needs of the highest cost, highest need Medi-Cal beneficiaries. It is designed to replace similar services that were previously provided under Whole Person Care and Health Homes Program. DHS has contracted with LA Care and Health Net to provide ECM services to certain high-need members assigned to DHS for primary care, and beginning in January 2024 it will add a contract with Molina.

In FY 2022-2023, an estimated \$2.88 million of ECM revenues were recorded as part of net patient service revenues.

The General Fund received an estimated \$3.52 million for ECM, which were recorded as "Charges for Services" revenue on the governmental funds statement.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

California Advancing and Innovating Medi-Cal-Continued

Community Support

Community Support (CS) covers a variety of managed care services that address complex barriers to health and drivers of health care costs, such as homelessness and unstable or unsafe housing, and food insecurity. CS is focused on addressing specific medical and social needs of the high-risk clients, in order to reduce utilization of higher-cost services. The services are voluntary for the managed care plan to offer, and for the patients to opt in to receiving. DHS has contracted with six Medi-Cal managed care plans to launch and offer the following CS services in 2022 and 2023: recuperative care, housing navigation and tenancy sustaining services. Additional services for newly eligible populations are scheduled to roll out through 2024. The General Fund received an estimated \$66.36 million for CS, which were recorded as "Charges for Services" revenue on the governmental funds statement. It is expected that these amounts will decline in future years due to health plans limiting the duration of housing benefits to periods that are shorter than the time during which a person receives housing services from the County. While current year revenues reflect coverage for a substantial share of current clients, in future years, only newly housed individuals will be reimbursed.

Previous Medi-Cal Demonstration Projects

Bridge to Reform

Bridge to Reform was approved in November 2010 by CMS, pursuant to Section 1115(a) of the Social Security Act. This waiver affected many aspects of Medi-Cal revenue for the County hospitals and clinics including the financing methods by which the State drew down federal matching funds. Bridge to Reform covered the period November 1, 2010 to October 31, 2015, with a temporary extension to December 31, 2015. As of the end of the FY 2022-2023, Program Years 2010-2011 and 2014-2015 are still pending State's final reconciliation.

Managed Care for Seniors and Persons with Disabilities

Under the Medi-Cal Demonstration Project, in an effort to provide more coordinated care and contain costs, Medi-Cal beneficiaries who are Seniors and Persons with Disabilities (SPDs) are required to enroll in managed care plans, rather than using a fee for service system. In FY 2022-2023, an estimated \$153.58 million of SPD revenues were recorded as part of net patient service revenues.

The General Fund received \$16.45 million for SPD, which were recorded as "Charges for Services" revenue on the governmental funds statement.

COUNTY OF LOS ANGELES  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

Affordable Care Act

On January 1, 2014, when the federal health care reform of the Patient Protection and Affordable Care Act went into effect, the Hospital Presumptive Eligibility program also provided individuals with temporary Medi-Cal benefits while a formal, permanent Medi-Cal application is being processed.

Medicaid Coverage Expansion

The Medicaid Coverage Expansion (MCE), also known as the Optional Medicaid Expansion program, provides Medi-Cal coverage for adult citizens or legal residents (ages 19-64) who are uninsured and have incomes at or below 138.00% of the Federal Poverty Level. The Federal Medical Assistance Percentage (FMAP) for the MCE Program was 100.00% from July 1, 2016 through December 31, 2016, 95.00% from January 1, 2017 through December 31, 2017, 94.00% from January 1, 2018 through December 31, 2018, and 93.00% from January 1, 2019 through December 31, 2019. It became 90.00% on January 2020 and is set to continue at the level thereafter.

The County contracts with LA Care Health Plan (LA Care) and Health Net Community Solutions, Inc. (Health Net) to provide services for their Medi-Cal managed care members. During FY 2022-2023, LA Care paid the County managed care capitation payments based on the CY 2022 contract rates, while Health Net paid contracted rates effective January 2022.

In FY 2022-2023, the total estimated MCE revenues and related estimated IGTs, including prior year over/under-realization were as follows (in thousands):

	Program Revenues	Intergovernmental Transfers Expense
MCE	\$ 402,102	\$
MCRS - MCE	157,814	27,461
Total	\$ 559,916	\$ 27,461

The General Fund received \$90.69 million for MCE which was recorded as "Charges for Services" revenue. The IGTs recorded under "Health and Sanitation" expenditures on the governmental funds statement are related to prior year IGT reconciliations.

On September 1, 2023, the County received a Civil Investigative Demand ("CID") from the United States Department of Justice ("DOJ"). The demand seeks records and information related to managed care and the expansion of Medicaid to adult expansion under the Affordable Care Act. The County is cooperating with the investigation and has made an initial production of documents responsive to the CID. Potential penalties are contingent on a number of factors and too speculative to reasonably estimate at this time.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

Other Medi-Cal Programs

Medi-Cal Fee-For-Service

The Medi-Cal Demonstration Project restructured the financing method by which the State draws down federal matching funds for the inpatient hospital FFS to cost based reimbursement. The non-federal share of the Medi-Cal FFS is provided by the hospitals primarily through certified public expenditures (CPE) whereby the hospital expends its local funding for services to draw down the federal financing participation (FFP), currently provided at a 56.20% match which incorporates a 6.20% increase in the FFP rate as authorized by the Families First Coronavirus Response Act (FFCRA). For FY 2022-2023, an estimated \$456.31 million of Medi-Cal FFS revenues were recorded as part of net patient service revenue.

Medi-Cal Physician State Plan Amendment

The Medi-Cal Demonstration Project payment for inpatient and other facility services excluded professional services. State Plan Amendment 05-23 allows professional services provided by public entities to be paid similarly to the inpatient hospital services under the Medi-Cal Demonstration Project. Hospitals are allowed to claim federal reimbursement for unreimbursed costs of Medi-Cal professional services (Hospital Inpatient, Emergency Room, and Psychiatric services), which is matched at the applicable FMAP rate for the year.

Revenues of \$73.57 million were recognized and recorded as part of net patient service revenue during FY 2022-2023.

Cost Based Reimbursement Clinics

Cost Based Reimbursement Clinics (CBRC) reimburse 100% of allowable costs for outpatient services provided to Medi-Cal FFS beneficiaries at the County's hospital-based clinics, outpatient centers and Ambulatory Care Network health centers (excluding clinics that provide predominately public health services). In FY 2022-2023, CBRC revenues were \$231.70 million for the enterprise funds and were recorded as net patient services revenue.

As of June 30, 2023, the County estimated that approximately \$27.64 million of CBRC accounts receivable would not be collectible within 12 months and this amount is classified as a noncurrent asset in the enterprise fund statements of net position for each hospital.

The General Fund received \$42.92 million for CBRC, which was recorded as "Charges for Services" revenue on the governmental funds statement. As of June 30, 2023, the County estimated that approximately \$8.56 million of CBRC accounts receivable would not be collectible within 12 months.

Medi-Cal Cost Report Settlements

In FY 2022-2023, the County recognized final inpatient hospital FFS settlements of \$29.48 million related to the FY 2011-2012. In addition, the County received CBRC audit settlements of \$68.35 million related to FY 2019-2020 and FY 2020-2021. The County's appeal of certain CBRC audit adjustments at various levels to the Office of Administrative Appeals have been favorably resolved resulting in \$7.32 million of final settlement revenues.

The State is in the process of auditing the FY 2020-2021 non-hospital CBRC and FY 2021-2022 hospital cost reports. Settlements are expected by the 4th quarter of FY 2023-2024.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

Other Medi-Cal Programs-Continued

Medi-Cal Managed Care Graduate Medical Education

On March 19, 2020, the State executed State Plan Amendment (SPA) Transmittal Number 17-009 that allows for graduate medical education (GME) payments to certain governmental hospitals for Medi-Cal managed care services effective January 1, 2017. The Medi-Cal managed care plans do not include GME payments within the capitation rates.

These supplemental GME payments are funded by voluntary IGTs made by the County pursuant to Welfare and Institutions Code (WIC) sections 14164 and 14105.29(c), that is used solely as the source for the non-federal share of GME payments made to the eligible providers of the Governmental Funding Entity pursuant to WIC section 14105.29 and Supplement 6 to Attachment 4.19-A of the SPA. The funds transferred qualify for FFP pursuant to 42 Code of Federal Regulations part 433 subpart B.

Under the SPA, the County is required by Welfare and Institutions Code Section 14105.29, to pay the State a 5% administrative fee that is assessed on the full amount of the IGTs. This amount is also recorded as part of the IGT.

In FY 2022-2023, the County recorded the GME supplemental gross revenue payments as listed below and recorded the corresponding IGT expense as follows (in thousands):

	GME Revenues	Intergovernmental Transfers Expense
Harbor-UCLA Medical Center	\$ 62,537	\$ 7,764
Olive View-UCLA Medical Center	28,506	1,971
Los Angeles General Medical Center	108,501	11,951
Rancho Los Amigos National Rehab Center	2,342	281
Total	<u>\$ 201,886</u>	<u>\$ 21,967</u>

Medi-Cal Managed Care Rate Supplements

The State is obtaining CMS' approval to continue the Medi-Cal Managed Care Rate Supplements (MCRS) paid to LA Care and Health Net Health Plans for calendar year 2023. The supplements are funded by IGTs made by the County. The County does not receive the supplemental payments directly from the State; rather, the State contracts with LA Care and Health Net, which then subcontract for services with various provider networks.

In addition, in order to receive the supplemental payments, the County is required by Welfare and Institutions Code Section 14301.4, to pay the State a 20% administrative fee that is assessed on the full amount of the IGTs. This amount is also recorded as part of the IGT.

COUNTY OF LOS ANGELES  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

Other Medi-Cal Programs-Continued

Medi-Cal Managed Care Rate Supplements-Continued

The total estimated managed care rate supplement revenues and related estimated IGTs recorded in FY 2022-2023, including prior year over/under realization, were as follows (in thousands):

	<u>MCRS Revenues</u>	<u>Intergovernmental Transfers Expense</u>
Harbor-UCLA Medical Center	\$ 1,230	\$ (705)
Olive View-UCLA Medical Center	216,060	117,058
Rancho Los Amigos National Rehab Center	(7,529)	(6,487)
Total	<u>\$ 209,761</u>	<u>\$ 109,866</u>

The MCRS IGTs related to the prior year reconciliations, in the amount of \$0.04 million, were recorded in the General Fund as "Health and Sanitation" expenditures on the governmental fund statements. There are no associated revenues related to these IGT reconciliations.

Managed Care Rule

On April 25 2016, CMS published the Medicaid and Children's Health Insurance Program (CHIP) Managed Care Final Rule. The rule, many provisions of which went into effect July 1, 2017, is an update to the regulatory framework for Medicaid, aligning it as much as possible with Medicare and other commercial insurance requirements for issues like rate setting, access standards, grievances and appeals, and quality.

The managed care rule limits the ability of states to direct payments to health care providers, unless certain conditions are met. Among the allowable exceptions are payments tied to performance, and payments that provide a uniform payment increase which includes a pre-determined increase over contracted rates. The previous SPD-SB208 and AB85 MCE-to-Cost programs did not meet these conditions. In order to retain this critical funding, the following two programs were introduced:

1. Enhanced Payment Program
2. Quality Incentive Program

Enhanced Payment Program

The Enhanced Payment Program (EPP) creates a funding pool to supplement the base rates public health care systems receive through Medi-Cal managed care contracts. It was intended to meet the managed care rule's criteria that allow payments that provide a uniform increase within a class of providers such as a predetermined increase over contracted rates.

The mechanism for delivering EPP payments to public health care systems depends largely on those systems' existing payment arrangements with their managed care plans. Under the proposed structure, health plans would receive an add-on to their managed care rates and would provide interim payments to providers throughout the year. Payments would be reconciled at the end of the year, protecting health plans from any risk associated with payment.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

Other Medi-Cal Programs-Continued

Managed Care Rule-Continued

Enhanced Payment Program-Continued

The estimated EPP revenues and related IGTs reported in FY 2022-2023 are as follows (in thousands):

	EPP Revenues	Intergovernmental Transfers Expense
Harbor-UCLA Medical Center	\$ 301,653	\$ 60,791
Olive View-UCLA Medical Center	133,803	26,825
Los Angeles General Medical Center	327,440	67,121
Rancho Los Amigos National Rehab Center	29,342	5,657
Total	<u>\$ 792,238</u>	<u>\$ 160,394</u>

The General Fund received \$249.42 million for EPP and paid \$50.51 million of related IGTs, which were recorded as "Charges for Services" revenue and "Health and Sanitation" expenditures, respectively, on the governmental funds statement.

Quality Incentive Program

The Quality Incentive Program (QIP) is meant to meet the Managed Care Rule's exception that allows payments tied to performance.

The QIP represents a pay for performance program for California's public health care systems that uses a value-based structure. QIP payments are tied to the achievement of performance on a set of clinically established quality measures for Medi-Cal managed care enrollees.

At FY 2022-2023 year-end, the estimated QIP revenues, which were recorded as patient service revenues, and related IGTs, including prior year over/under realization, are as follows (in thousands):

	QIP Revenues	Intergovernmental Transfers Expense
Harbor-UCLA Medical Center	\$ 119,085	\$ 26,513
Olive View-UCLA Medical Center	63,979	14,224
Los Angeles General Medical Center	145,914	32,397
Rancho Los Amigos National Rehab Center	22,304	4,964
Total	<u>\$ 351,282</u>	<u>\$ 78,098</u>

The General Fund received \$34.09 million for QIP and paid \$7.72 million of related IGTs, which were recorded as "Intergovernmental Revenues - Federal" and "Health and Sanitation" expenditures, respectively, on the governmental funds statement.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

Third Party Payor Liability

The County's Hospitals reported third party payor liabilities of \$526.77 million (see Note 11) as of June 30, 2023, as reported on the statement of net position for proprietary funds. The current liabilities for amounts due within one year are \$142.13 million.

The noncurrent liabilities for third party payors related to enterprise funds are \$384.64 million. The primary programs associated with third party payors liabilities include DSH (\$113.09 million), Medi-Cal (\$56.33 million), SNCP (\$26.64 million), Medicare (\$46.97 million), SPD (\$16.27 million), MCE (\$69.79 million), AB 915 (\$30.70 million), In-home Supportive Services (IHSS) (\$14.42 million), Medi-Cal Physician SPA (\$9.57 million), and other miscellaneous programs (\$853 thousand).

Accounts Receivable-Net

The following is a summary, by hospital, of accounts receivable and allowances for uncollectible amounts as of June 30, 2023 (in thousands):

	H-UCLA	OV-UCLA	Los Angeles General	Rancho	Total
Accounts receivable	\$ 2,680,967	1,483,593	3,530,850	692,579	\$ 8,387,989
Less: Allowance for uncollectible amounts	1,876,091	1,021,312	2,473,495	467,368	5,838,266
Accounts receivable - net	<u>\$ 804,876</u>	<u>462,281</u>	<u>1,057,355</u>	<u>225,211</u>	<u>\$ 2,549,723</u>

Charity Care

Charity care includes those uncollectible amounts for which the patient is unable to pay. Generally, charity care adjustment accounts are those accounts for which an indigence standard has been established and under which the patient qualifies. Inability to pay may be determined through DHS's Ability-to-Pay program, through other collection efforts by DHS, by the Treasurer and Tax Collector, or by an outside collection agency. Determinations of charity care may be made prior to, at the time of service, or any time thereafter. The estimated cost of charity care for the year ended June 30, 2023 was \$797.01 million. The total amount of such charity care provided by the hospitals for the year ended June 30, 2023 is as follows (in thousands):

Charity care at established rates	\$ 1,485,340
GPP reimbursements	160,537
Charges forgone	<u>\$ 1,324,803</u>

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

Realignment

As a result of the ACA, the State adopted and passed Assembly Bill 85 (AB85), as amended by Senate Bill 98, which lays out the process by which a portion of the 1991 County Health Realignment funds will be redirected to support Social Services programs based on a formula. The redirection is based on the assumption that the counties will decrease their cost for healthcare for the indigent population. These savings will be shared between the counties' health departments and the State. The sharing ratio is 80% to the State and 20% to the County. This ratio has been in place since FY 2014-2015. AB85, as amended, provides a unique formula for the County to determine the amount to be redirected.

In FY 2022-2023, the State did not withhold any of the County's Health Realignment funds. This amount is expected to be reconciled against actual revenues and expenses for FY 2022-2023 within two years. The redirection amount will be subject to the State's review and approval. The financial impact of the potential redirection of realignment funding in future years is not yet known.

In FY 2021-2022, the State did not withhold any of the County's Health Realignment funds. Based on updated revenues realized for FY 2021-2022 services in FY 2022-2023, the projected redirection amount remains at \$0.00.

In FY 2020-2021, the State did not withhold any of the County's Health Realignment funds. However, based on updated revenues realized for FY 2020-2021 services in FY 2022-2023, the projected redirection amount is \$71.10 million. As a result, the "Intergovernmental Revenues - State" has been reduced by \$71.10 million in the County's General Fund in FY 2022-2023.

Martin Luther King, Jr. Community Hospital

The County and the University of California (UC), with the State, have created a wholly independent, non-profit 501(c)(3) entity, the Martin Luther King, Jr. - Los Angeles Healthcare Corporation (MLK-LA), to operate a hospital at the MLK-MACC site. As originally conceived, the hospital would: i) serve as a safety-net provider treating a high volume of Medi-Cal and uninsured patients and ii) be integrated with the County's existing network of specialty and primary care ambulatory clinics. The seven-member MLK Hospital Board of Directors was appointed by the County and UC in August 2010. The MLK Community Hospital opened on May 14, 2015.

To assist with the opening of the MLK Hospital, the County provided MLK-LA with \$50.00 million of coordination start-up funds, \$39.10 million of grant funding, and \$82.00 million of long-term loan funding, which includes a 30-year loan in the amount of \$50.00 million, a 10-year revolving line of credit in the amount of \$20.00 million, and a 2-year loan in the amount of \$12.00 million. On January 5, 2016, the Board approved an additional short-term revolving loan in the amount of \$40.00 million to assist MLK-LA with post-hospital opening expenses. As of June 30, 2023, the 30-year loan has an outstanding balance of \$37.50 million. In May 2023, MLK-LA drew down \$20 million from the revolving line of credit. MLK-LA will make interest only payments due in May and November and plans to pay back the revolving line of credit in the early part of 2024. In addition, the DHS has committed to make ongoing annual payments of \$18.00 million for indigent care support, and \$50.00 million of intergovernmental transfers for the benefit of the MLK Hospital. Under the terms of the agreement, the lease is for a period of forty (40) years with three options to extend the term by an additional ten years. The County established a lease receivable to lease the MLK facility to MLK-LA which has a balance of \$656.88 million as of June 30, 2023 and is reflected in governmental activities and the governmental funds.

COUNTY OF LOS ANGELES  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED JUNE 30, 2023

14. HOSPITAL AND OTHER PROGRAM REVENUES-Continued

Coronavirus Disease (COVID-19)

Provider Relief Funds

The Provider Relief Funds (PRF) are administered by the Health Resources and Services Administration and supports eligible health care providers in the battle against the COVID-19 pandemic. PRF provides relief funds to eligible providers of health care services and support for health care related expenses or lost revenues attributable to COVID-19. PRF recipients are restricted for eligible services rendered related to expenditures/expenses and lost revenues during the period of availability.

As of June 30, 2023, the County PRF allocation is \$322.67 million. Under the fund statements, the General Fund recognized the PRF as “Intergovernmental revenues-Federal” and the Hospital enterprise funds recognized revenue as operating revenues “Net patient service revenues”. The government-wide financial statements recorded the PRF revenue as “Operating Grants and Contributions” as reflected below (in thousands):

	PRF Allocation	FY 2022-2023 Revenues
Harbor-UCLA Medical Center	\$ 79,987	\$ 4,684
Olive View-UCLA Medical Center	58,963	1,679
Los Angeles General Medical Center	150,915	1,281
Rancho Los Amigos National Rehab Center	25,505	182
General Fund	7,301	
Total	\$ 322,671	\$ 7,826

The PRF Allocation above does not include interest collected or accrued, which is subject to the same restrictions related to expenditures/expenses and lost revenue during the period of availability. In September 2022, the Office of Inspector General initiated an audit of DHS' compliance with the PRF requirements. The outcome of the audit is not determinable at this time.

Harbor-UCLA Medical Center Accreditation

In June of 2023, the Accreditation Council for Graduate Medical Education (ACGME) Institutional Review Committee (IRC) placed Harbor-UCLA Medical Center on probationary status. Leadership is actively working to resolve the issue. Institutions on probationary status remain accredited to sponsor all currently accredited residency and fellowship programs, but they may not apply for accreditation of new programs. Harbor-UCLA did not have plans to do so. There are no direct adverse financial consequences associated with the hospital’s probationary status and indirect consequences are too speculative to estimate at this time.

15. INTERFUND TRANSACTIONS

Interfund Receivables/Payables

Interfund receivables and payables have been eliminated in the government-wide financial statements, except for “internal balances” that are reflected between the governmental and business-type activities. The majority of the interfund balances resulted from the time lag between the time that (1) goods and services were provided; (2) the recording of those transactions in the accounting system; and (3) payments between the funds were made. Interfund receivables and payables have been recorded in the fund financial statements. Such amounts arise due to the exchange of goods or services (or subsidy transfers) between funds that were pending the transfer of cash as of June 30, 2023.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

15. INTERFUND TRANSACTIONS-Continued

Interfund Receivables/Payables-Continued

Cash transfers related to interfund receivables/payables are generally made within 30 days after year-end. Amounts due to/from other funds at June 30, 2023 are as follows (in thousands):

Interfund Transfers

Transfers were made during the year from the General Fund to subsidize the operations of the LA County Library and the 4 hospitals. Other transfers primarily consisted of payments from the various operating funds (principally the General Fund) to debt service funds in accordance with long-term debt covenants. In addition, special revenue funds that are statutorily restricted made transfers to other funds to augment funding for programs operated in the General Fund and hospitals.

16. BUDGETARY ACCOUNTING DIFFERENCES/RECONCILIATIONS BETWEEN THE BUDGETARY BASIS AND GAAP

The County's statement of revenues, expenditures and changes in fund balances-budget and actual on budgetary basis for the major governmental funds has been prepared on the budgetary basis of accounting, which is different from GAAP.

The amounts presented for the governmental funds statements are based on the modified accrual basis of accounting and differ from the amounts presented on a budgetary basis of accounting. The major areas of difference are as follows:

- For budgetary purposes, nonspendable, restricted, committed and assigned fund balances and the portion of unassigned fund balance reserved for the "Rainy Day" fund are recorded as other financing uses at the time they are established. The County recognizes them as uses of budgetary fund balance. The nonspendable, restricted, committed and assigned fund balances that are subsequently canceled or otherwise made available are recorded as changes in fund balance in other financing sources.
- Under the budgetary basis, revenues (primarily intergovernmental) are recognized at the time encumbrances are established for certain programs and capital improvements. The intent of the budgetary policy is to match the use of budgetary resources (for amounts encumbered, but not yet expended) with funding sources that will materialize as revenues when actual expenditures are incurred. Under the modified accrual basis, revenues are not recognized until the qualifying expenditures are incurred and amounts are collected within the County's availability period.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

16. BUDGETARY ACCOUNTING DIFFERENCES/RECONCILIATIONS BETWEEN THE BUDGETARY BASIS AND GAAP-Continued

- For the General Fund, obligations for accrued compensated absences and estimated liabilities for litigation and self-insurance are recorded as budgetary expenditures to the extent that they are estimated to be payable within one year after year-end. Under the modified accrual basis of accounting, such expenditures are not recognized until they become due and payable in accordance with GASB Interpretation 6.
- In conjunction with the sale of Tobacco Settlement Asset-Backed bonds in FY 2005-2006, the County sold 25.9% of its future tobacco settlement revenues. Under the budgetary basis, the proceeds were recognized as revenues. Under the modified accrual basis, the proceeds were recorded as deferred inflows of resources and are being recognized over the duration of the sale agreement, in accordance with GASB 48 and 65. This matter is also discussed in Note 11, under the caption, “Tobacco Settlement Asset-Backed Bonds.”
- Under the budgetary basis, property tax revenues are recognized to the extent that they are collectible within one year after year-end. Under the modified accrual basis, property tax revenues are recognized only to the extent that they are collectible within 60 days.
- For budgetary purposes, investment income is recognized prior to the effect of changes in the fair value of investments. Under the modified accrual basis, the effects of such fair value changes have been recognized.
- The County determined that certain assets were held by LACERA (the OPEB administrator) in an OPEB Custodial Fund. For budgetary purposes, any excess payments (beyond the pay-as-you-go amount) are recognized as expenditures. Under the modified accrual basis, the expenditures are adjusted to recognize the OPEB Custodial assets at June 30, 2023.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

16. BUDGETARY ACCOUNTING DIFFERENCES/RECONCILIATIONS BETWEEN THE BUDGETARY BASIS AND GAAP-Continued

The following schedule is a reconciliation of the budgetary and GAAP fund balances for the major governmental funds (in thousands):

	General Fund	Fire Protection District	Flood Control District	LA County Library	Regional Park and Open Space District	Mental Health Services Act
Fund balance - budgetary basis	\$ 3,764,489	\$ 70,854	\$ 69,148	\$ 79,020	\$ 471,490	\$ 155,070

17. OTHER COMMITMENTS AND CONTINGENCIES

Construction and Other Significant Commitments

At June 30, 2023, there were contractual commitments of approximately \$12.38 million for various governmental construction projects and approximately \$1.102 billion for various hospital construction projects that were financed by bonds and lease revenue obligation notes.

LACERA Capital Commitments

At June 30, 2023, LACERA had outstanding capital commitments to various investment managers, approximating \$9.500 billion.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

17. OTHER COMMITMENTS AND CONTINGENCIES-Continued

Encumbrances

The County uses “encumbrances” to control expenditure commitments for the year. Encumbrances represent commitments related to executory contracts not yet performed and purchase orders not yet filled. Commitments for such expenditure of monies are encumbered to reserve applicable appropriations. Depending on the source(s) of funding, encumbrances are reported as part of restricted, committed or assigned fund balance on the governmental funds balance sheet. As of June 30, 2023, the encumbrance balances for the governmental funds (in thousands) are reported as follows:

	<u>Restricted</u>	<u>Committed</u>	<u>Assigned</u>	<u>Total</u>
General Fund	\$		1,027,396	\$ 1,027,396
Fire Protection District	63,861			63,861
Flood Control District	148,686			148,686
LA County Library			16,953	16,953
Regional Park and Open Space District	71,824			71,824
Nonmajor Governmental Funds	239,861	20,793		260,654
Total Encumbrances	<u>\$ 524,232</u>	<u>20,793</u>	<u>1,044,349</u>	<u>\$ 1,589,374</u>

Contingent Gain

During FY 2020-2021, the State of California and its political subdivisions participated in obtaining final settlement agreements and judgments against multiple companies to resolve legal claims related to the companies’ role in the opioid crisis. Currently, California's allocation is approximately 9.92% of the national settlement funds. The State of California Department of Health Care Services (DHCS) oversees and administers the settlement funds that are received as follows: 15 percent allocated to the State of California and used for future opioid remediation activities, 70 percent allocated to the Participating Subdivisions (i.e., counties and cities) and used for opioid remediation activities, and 15 percent allocated to the Plaintiff Subdivisions that are Initial Participating Subdivisions (which includes the County). DHCS will also oversee all activities funded by the settlements including, but not limited to, designating additional high-impact abatement activities, conducting related stakeholder engagement, monitoring the California participating subdivisions for compliance, and preparing annual reports. Future opioid litigation may result in additional settlement agreements or judgments, or suspension and reduction of payments, and each agreement or judgment may have unique terms governing payment timing and duration. The County reported Opioid settlement revenues of \$33.35 million in FY 2022-2023 under the nonmajor health and sanitation funds, as reflected in the government-wide governmental activities and governmental fund statements. Because of the uncertainty of future revenues to be received from the State, no receivable has been established for the opioid settlements.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

18. RISK MANAGEMENT

The County purchases insurance for certain risk exposures such as property, aviation, employee fidelity, boiler and machinery, cyber, catastrophic workers' compensation, art objects, volunteers, special events, public official bonds, crime, safety reserve employee death and disability, and fiduciary liability for the deferred compensation plans. There have been settlements related to these programs that exceeded self-insured retention in the last three years. Losses did not exceed coverage in FY 2020-2021, FY 2021-2022 or FY 2022-2023.

The County retains the risk for all other loss exposures. Major areas of risk include workers' compensation, medical malpractice, law enforcement, natural disasters, inverse condemnation, non-tort and tort liability. Expenditures are accounted for in the fund whose operations resulted in the loss. Claims expenditures and liabilities are reported when it is probable that a loss has been incurred and the amount of that loss, including those incurred but not reported, can be reasonably estimated. The County utilizes actuarial studies, historical data, and individual claims reviews to estimate these liabilities. The liabilities include estimable incremental claim adjustment expenses, net of salvage, and recovery/subrogation of approximately 10% of the total liability expenditures. They do not include other claim adjustment costs because the County does not believe it is practical or cost effective to estimate them.

As indicated in the following table, the County's workers' compensation balance as of June 30, 2023 was approximately \$3.504 billion. This amount is undiscounted and is based on an actuarial study of the County's self-insured program as of June 30, 2023. Approximately \$154.72 million of the total liabilities pertain to salary continuation payments and other related costs mandated by the State Labor Code.

As of June 30, 2023, the County's estimate of these liabilities is \$7.270 billion. Changes in the reported liability since July 1, 2022 resulted from the following (in thousands):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes In Estimates	Claim Payments	Balance At Fiscal Year- End
<u>2021-2022</u>				
Workers' Compensation	\$ 3,306,645	698,471	(604,653)	\$ 3,400,463
Other	249,859	444,497	(80,438)	613,918
Total	<u>\$ 3,556,504</u>	<u>1,142,968</u>	<u>(685,091)</u>	<u>\$ 4,014,381</u>
<u>2022-2023</u>				
Workers' Compensation	\$ 3,400,463	760,369	(656,599)	\$ 3,504,233
Other	613,918	3,410,854	(258,559)	3,766,213
Total	<u>\$ 4,014,381</u>	<u>4,171,223</u>	<u>(915,158)</u>	<u>\$ 7,270,446</u>

In addition to the above estimated liabilities, the County has determined that claims seeking damages of approximately \$348.09 million are reasonably possible of creating adverse judgments against the County. Because of the uncertainty of their outcome, no loss has been accrued for these claims.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

18. RISK MANAGEMENT-Continued

The County receives substantial federal revenues and operates many programs which are subject to federal rules and regulations. Federal assistance is especially critical to the County's ability to operate its four County hospitals and health care network. The County is carefully monitoring State and federal policy developments to determine the future impacts, if any, on its ability to administer federal programs and deliver County services that rely upon federal funding.

19. POLLUTION REMEDIATION

The County is involved in several remediation actions to clean up pollution sites within its boundaries. These matters generally coincide with the County's ownership of land, buildings and infrastructure assets. In some cases, regulatory agencies (e.g., Regional Water Quality Board, State Department of Toxic Control, California Coastal Commission) notified the County of the need for remedial action. In addition, the County conducts its own environmental monitoring and this activity identifies pollution sites and matters requiring further investigation and possible remediation. Once the County is aware of these conditions, it commences monitoring, assessment, testing and/or cleanup activities, and recognizes a pollution remediation obligation when estimates can reasonably be determined. The pollution remediation obligation is an estimate and is subject to revision because of price increases or reductions, changes in technology, or changes in applicable laws or regulations. The types of pollution that have been identified include leaking underground storage tanks, water, groundwater and soil contamination, asbestos and lead paint contamination, methane gas detection and excessive levels of other contaminants. Remediation efforts include developing remediation and feasibility studies, source identification studies, site testing, sampling and analysis, ground water cleanup, and removal of storage tanks, asbestos tiles and other hazardous materials.

As of June 30, 2023, the County's estimated pollution remediation obligation totaled \$37.17 million. This obligation was associated with the County's governmental activities. Obligations of enterprise and internal service funds were immaterial. The estimated liability was determined by project managers, based on historical cost information for projects of the same type, size and complexity and measured at their current value. In subsequent periods, the County will adjust the estimated obligation when new information indicates that such changes are required. At this time, the County has determined there are no estimated recoveries reducing the obligation.

20. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

Deferred outflows and inflows of resources balances in the government-wide and the proprietary funds statement of net position as of June 30, 2023 are described as follows:

- The deferred outflows of resources, included on the government-wide statement of net position, relate to the unamortized losses on refunding of debt, changes in the net pension liability as discussed in Note 7, and changes in the net OPEB liability as discussed in Note 8. The unamortized losses on refunding of debt are a deferred charge on refunding resulting from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

20. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES-Continued

- The deferred inflows of resources, included on the government-wide statement of net position, relate to the future installment payments of public-private and public-public partnerships as discussed in Note 6, from changes in the lease receivable as discussed in Note 9, from changes in the net pension liability as discussed in Note 7, and from changes in the net OPEB liability as discussed in Note 8.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

20. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES-Continued

Deferred outflows and inflows of resources balances in the governmental funds balance sheet as of June 30, 2023 are described as follows:

- The intra-entity sales of future tobacco settlement revenues are reported as deferred inflows of resources in the General Fund and deferred outflows of resources in the nonmajor governmental funds.
- Under the modified accrual basis of accounting, earning revenues during the current period is not sufficient for revenue recognition in the current period. Revenue must also be susceptible to accrual (i.e., measurable and available to finance expenditures of the current period). Governmental funds report revenues not susceptible to accrual as deferred inflows of resources. The County has included three such items, which are property tax revenues to be collected beyond the 60 day accrual period, lease receivables measured at the present value or expected to be received during the lease term in a future period, plus other long-term receivables, related mostly to SB90 claims, expected to be collected beyond the 12 month accrual period.

Governmental Funds

Reserve for "Rainy Day" Fund

On June 22, 2009, the Board established a Reserve for "Rainy Day" fund. The Reserve for "Rainy Day" fund was established and maintained to protect essential County programs against unforeseen emergencies and economic downturns. On May 3, 2022, the Board adopted an updated "Rainy Day" Fund amount of 17.00% of on-going locally generated revenue from the previous 10.00% amount. Transfers, at a minimum of ten percent (10.00%) of excess fund balance, less Board approved carryovers, will be set aside in the "Rainy Day" Fund each year until the 17.00% cap is met. Excess fund balance is defined as the difference between the actual year-end fund balance amount as determined by the Auditor-Controller, less the estimated fund balance amount included in the Adopted Budget. Board approved carryover is defined as unspent funding that was previously approved by the Board for critical programs and/or uncompleted projects.

Seventeen percent (17.00%) of the new ongoing discretionary revenues should be set aside annually, during the budget process as a hedge against any unforeseen fiscal issues during the year. At year-end, these funds will be transferred to the Rainy Day fund.

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

21. FUND BALANCES-Continued

Reserve for "Rainy Day" Fund-Continued

The County's "Rainy Day" fund does not meet the criteria for a stabilization arrangement for reporting the funds as either restricted or committed. As such, the Reserve for "Rainy Day" funds in the amount of \$854.92 million is reported as unassigned fund balance in the General Fund.

22. CORONAVIRUS DISEASE 2019 (COVID-19)

On March 13, 2020, a presidential emergency was declared for all states, tribes, territories, and the District of Columbia due to the ongoing Coronavirus Disease 2019 (COVID-19) pandemic. The declaration made federal disaster assistance available; through the Coronavirus Aid, Relief, and Economic Security (CARES) Act to the County and to the State of California to supplement the County's local recovery efforts. To assist in the efforts to respond to COVID-19, the County received significant fiscal stimulus in federal funds as described below. In FY 2022-2023, the County spent all of the remaining federal and State CARES Act funds and no advances payable were recorded.

Federal Emergency Management Agency

The County also received \$119.00 million from the Federal Emergency Management Agency (FEMA) and \$3.70 million from the California Governor's Office of Emergency Services (Cal OES) for 5 expedited projects to respond to COVID-19. The 5 projects were for the 1) County's Emergency Operations Center and related emergency services/activities; 2) Non-congregate medical shelters; 3) COVID-19 testing; 4) Project Room Key – emergency non-congregate shelters for homeless individuals meeting certain criteria; and 5) Great Plates – emergency feeding for certain at-risk individuals. For FY 2022-2023, the County recorded \$64.48 million as revenue on the fund and government-wide financial statements and \$14.91 million (including the interest) is reported as advances payable.

Emergency Rental Assistance

The federal Emergency Rental Assistance (ERA) program makes funding available to assist households that are unable to pay rent or utilities due to the COVID-19 pandemic. Two separate programs have been established: ERA1 provides up to \$25 billion under the Consolidated Appropriations Act, 2021, which was enacted on December 27, 2020, and ERA2 provides up to \$21.55 billion under the American Rescue Plan Act of 2021, which was enacted on March 11, 2021. During FY 2020-2021, the County received \$160.07 million and \$84.72 million for ERA1 and ERA2, respectively. For ERA1, the County entered into an agreement to direct the State of California to administer the County's funds to eliminate confusion for tenants and landlords because of the multiple programs amongst the multitude of jurisdictions within the State and the County. For ERA1, the County recorded \$0.28 million of revenue and the corresponding expenditures on the fund and government-wide financial statements. All of ERA1 funds have been expended. For ERA2, \$2.16 million (including the interest) is reported as advances payable.

American Rescue Plan Act of 2021

The American Rescue Plan (ARP) Act of 2021 Coronavirus State and Local Government Fiscal Recovery Funds (Fiscal Recovery Funds) continues many of the programs started by the CARES Act (2020) and Consolidated Appropriations Act (2021) by adding new phases, new allocations, and new

22. CORONAVIRUS DISEASE 2019 (COVID-19)-Continued

American Rescue Plan Act of 2021-Continued

guidance to address issues related to the continuation of the COVID-19 pandemic. The ARP also creates a variety of new programs to address continuing pandemic-related crises, and fund recovery efforts as the United States begins to emerge from the COVID-19 pandemic. The ARP was passed by Congress on March 10, 2021 and signed into law on March 11, 2021.

The Fiscal Recovery Funds may be used for the following: 1) to respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality; 2) to respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers; 3) to provide government services to the extent of the reduction in revenue due to the COVID-19 public health emergency relative to revenues collected in the most recent full fiscal year prior to the emergency; and 4) to make necessary investments in water, sewer, or broadband infrastructure. In December 2022, Congress amended the ARP program through the Consolidated Appropriations Act, 2023, providing additional flexibility for recipients to use ARP funds to respond to natural disasters, build critical infrastructure, and support community development.

On May 16, 2021, the County received the first tranche of \$974.99 million of ARP funds from the U.S. Department of Treasury and on June 9, 2022, the County received the second tranche of \$974.99 million. There is uncertainty on the timing of the revenue recognition since these ARP funds are subject to be returned to the U. S. Department of Treasury. The ARP funds must be obligated between March 3, 2021 and December 31, 2024, and expended to cover such obligations by December 31, 2026. For FY 2022-2023, the County recorded \$515.57 million as revenue on the fund and government-wide financial statements and \$1.173 billion is reported as advances payable.

Local Assistance and Tribal Consistency Funds

On November 17, 2022, the County received \$1.66 million from the Local Assistance and Tribal Consistency Fund (LATCF). The LATCF was established by Section 605 of the Social Security Act, as added by Section 9901 of the American Rescue Plan Act of 2021. The purpose of the LATCF program is to serve as a general revenue enhancement program and is designed, in part, to supplement existing federal programs that augment and stabilize revenues. For FY 2022-2023, \$1.66 million is reported as advances payable.

Under the fund statements, the General Fund recorded the COVID-19 revenue as “Intergovernmental Revenues-Federal”. The government-wide financial statements recorded the COVID-19 revenue as “Operating Grants and Contributions”. The remaining balance was reported under advance payable on the fund and government-wide financial statements as summarized below (in thousands):

	COVID-19 Federal Revenues	Advances Payable
FEMA	\$ 64,480	\$ 14,910
ERA		2,160
ARP	515,570	1,173,000
LATCF		1,660
Total	\$ 580,050	\$ 1,191,730

COUNTY OF LOS ANGELES  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2023

23. SUBSEQUENT EVENTS

Tax and Revenue Anticipation Notes (TRANS)

On July 3, 2023, the County issued \$700.00 million in FY 2023-2024 TRANS, which will mature on June 28, 2024. The TRANS are collateralized by taxes and other revenues attributable to FY 2023-2024 and were issued in the form of Fixed Rate Notes at an effective interest rate of 3.14%.

Lease Revenue Obligation Notes (LRON)

On July 24, 2023, LACCAL issued an additional \$24.00 million in tax exempt LRON with an interest rate of 3.4%. On September 13, 2023, LACCAL issued an additional \$30.00 million in tax exempt LRON with an interest rate of 3.2%. On October 19, 2023, LACCAL issued an additional \$42.00 million in tax exempt LRON which consisted of an interest rate of 3.37% for \$19.50 million, 3.4% for \$1.50 million, and 3.5% for \$21.00 million. On September 27, 2023, LACCAL redeemed \$400 thousand in taxable LRON. The proceeds are being used to fund capital requirements of various capital projects. LRON issuances are supported and secured by four separate series of letters of credit and pledged County properties.

Homelessness Response

On September 28, 2023, a federal court approved Los Angeles County's settlement with Plaintiff LA Alliance for Human Rights and six individual plaintiffs that commits additional resources for people experiencing homelessness. The settlement commits the County to \$1.24 billion worth of resources and services over the next four years and includes 3,000 mental health and substance use disorder beds, 450 new subsidies for enriched residential care for adult residential facilities and residential care facilities for the elderly beds (also known as board and care beds) serving the most vulnerable, an increase from 27.5 to 44 the number of specialized outreached teams in the City of Los Angeles, and provide a comprehensive suite of supportive services to the more than 13,000 permanent supportive housing and interim housing beds financed by the City of Los Angeles as part of the City's settlement with the plaintiffs. A federal monitor will assist the court in overseeing the County's settlement. On September 29, 2023, the court dismissed the plaintiffs' claims against the County. The settlement agreement is effective September 29, 2023, the date of the dismissal Order, and terminates on June 30, 2027.

## NONMAJOR GOVERNMENTAL FUNDS

COUNTY OF LOS ANGELES  
NONMAJOR GOVERNMENTAL FUNDS  
NONMAJOR SPECIAL REVENUE FUNDS

The nonmajor Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

ROAD FUND

The Road Fund is used to account for the maintenance and construction of streets, roads, highways, and bridges. Revenues consist primarily of the County's share of State highway users' taxes as supplemented by federal funds, vehicle code fines and charges for services provided to cities.

OTHER STREETS, HIGHWAYS, ROADS AND BRIDGES FUNDS

The Other Streets, Highways, Roads and Bridges Funds: Article 3-Bikeway, Off-Street Parking, Proposition C Local Return, Proposition C Local Return Capital Reserve, Special Road Districts, Construction Fee Districts, Transit Operations, Paratransit Operations, Measure M and Measure R Local Returns are used to account for transportation and road related services or functions. Revenues are derived from local sales tax revenue, parking meter receipts, Districts' share of the countywide tax levy, State and other intergovernmental revenues and service charges to parking lots.

STREET LIGHTING DISTRICTS FUNDS

The Street Lighting Districts Funds are used to account for the installation and maintenance of street lighting systems. Revenues are derived primarily from the countywide tax levy and benefit assessments.

GARBAGE DISPOSAL DISTRICTS FUNDS

The Garbage Disposal Districts Funds are used to account for the provisions of the Health and Safety Code to provide garbage and refuse collection and disposal services within the boundaries of each District. Revenues are mostly from charges for services and property taxes.

SEWER MAINTENANCE DISTRICTS FUNDS

The Sewer Maintenance Districts Funds are used to account for the Health and Safety Code for the administration, maintenance, operation and repair of sanitary sewers, appurtenances, pumping plants, sewer treatment plants and related services. These Districts are financed through sewer service charges.

HEALTH SERVICES MEASURE B FUND

The Health Services Measure B Fund is used to account for a countywide system of Trauma Centers and Emergency Medical Services, for bioterrorism preparedness and response, and for related administrative costs. Revenues are derived primarily from a voter-approved special tax.

COUNTY OF LOS ANGELES  
NONMAJOR GOVERNMENTAL FUNDS  
NONMAJOR SPECIAL REVENUE FUNDS

HEALTH AND SANITATION FUNDS

The Health and Sanitation Funds: Hospital Services, Physician Services, Statham Alcohol, Alcohol and Drug Problem, Proposition 36, Driving Under the Influence, AIDS Education, Air Quality Improvement, Bicycle Safety Helmet, Hazardous Waste Enforcement, Mission Canyon Closure, Solid Waste Management Funds, Cancer Patient Welfare, SoCal Gas Settlement, and EMS Vehicle Replacement are used to account for the cost of emergency services for the indigent, County alcoholism programs and services, AIDS education, air quality improvements, bicycle safety, hazardous waste enforcement, solid waste management, cancer patient services, lead paint abatement, a health study on the long-term effects of exposure to natural gas, and replacement of vehicles. Revenues are from patient collections, court fines, State-assessed vehicle fees, penalties assessed for hazardous waste violations, sanitation services, and legal settlement funds. The Lead Paint Settlement fund provides for residential lead paint hazard remediation and mitigation services throughout the County to prevent lead poisoning of children. Revenues are from legal settlement funds. The Opioid Settlement fund provides for opioid remediation activities and revenues are from legal settlement funds.

SAFE, CLEAN WATER PROGRAM MEASURE W FUNDS

The Safe, Clean Water Program Measure W Funds are used to account for programs and projects to increase stormwater and urban runoff capture and reduce stormwater and urban runoff pollution, including projects and programs providing a water supply benefit, water quality benefit, and community investment benefit. Revenues are derived primarily from a voter-approved special tax.

OTHER PUBLIC PROTECTION FUNDS

The Other Public Protection Funds: Jail Store, Inmate Welfare, Narcotic Enforcement, Vehicle Theft Prevention, Countywide Warrant System, Sheriff's Processing Fees, Training and Automation, Automated Fingerprint Identification System, DNA Identification Fund, District Attorney Asset Forfeiture, Fire Department Developer Fees, Forest Mitigation, Information Systems Advisory Body, Drug Abuse Gang Diversion, Jury Operations Improvement, Dependency Court Facilities, Small Claims Advisor Program, and Fire Department Helicopter and Vehicle Accumulative Capital Outlay are used to account for certain services and supplies to inmates, to supplement the cost of various law enforcement, prosecutorial investigation, fire protection activities, and to finance vehicle and helicopter replacement, facilities improvement, equipment maintenance and automated systems. Child Seat Restraint Loaner is used to account for the operation of a child restraint low-cost purchase and loan program. Fish and Game is used to account for the preservation and propagation of fish and wildlife. Revenues are derived from sale of minor supplies, fines related to controlled substance convictions, benefit assessments, forfeiture of assets used in connection with transportation or possession of a controlled substance, court fines and revenues, and local fish and game fines. Probation Community Corrections Performance Incentives fund is used to account for the improvement of public safety outcomes at the community level utilizing evidence-based services geared towards maintaining offenders within the community. Revenues are derived principally from State revenues. Probation Juvenile Justice Crime Prevention Act Fund is used to account for programs and services for community-level prevention, intervention, supervision, and treatment strategies that target high-risk neighborhoods serving probationers and at-risk youth through the collaborative efforts of

COUNTY OF LOS ANGELES  
NONMAJOR GOVERNMENTAL FUNDS  
NONMAJOR SPECIAL REVENUE FUNDS

governmental agencies and community-based organizations. Revenues are derived principally from State revenues. Probation Juvenile Justice Realignment Block Grant Fund is used to account for programs and services for the custody, treatment, and supervision of youth. The Consumer Protection Settlement Fund is used to account for the County's consumer protection, enforcement, and education programs. Revenues are derived from settlements from businesses that engage in unfair businesses practices. The Sativa Water System Fund is used to account for the operation and maintenance of the former Sativa Water District's accounting and budgetary activities. Revenues are derived from charges for services and contributions from the County.

PUBLIC ASSISTANCE FUNDS

The Public Assistance Funds: Child Abuse/Neglect Prevention Program, Alternate Dispute Resolution Program, Alcohol and Drug Abuse Education Program, Domestic Violence Program, and Linkages Support Program are used to account for a variety of public assistance services. The programs are financed from special fees collected for birth certificates, marriage licenses, confidential marriage certificates, court fines for driving under the influence of alcohol or drugs, and disabled parking violation assessments.

HOMELESS AND HOUSING MEASURE H FUND

The Homeless and Housing Measure H Fund is used to account for providing homeless prevention programming for families and individuals; expanding rapid re-housing; developing interim/bridge housing for those exiting institutions; increasing employment opportunities for homeless adults via social and/or subsidized employment; expanding the Jail In Reach Program; providing services and rental subsidies for permanent supportive housing; implementing a coordinated countywide outreach and engagement system; establishing a decriminalization policy and first responders training to effectively address homeless encampments and unsheltered homeless individuals; enhancing the emergency shelter system; preserving and promoting the development of affordable housing for homeless families and individuals; and implementing other strategies and efforts that seek to coordinate a seamless homeless services system to better combat homelessness among single adults, families, and youth. Revenues are derived primarily from a voter-approved local sales tax.

RECREATION FUNDS

The Recreation Funds: Golf Course, Park Improvement, Recreation and Development, Tesoro Adobe Park, San Gabriel Canyon, and Ford Theatres are used to account for the maintenance and improvements to County parks and golf courses, public recreation areas, and Ford Theatres. Civic Art Special fund and Public Art in Private Development fund are used to account for civic art projects. The Off-Highway Vehicle fund is used to account for the development, construction, operation, and maintenance of off-highway vehicle recreation facilities. Revenues are derived from a percentage of golf course green fees, vehicle entrance fees collected from the regional parks, and percentage of the design and construction costs.

COUNTY OF LOS ANGELES  
NONMAJOR GOVERNMENTAL FUNDS  
NONMAJOR SPECIAL REVENUE FUNDS

COURTHOUSE TEMPORARY CONSTRUCTION FUND

The Courthouse Temporary Construction Fund is used to temporarily account for monies ultimately to be used for various courthouse construction projects. Revenues are derived principally from surcharges included in fines for criminal convictions.

CRIMINAL JUSTICE TEMPORARY CONSTRUCTION FUND

The Criminal Justice Temporary Construction Fund is used to temporarily account for monies ultimately to be used for the improvement of criminal justice facilities and automated information systems. Revenues are derived principally from surcharges on criminal fines.

REGISTRAR-RECORDER IMPROVEMENT FUNDS

The Registrar-Recorder Improvement Funds: Modernization and Improvement, Micrographics, Social Security Truncation, Vitals and Health Statistics, Restrictive Covenant Modification Program, and Multi-County e-Recording Project funds are used to account for the improvement of Registrar-Recorder automated information systems. Revenues are derived principally from recording and filing fees.

OTHER SPECIAL REVENUE FUNDS

The Other Special Revenue Funds: Information Technology Infrastructure and the Accumulative Capital Outlay (ACO) are used to account for the replacement of motor vehicles, printing, information technology, and communications equipment. Asset Development Implementation fund is used to account for short to intermediate financing for County asset development activities. Productivity Investment is used to account for the start-up and incidental costs associated with productivity improvement projects. The Cable TV Franchise fund is used to account for cable-related activities. Civic Center Employee parking is used to account for providing parking services and alternative means of transportation for County employees. County Library Developer Fees are used to account for the acquisition of land, construct library facilities, and purchase equipment and library materials. Various funds are used to account for resources that are legally restricted and the principal and earnings may be used for purposes that support general government and education.

COUNTY OF LOS ANGELES  
NONMAJOR GOVERNMENTAL FUNDS  
NONMAJOR DEBT SERVICE FUNDS

The nonmajor Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Public Buildings Funds

The Los Angeles County Public Works Financing Authority, Los Angeles County Regional Financing Authority, and Public Buildings Funds receive their funds primarily from long-term debt proceeds and the General Fund in the form of operating transfers.

Lease Revenue Refunding Bonds, Series 2022  
Lease Revenue Obligation Notes

Los Angeles County Securitization Corporation Fund

The Los Angeles County Securitization Corporation receives funding primarily from the collection of the County's future tobacco settlement payments and from long-term debt proceeds secured by the County's Tobacco Assets.

COUNTY OF LOS ANGELES  
NONMAJOR GOVERNMENTAL FUNDS  
NONMAJOR CAPITAL PROJECTS FUNDS

The nonmajor Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Accumulative Capital Outlay Funds

Accumulative Capital Outlay Funds are used to account for specific capital projects in accordance with Government Code Section 53731.

Improvement District Fund

Improvement District Fund is used to account for the projects financed by contributions from property owners.

Public Buildings Funds

Public Buildings Funds are used to account for capital projects financed by bonds, lease revenue obligation notes, and operating transfers.

Gap Loan Fund

Gap Loan Fund is used to account for the County's proceeds from sale of "Gap Loan" receivables that are restricted for capital spending purposes.

COUNTY OF LOS ANGELES  
NONMAJOR GOVERNMENTAL FUNDS  
NONMAJOR PERMANENT FUNDS

Nonmajor Permanent Funds are used to account for and report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support various County programs.

# INTERNAL SERVICE FUNDS

COUNTY OF LOS ANGELES  
INTERNAL SERVICE FUNDS

The Internal Service Funds are used to account for the financing of sources provided by a department or agency to other departments or agencies on a cost-reimbursement basis.

PUBLIC WORKS FUND

The Public Works Fund is used to account for the cost of services provided by the Department of Public Works to the Road Fund, Flood Control District, County Engineer, and various other special districts and agencies. Costs are recovered through billings for services.

EQUIPMENT ACQUISITION FUND

The Equipment Acquisition Fund is used to account for the operations of the Los Angeles County Capital Asset Leasing Corporation. County departments are charged for equipment items acquired on their behalf. The charges represent recovery of equipment depreciation expense and bond interest expense.

# FIDUCIARY FUNDS

COUNTY OF LOS ANGELES  
FIDUCIARY FUNDS

The Fiduciary Funds are used to account for resources held for the benefit of parties outside of the government.

PENSION AND OTHER POSTEMPLOYMENT BENEFIT TRUST FUNDS

PENSION TRUST FUND

The Pension Trust Fund is used to account for the fiduciary activities of the County's Pension Plan administered by LACERA.

OPEB TRUST FUND

The OPEB Trust Fund is used to account for the fiduciary activities of the OPEB trust for the purpose of holding and investing assets to pre-fund the Retiree Healthcare Program administered by LACERA.

CUSTODIAL FUNDS

EXTERNAL INVESTMENT POOLS FUNDS

EXTERNAL INVESTMENT POOL FUND

The External Investment Pool Fund is used to account for the fiduciary activities from the external portion of the investment pool for participants who do not have a trust agreement or equivalent arrangement with the County. The participants primarily consist of deposits held on behalf of School Districts, Courts, and Sanitation Districts.

EXTERNAL SPECIFIC INVESTMENT POOL FUND

The External Specific Investment Pool Fund is used to account for the fiduciary activities from the external portion of the individual investment accounts, in aggregate, for participants who do not have a trust agreement or equivalent arrangement with the County. The related investment activity occurs separately from the County's investment pool and is provided as a service to external investors.

OTHER CUSTODIAL FUNDS

PROPERTY TAX FUNDS

This group of funds is used to account for the fiduciary activities for the monies received from property and other taxes, which must be held pending authority for distribution to the appropriate recipients.

OTHER CUSTODIAL FUNDS

This group of funds is used to account for the fiduciary activities which are held for other governmental agencies or individuals in a custodial capacity.

## STATISTICAL SECTION

The information in this section is not covered by the Independent Auditor's Report, but is presented as supplemental data for the benefit of the readers of the annual comprehensive financial report. The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to better understand and assess the County's overall financial health.

CONTENTS	PAGE
FINANCIAL TRENDS .....	229
These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	
REVENUE CAPACITY .....	236
These schedules contain trend information to help the reader assess the County's most significant local revenue source, the property tax.	
DEBT CAPACITY .....	240
These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	
DEMOGRAPHIC AND ECONOMIC INFORMATION .....	246
The schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	
OPERATING INFORMATION.....	248
These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

**Notes:**

- (1) Due to the 1978 passage of the property tax initiative Proposition 13 (Prop 13), the County does not track the estimated actual value of all County properties. Under Prop 13, property is assessed at the 1978 market value with an annual increase limited to the lesser of 2% or the CPI on property not involved in a change of ownership or properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel. As a result, similar properties can have substantially different assessed values based on the date of purchase. Additionally, Prop 13 limits the property tax rate to 1% of assessed value plus the rate necessary to fund local voter-approved bonds and special assessments.
- (2) Secured property is generally real property, as defined as land, mines, minerals, timber, and improvements such as buildings, structures, crops, trees, and vines.
- (3) Unsecured property is generally personal property including machinery, equipment, office tools, and supplies.
- (4) Unitary properties are railroads, utilities, and pipelines crossing the County and are assessed by the State Board of Equalization and the County Assessor.
- (5) Exempt properties include numerous full and partial exclusions/exemptions provided by the State Constitution and the legislature that relieve certain taxpayers from the burden of paying property taxes.

**Notes:**

- (1) The tax rate for Tax Rate Area #4, which applies to most property within the City of Los Angeles, is used to illustrate the breakdown of a tax rate within the County.
- (2) The County is divided into 13,016 tax rate areas which are unique combinations of various jurisdictions servicing a specific geographic area.
- (3) An exception to the 1% limit was provided by Proposition 46 which was approved in June 1986 re-establishing authority of local governments to issue general obligation bonds for certain purposes.
- (4) Article XIII A (Proposition 13) limits the maximum ad valorem tax rate to 1% of "full cash value" except for indebtedness approved by the voters prior to July 1, 1978. All other rates are calculated per \$100 of assessed value.

Notes:

- (1) The unamortized loss on advance debt refund, which was previously reported under bonds payable, is now reported as deferred outflows of resources due to the implementation of GASB 65 in FY 2013-2014.
- (2) The County adopted GASB 87 in FY 2021-2022 and GASB 96 in FY 2022-2023; and prior year amounts were not restated.
- (3) Details regarding the County's outstanding debt can be found in the notes to the financial statements.
- (4) See the "Demographic and Economic Statistics" table for personal income and population.

**Notes:**

- (1) Indicators are not available for the Public Ways and Facilities function.
- (2) The average length of stay that the inmates spent in jail in FY 2022-2023 has decreased to 80.3 days as compared to an average of 104.3 days in FY 2021-2022.
- (3) Represents number of offenses per 10,000 residents and refers to most serious crimes.
- (4) FY 2022-2023 figure reflects 13 camps that are temporarily closed.
- (5) In FY 2016-2017, DHS completed its transition to utilize data from its new electronic health record system. The new system is called Online Real-Time Centralized Health Information Database (ORCHID) that can address the challenges posed by the Affordable Care Act (ACA) implemented on January 1, 2014.
- (6) Data includes fee-for-service outpatient clients and costs. FY 2014-2015 have lag times of data due to implementation of Integrated Behavioral Health Information System on October 16, 2015. FY 2016-2017 reflects a decline in statistics due to change in methodology and data refers only to children 11-15 years of age. For FY 2015-2016 and prior years, the data refers to children 0-15 years of age.
- (7) CalWorks is California's program to administer the Federal Temporary Assistance for Needy Families block grant that provides temporary financial support and supportive services to eligible adults with children to enable them to transition from welfare to work and to achieve economic self-sufficiency.
- (8) In FY 2021-2022, Workforce Development, Aging and Community Services Department (WDACS) has been replaced with Aging and Disabilities Department and Economic Opportunity Department, with Aging and Disabilities Department providing service to vulnerable adults.
- (9) Beginning in FY 2014-2015, data went down due to weeding process. In FY 2019-2022, data continued to decline due to temporary business/facility closure and restrictions caused by the COVID-19 pandemic. In FY 2021-2022 and thereafter, data included eBooks and eAudio.
- (10) FY 2019-2022 data went down due to temporary business/facility closure and restrictions caused by the COVID-19 pandemic.
- (11) FYs 2019-2021 data went down due to temporary business/facility closure caused by the COVID-19 pandemic.
- (12) Starting in FY 2017-2018 information includes the reporting attendance of local community parks. Passive activities include walking, jogging, running, leisure, and picnic activities. FYs 2019-2021 data went down due to temporary business/facility closure caused by the COVID-19 pandemic. FY 2021-2022 data continued to be impacted by the pandemic.

\* Figures have been revised from previous publications.

\*\* FY 2022-2023 data is an estimate.
